**INFORMATION REQUIRED IN INFORMATION STATEMENT**

**A. GENERAL INFORMATION**

**Item 1. Date, time and place of meeting of security holders.**

The Annual General Meeting of the Stockholders of Alliance Select Foods International, Inc. (the “**Company**”), a corporation organized and existing under the laws of the Philippines with address at Suite 3104 A West Tower, Philippine Stock Exchange Centre, Exchange Road, Ortigas Center, Pasig City, Metro Manila, will be held on **19 June 2026** at **2:00 p.m.** (the “**Annual General Meeting**” or the “**Meeting**”). The meeting will be presided at the Company’s address via Zoom Teleconferencing only.

The Agenda of the Meeting, as indicated in the accompanying Notice of Annual General Meeting, is as follows:

1. Call to order;
2. Proof of the required notice of the meeting;
3. Certification of quorum;
4. Approval of the Minutes of the 2025 Annual General Meeting of Stockholders held on 17 June 2025;
5. Presentation of the Annual Report and the Audited Financial Statements for the Year Ended 31 December 2025 and Action Thereon;
6. Ratification and approval of the acts of the Board of Directors and Executive Officers for the corporate year 2025-2026;
7. Appointment of Independent External Auditors;
8. Election of Directors, including Independent Directors;
9. Other Matters;
10. Adjournment

For purposes of the Meeting, only stockholders of record at the close of business on 28 April 2026 are entitled to notice of, and to vote at, this year’s Meeting. The Definitive Information Statement and Management Report, and the Minutes of the Annual General Stockholders’ Meeting of the Company held on 17 June 2025 may be accessed at the Company’s website: <https://allianceselectfoods.com/>.

**Shareholders may only participate via remote communication.** To register, certificated stockholders who will attend the Meeting should send a scanned copy of one (1) valid government identification card (ID) to [ASM@allianceselectfoods.com](mailto:ASM@allianceselectfoods.com) (the “**Dedicated Email Address**”). Indirect shareholders should send scanned copies of their broker’s certification and one (1) valid ID to the same Dedicated Email Address. Deadline for registration is on 10 June 2026 at 5:00 p.m.

Once the Company successfully verifies the stockholder’s status, the Company will reply to each stockholder with an online ballot for voting purposes, and a link through which the Meeting may be accessed. Questions relating to the Meeting materials may also be sent to the said Dedicated Email Address on or before 10 June 2025 at 5:00 p.m. Due to time

considerations, questions that will not be addressed at the Meeting will be responded to via email.

Clarificatory questions regarding attendance via remote communication may be sent via email to [ASM@allianceselectfoods.com](mailto:ASM@allianceselectfoods.com).

Stockholders may also be represented and vote at the meeting by submitting a proxy by email to the same Dedicated Email Address, or by sending a physical copy to the Office of the Corporate Secretary at the Company's principal address at 3104 A West Tower, Philippine Stock Exchange Centre, Exchange Road, Ortigas Center, Pasig City, Metro Manila. The deadline for submission of proxies is on 2 June 2026.

Proxies will be validated and tabulated by a special committee composed of the Company's stock transfer agent, Stock Transfer Service Inc. with address at 34th Floor, Rufino Plaza, Ayala Avenue, Makati City ("**STSI**"), the Corporate Secretary, and the Compliance Officer, and will be voted as indicated by the shareholder in the proxy and applicable rules. The tabulation of votes shall be done by the special committee and may be further reviewed by the Company's independent external auditor, Reyes Tacandong & Co. ("**RT**"), if necessary.

Voting procedures are contained in Item 19 of this Information Statement and will be stated at the start of the Meeting. Cumulative voting is allowed; please refer to Item 4, and Item 19 for an explanation of cumulative voting.

Copies of pertinent corporate documents are available on the Company's website. Upon written request of a shareholder, the Company shall furnish such shareholder with a copy of the said SEC Forms 17-A and 17-Q (once available), as filed with the SEC, free of charge. The contact details for obtaining such copies are on Page 31 of this Information Statement.

Further information regarding specific agenda items, where appropriate, are contained in various sections of this Information Statement. This Information Statement constitutes notice of the resolutions to be adopted at the Meeting.

This Information Statement and Proxy Form will be made available to security holders on or before 28 May 2026.

## **Item 2. Dissenters' Right of Appraisal**

There are no corporate matters or action to be taken during the Meeting on 19 June 2026 meeting that will entitle a stockholder to a Right of Appraisal as provided in the Revised Corporation Code of the Philippines (Republic Act No. 11232).

For the information of stockholders, any stockholder of the Company shall have a right to dissent and demand payment of the fair value of his shares in the following instances, as provided in Section 80 of the Revised Corporation Code of the Philippines:

1. In case of an amendment to the articles of incorporation has the effect of changing or restricting the rights of any stockholder or class of shares, or of authorizing preferences in any respect superior to those of outstanding

shares of any class, or of extending or shortening the term of corporate existence;

2. In case of sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets as provided in this Code;
3. In case of merger or consolidation; and
4. In case of investment of corporate funds for any purpose other than the primary purpose of the corporation.

Section 81 of the Revised Corporation Code of the Philippines provides that the appraisal right may be exercised by any stockholder who shall have voted against the proposed corporate action, by making a written demand on the corporation within thirty (30) days after the date on which the vote was taken, for payment of the fair value of his shares: provided, that failure to make the demand within such period shall be deemed a waiver of the appraisal right. A stockholder must have voted against the proposed corporate action in order to avail himself of the appraisal right. If the proposed corporate action is implemented or effected, the corporation shall pay to such stockholder, upon surrender of his certificate(s) of stock representing his shares, the fair value thereof as of the day prior to the date on which the vote was taken, excluding any appreciation or depreciation in anticipation of such corporate action.

If within a period of sixty (60) days from the date the corporate action was approved by the stockholders, the withdrawing stockholder and the corporation cannot agree on the fair value of the shares, it shall be determined and appraised by three (3) disinterested persons, one of whom shall be named by the stockholder, another by the corporation and the third by the two thus chosen. The findings of the majority of appraisers shall be final, and their award shall be paid by the corporation within thirty (30) days after such award is made; provided, that no payment shall be made to any dissenting stockholder unless the corporation has unrestricted retained earnings in its books to cover such payment; and provided, further, that upon payment by the corporation of the agreed or awarded price, the stockholder shall forthwith transfer his shares to the corporation.

### **Item 3. Interest of Certain Persons in or Opposition to Matters to be Acted Upon**

No director, nominee for election as director, associate of the nominee, or executive officer of the Company at any time since the beginning of the last fiscal year, has any substantial interest, direct or indirect, by security holdings or otherwise, in any of the matters to be acted upon in the Meeting, other than election to office.

At the time of the filing of this Information Statement, the Company has not been informed by any incumbent director in writing of an intention to oppose any action to be taken at the Meeting.

## **B. CONTROL AND COMPENSATION INFORMATION**

### **Item 4. Voting Securities and Principal Holders Thereof**

## **Independent Directors**

As provided in Article III, Section 1-A (b) of the Corporation's By-Laws, the procedure for the nomination of independent directors shall be as follows:

1. The Nomination Committee (the "**Committee**") shall have at least three (3) members, one of which is an independent director. It shall promulgate the guidelines or criteria to govern the conduct of the nomination. The same shall be properly disclosed in the company's information or proxy statement or such other reports required to be submitted to the Securities and Exchange Commission. (As amended on October 26, 2006)

2. Nomination of independent director/s shall be conducted by the Committee prior to a stockholders' meeting. All recommendations shall be signed by the nominating stockholders together with the acceptance and conformity by the would-be nominees. (As amended on October 26, 2006)

3. The Committee shall pre-screen the qualifications and prepare a final list of all candidates and put in place screening policies and parameters to enable it to effectively review the qualifications of the nominees for independent director/s. (As amended on October 26, 2006)

4. After the nomination, the Committee shall prepare a Final List of Candidates which shall contain all the information about all the nominees for independent directors, as required under Part IV (A) and (C) of Annex "C" of Securities Regulation Code (SC), Rule 12, which list shall be made available to SEC and to all stockholders through the filing and distribution of the Information Statement in accordance with SC Rule 20, or in such other reports the company is required to submit with SEC. The name of the person or group of persons who recommended the nomination of the independent director shall be identified in such report including any relationship with the nominee.

5. Only nominees whose names appear on the Final List of Candidates shall be eligible for election as Independent Director/s. No other nominations shall be entertained after the Final List of Candidates shall have been prepared. No further nomination shall be entertained or allowed on the floor during the actual annual stockholders' meeting.

Domingo C. Go, Fernando L. Gaspar, and Raymund A. Sanchez are the incumbent independent directors of the Company. They are neither officers nor employees of the Company or any of its affiliates, and do not have any relationship with the Company which would interfere with the exercise of their independent judgment in carrying out responsibilities of an independent director. The Corporate Governance Committee has determined that they possess all the qualifications and none of the disqualifications for holding the position of independent director. In approving the nominations for Independent Directors, the Corporate Governance Committee took into consideration the guidelines on the nominations of Independent Directors prescribed in SEC Memorandum Circular No. 16, Series of 2002.

### Term of Office

Pursuant to the Company By-Laws, the directors are elected at each annual stockholders' meeting by stockholders entitled to vote. Each director holds office until the next annual election and until his successor is duly elected unless he resigns, dies or is removed prior to such election.

In the Annual Meeting of the Stockholders, the stockholders will be electing the members of the Board of Directors for the year 2026 to 2027. Nomination shall be open for submission until 8 May 2026.

### **Significant Employees**

No single person is expected to make a significant contribution to the business since the Company considers the collective efforts of all its employees as instrumental to the overall success of the Company's performance.

### **Family Relationships**

Mr. Kyle David A. Dee, the incumbent Corporate Secretary, is the son of Mr. Gabriel A. Dee, a director and the vice-chairperson of the board of directors.

Other than the foregoing, there are no family relationships up to the fourth civil degree either by consanguinity or affinity among any of the directors, executive officers and persons nominated or chosen to become directors or executive officers.

### **Involvement in Certain Legal Proceedings**

None of the directors, nominees for election as a director, executive officers or control persons of the Company have been involved in any legal proceeding, including without limitation being the subject of any:

- a. bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within two (2) years prior to that time;
- b. conviction by final judgment, including the nature of the offense, in a criminal proceeding, domestic or foreign, or being subject to a pending criminal proceeding, domestic or foreign, excluding traffic violations and other minor offenses;
- c. order, judgment or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities commodities or banking activities; and
- d. order or judgment of a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign Exchange or other organized trading market or self-regulatory organization finding him/her to have violated a securities or commodities law or regulation, for the past

five (5) years up to date of this Preliminary Information Statement, that is material to the evaluation of ability or integrity to hold the relevant positions in the Company.

The pending and material legal proceedings involving the Company, and the directors, executive officers or control persons of the Company in their respective capacities as such, are as follows:

**1. Hedy S.C. Yap-Chua and Albert Hong Hin Kay v. George E. Sycip, Jonathan Y. Dee, Alvin Y. Dee, Ibarra A. Malonzo, and Avelino M. Sebastian, Jr.” Commercial Case No. 14-219, Regional Trial Court, Pasig City, Branch 161**

On May 9, 2014, Petitioners Albert Hong Hin Kay (“Hong”), and Ms. Hedy S.C. Yap Chua (“Chua”) filed a Petition for Declaration of Nullity of Board Resolutions and Inspection of Corporate Books and Records of even date (“Petition”) with the Regional Trial Court of Pasig (“RTC”), praying, among others, for the annulment of the sale of 430,286,226 of the Company’s shares to Strongoak, Inc., which was approved by the Board of Directors on May 5, 2014, and to allow the inspection of the Company’s corporate books and records.

Since Alliance Select Foods International, Inc., (the “Company”) was not impleaded in the said Petition, the Company sought to intervene in the RTC. The RTC denied the Company’s Motion for Leave to Intervene and to Admit Attached Answer in Intervention with Counterclaims (With Opposition to the Application for a Writ of Preliminary Injunction) dated June 13, 2014 (“Motion for Intervention”). On appeal, the Court of Appeals (“CA”) found for the Company’s intervention. The CA Decision dated 14 March 2016 was thus appealed to the Supreme Court (“SC”), which is pending.

In view of the pending appeal with the SC, upon motion of the Parties, the RTC issued an Order dated February 12, 2018, suspending the proceedings.

On January 17, 2025, the Company entered into a Compromise Agreement with, among others, Hong and Chua. Pursuant thereto, Hong and Chua filed their Manifestation and Motion to Partially Dismiss dated January 17, 2025, seeking to dismiss the case to the extent that certain reliefs that affect the Company. For its part, the Company filed its Manifestation and Motion for Leave to Withdraw dated January 17, 2025, seeking to withdraw its Motion for Intervention.

Thereafter, Hong, Chua and the Company jointly moved for the dismissal of the pending appeal with the SC in their Joint Motion to Dismiss dated January 20, 2025, which remains pending.

Meanwhile, the proceedings as to the other parties (Hong, Chua, and the other respondents) are held in abeyance following their indication that they are willing to explore the possibility of entering into a separate settlement agreement among them.

**2. Alliance Select Foods International, Inc., represented in this derivative suit by Harvest All Investment Limited, Victory Fund Limited, Bond East Private Limited, and Hedy S.C. Chua v. George E. SyCip, Jonathan Y. Dee, Alvin Y. Dee, Ibarra A. Malonzo,**

**Joanna Y. Dee-Laurel, Teresita Ladanga and Grace Dogillo, Commercial Case No. 14-220, Regional Trial Court of Pasig City, Branch 159**

On May 27, 2014, shareholders Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited, and Chua filed a derivative suit on behalf of the Company against former Directors Messrs. George E. SyCip, Jonathan Dee, Alvin Y. Dee and Ibarra Malonzo, and certain senior executives of the Company at that time. The derivative suit prayed, among others, for the appointment of an interim management committee, and to compel an accounting and return of Company funds allegedly diverted to corporations controlled by the family of respondents Jonathan and Alvin Dee. On February 3, 2015, the respondents filed a motion praying to declare the application of an interim management committee moot and academic in view of the change in the composition of the Board of Directors and management. The Complainants filed a Motion to Inhibit on February 28, 2015, which was granted by the Pasig RTC Branch 159 on January 5, 2016. The case was eventually re-raffled to RTC Pasig, Branch 154 on February 1, 2016.

George SyCip filed a Petition for Certiorari before the CA, alleging that the inhibition was improper. The CA granted said petition. Upon appeal to the SC, the SC affirmed the ruling of the CA in its Resolution, dated September 19, 2018 (S.C. G.R. No. 239426), which ruling became final and executory.

The case was remanded back to the RTC Pasig, Branch 159 for trial, pursuant to the Order of the Supreme Court directing the trial court to proceed with the hearing of the case.

In January 2025, the Company entered into a Compromise Agreement with shareholders Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited, and Chua. As part of the agreement, the Company and Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited, and Chua agreed to continue this derivative suit but subject to the extinguishment/withdrawal of certain claims and dismissal as against some specific individuals. Pursuant thereto, the Company, through the Complainants Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited, and Chua, filed a Manifestation and Motion for Partial Dismissal seeking the dismissal/withdrawal of the prayed relief for the immediate appointment of an interim management committee to take over and control the Company, among others, but maintaining the case against the original Respondents George SyCip, Jonathan Y. Dee, Alvin Y. Dee, Ibarra A. Malonzo, Joanna Y. Dee-Laurel, Teresita Ladanga and Grace Dogillo.

Respondents Jonathan Y. Dee, Alvin Y. Dee, Joanna Y. Dee-Laurel, Teresita Ladanga and Grace Dogillo filed an Omnibus Motion to be Furnished a Copy of the Settlement Agreement and for Time to File Comment/Opposition to the Complainants' Manifestation and Motion for Partial Dismissal. In response, Complainants filed their Opposition to the Omnibus Motion of the mentioned Respondents.

The Manifestation and Motion for Partial Dismissal, Omnibus Motion, and other preliminary motions remain pending with the RTC Pasig.

**3. Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited, Albert Hong Hin Kay and Hedy S.C. Yap Chua v. Alliance Select Foods International,**

**Inc., George E. SyCip, Jonathan Y. Dee, Raymond K.H, See, Marie Grace T. Vera-Cruz, Antonio C. Pacis, Erwin M. Elechicon and Barbara Anne C. Migallos, GR No. 270392 (CA-G.R. SP No. 165391), Supreme Court**

On August 5, 2015, Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited, Hong and Chua (“Harvest et al.”) filed a Complaint with application for the issuance of Writ of Preliminary Mandatory Injunction and Temporary Restraining Order/Writ of Preliminary Injunction (“Complaint”), with the RTC Pasig, against the Company, its then-Directors Messrs. George E. SyCip, Jonathan Y. Dee, Marie Grace T. Vera-Cruz, Erwin M. Elechicon, Raymond K.H, See and Antonio C. Pacis, and Corporate Secretary Barbara Anne C. Migallos, praying, among others, that the Company be restrained from carrying out its planned Stock Rights Offering (“SRO”), and that the Company be compelled to hold its Annual Stockholders’ Meeting prior to the SRO. The SRO would raise gross proceeds of P1,000,000,000.00 to be used for needed capital expenditures, repayment of loans, installation of a new management information system and working capital requirements of the Company.

On August 14, 2015, the RTC denied the prayer for a Temporary Restraining Order.

On August 24, 2015, the RTC also dismissed the Complaint for lack of jurisdiction over the subject matter, due to Harvest et al.’s failure to pay the correct filing fee, However, upon further appeal to the CA and later the SC, the SC remanded the case back to the RTC to assess the correct filing fees, and upon payment, to proceed with the regular proceedings of the case. The SC also denied motions for reconsideration of said Decision.

Upon remand to the RTC, since the SRO was completed on 28 October 2015, and the Annual Stockholders’ Meetings for the years 2015-2017 were conducted, the Company prayed for the dismissal of the case on the ground of mootness. In an Omnibus Order dated February 20, 2020, the RTC dismissed the case due to forum shopping and also for being moot and academic.

On appeal by Harvest et al., the CA affirmed the dismissal of the case. Harvest et al. appealed further to the SC and its Petition for Review on Certiorari dated December 21, 2023 is pending.

Pursuant to the Compromise Agreement between Harvest, et al. and the Company, Harvest et al. filed their Manifestation and Motion dated January 17, 2025, which prayed for the dismissal of their Petition. On the same day, the Company filed its Manifestation, which interposed no objection to such dismissal. The Manifestation and Motion and Manifestation remain pending before the SC.

**4. Hedy S.C. Yap-Chua, for herself and on behalf of Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited vs. Alliance Select Foods International, Inc., CA-G.R. SP No. 176939 (SEC En Banc Case No. 07-22-501), Court of Appeals**

Chua, for herself and on behalf of Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited (“Chua, et al.”) filed a Complaint dated November 2, 2020 (“Complaint”) with the Markets and Securities Regulation Department of the Securities and Exchange Commission (“SEC-MSRD”), questioning the lack of mandatory tender offer for the Company’s sale of 430,286,226 shares to Strongoak, Inc. through a private placement on May

5, 2014 (“2014 Private Placement”); and also when Strongoak, Inc. subscribed to additional shares in the Company during the SRO in 2015 (“2015 SRO”).

The Company filed its Answer dated June 10, 2021 raising the defenses of prescription; non-applicability of Mandatory Tender Offer Rule as the questioned transactions are covered by express exemptions under the Securities Regulation Code; that Chua, et al. were given the privilege to subscribe to additional shares; and that the said complaint is a deliberate act of forum shopping by Chua, et al. due to the filing of previous cases against the Company in judicial courts praying for the invalidation of the same share purchases and subscriptions of Strongoak, Inc.

The SEC-MSRD dismissed the Complaint in a Decision dated May 19, 2022 finding forum shopping and prescription of action. Complainants filed an Appeal Memorandum dated June 3, 2022 to assail the Decision of the SEC-MSRD with the SEC En Banc.

On December 15, 2022, the SEC En Banc reversed the decision of the SEC-MSRD and declared as void subscriptions, the Company shares acquired by Strongoak, Inc. under the 2014 Private Placement and 2015 SRO. These shares were ordered to be cancelled from the Stock and Transfer Book of the Company whereupon the shares would be considered unsubscribed and allocated for subscription by any person who intends to buy the same provided that he/she complies with all the legal requirements. Once the subscription is fully paid, the Company shall pay Strongoak the price it paid for the subscriptions that were nullified.

On January 20, 2023, the Company filed its Petition for Review with urgent application for a writ of preliminary injunction and/or temporary restraining order) (“CA Petition”) with the CA.

On January 17, 2025, the Company entered into a Compromise Agreement with, among others, Chua, et al. In view of the Compromise Agreement, Chua, et al. filed an Omnibus Motion dated January 17, 2025 (“Omnibus Motion”) with the SEC En Banc to withdraw their Complaint and recall the Writ of Execution, while the Company filed with the SEC En Banc its Manifestation, which interposed no objection to the Omnibus Motion. Thereafter, the Company and Chua, et al. jointly filed their Joint Manifestation with Motion to Suspend the Proceedings dated January 20, 2025 (“Motion to Suspend”) with the CA.

Notwithstanding the Motion to Suspend, the CA rendered its Decision dated February 20, 2025 (“CA Decision”) ruling in favor of the Company’s CA Petition, finding, among others, that under the Amended Implementing Rules and Regulations of the Securities Regulation Code, the 2014 Private Placement and the 2015 SRO are exempt from the rule on mandatory tender offer. Furthermore, the issue of prescription was found to be rendered moot and academic, as there was no cause of action to speak of. As of date, no appeal has been taken against the CA Decision, despite the SEC En Banc and Chua, et al. receiving the CA Decision on March 3 and 4, 2025, respectively.

### **Certain Relationships and Related Transactions**

The Company has had no transactions covered under Part IV (D)(1) of Annex "C" of SRC Rule 12 in the last two (2) years, or those involving the Company or any of its subsidiaries in which an incumbent director, executive officer or stockholder owning ten percent (10%) or more of

the total outstanding shares of the Company and members of their immediate family had or is to have a direct or indirect material interest.

Note 13 of the Notes to the Consolidated Financial Statements as of 31 December 2025 on the Company's related party transactions are incorporated by reference. The Company's related party transactions, as reported therein, are under terms that are no less favorable than those arranged with third parties, and are conducted on an arm's length basis.

### **Directors Disclosures on Self-Dealing and Related Party Transactions**

No transaction, without proper disclosure, was undertaken by the Corporation in which any director, executive officer, or any nominee for election as director was involved or had a direct or indirect material interest.

Directors, officers and employees of the Corporation are required to promptly disclose any business or family-related transactions with the Corporation to ensure that potential conflicts of interest are surfaced and brought to the attention of the management.

### **Appraisals and Performance Report for the Board**

The Board has established committees to assist in exercising its authority in monitoring the performance of the Corporation in accordance with its Revised Corporate Governance Manual, Code of Business Conduct and related SEC Circulars. The Corporate Governance Committee of the Corporation oversees the performance evaluation of the Board and its committees and management. More detailed discussion on appraisals and performance report for the Board, as well as corporate governance compliance of the Company, are found in the Management Report.

### Compensation of Directors

On 21 January 2016, the Company's Board of Directors adopted a policy, effective immediately, setting directors' per diems at P10,000 per attendance at Board meetings, and P5,000 per attendance at Committee meetings.

Under the amended By-Laws, as compensation, the Board shall receive and allocate an amount of not more than ten percent (10%) of the net income before income tax of the corporation during the preceding year. Such compensation shall be determined and apportioned among the directors in such manner as the Board may deem proper, subject to the approval of the shareholders representing at least a majority of the outstanding capital stock at a regular or special meeting of the shareholders.

At present, there are no arrangements for compensation for Directors. Directors, however, receive reasonable per diem allowances. Total per diem received by each director for 2025, is as follows:

Name	Total Compensation (per diem) for 2025 (PhP)
<b>Lorenzo Sixto T. Lichauco</b> <i>Chairman</i>	75,000.00

<b>Fernando L. Gaspar</b> <i>Independent Director</i>	262,500.00

### **Employment Contracts, Termination of Employment, Change-in-control arrangements**

Other than the usual employment contracts, there are no other existing employment contracts with executive officers. Furthermore, there are no special retirement plans for executives.

There is also no arrangement for compensation to be received from the Company in the event of a change in control of the Company.

### **Item 7. Independent Public Accountants**

#### **THE APPOINTMENT OF THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR 2026 WILL BE SUBMITTED TO THE SHAREHOLDERS FOR APPROVAL AND RATIFICATION AT THE MEETING.**

The Audit Committee has recommended, and the Board of Directors has approved, the re-appointment of the accounting firm of Reyes Tacandong & Co. ("**Reyes Tacandong**") as the Company's independent auditors. Reyes Tacandong was first appointed as the Company's independent auditors in 2015. Mr. Cedric M. Caterio is the partner-in-charge of Reyes Tacandong.

Representatives of Reyes Tacandong will be present at the Meeting, and will have an opportunity to make a statement, if they desire to do so; and to respond to appropriate questions from shareholders.

The Company has been advised that the Reyes Tacandong auditors assigned to render audit-related services have no shareholdings in the Company, or a right, whether legally enforceable or not, to nominate persons or to subscribe to the securities of the Company, consistent with the professional standards on independence set by the Board of Accountancy and the Professional Regulation Commission.

### **Audit and Audit-Related Fees**

The following table sets out the aggregate fees billed for professional services rendered by the Company's independent auditors for each of the last three (3) fiscal years:

<b>Audit and Audit-Related Fees</b>	<b>2025</b>	<b>2024</b>	<b>2023</b>
Regular Audit	₱1,550,000	₱1,550,000	₱1,500,000

<b>Total Audit and Audit-Related Fees</b>	₱1,705,000	₱1,705,000	₱1,650,000
---	------------	------------	------------

**Tax Fees**

There were no tax-related services rendered by the independent auditors other than the assistance rendered in the preparation of the income tax returns which formed part of the regular audit engagement.

**Changes in and Disagreements with Accountants on Accounting and Financial Disclosures**

As stated above, Reyes Tacandong was first appointed to be the Company's independent auditors for 2015. Reyes Tacandong succeeded Navarro Amper & Co. ("**Navarro Amper**"), who was the Company's independent auditors for 10 years prior to 2015. Other than that, there was no change in the Company's independent accountants during the three most recent calendar years or in any subsequent interim period.

There has been no disagreement with either Reyes Tacandong or Navarro Amper on accounting and financial disclosure.

**Item 8. Compensation Plans**

No action is to be taken by the shareholders at the Meeting with respect to any plan pursuant to which cash or non-cash compensation may be paid or distributed.

**C. ISSUANCE AND EXCHANGE OF SECURITIES**

**Item 9. Authorization or Issuance of Securities Other than for Exchange**

No action is to be taken at the Meeting with respect to the authorization or issuance of securities other than for Exchange.

**Item 10. Modification or Exchange of Securities**

No action is to be taken at the Meeting with respect to the modification of any class of securities of the Company, or the issuance or authorization for issuance of one class of securities of the Company in exchange for outstanding securities of another class.

**Item 11. Financial and Other Information**

As stated above, no action is to be taken at the Meeting with respect to financial and other information.

#### **Item 12. Mergers, Consolidations, Acquisitions and Similar Matters**

No action is to be taken at the Meeting with respect to any transaction involving the following:

- a) the merger or consolidation of the Company into or with any other person or of any other person into or with the Company;
- b) the acquisition by the Company or any of its security holders of securities of another person;
- c) the acquisition by the Company of any other going business or of the assets thereof;
- d) the sale or other transfer of all or any substantial part of the assets of the Company;  
or
- e) the liquidation or dissolution of the registrant.

#### **Item 13. Acquisition or Disposition of Property**

No action is to be taken at the Meeting with respect to the acquisition or disposition of any property.

#### **Item 14. Restatement of Accounts**

No action is to be taken at the Meeting with respect to the restatement of any asset, capital, or surplus account of the Company.

### **D. OTHER MATTERS**

#### **Item 15. Action with Respect to Reports**

##### **1. Minutes of the previous Annual Stockholders' Meeting**

**ACTION IS TO BE TAKEN ON THE READING AND APPROVAL OF THE MINUTES OF THE 17 JUNE 2025 ANNUAL STOCKHOLDERS' MEETING.**

The Minutes of the 2025 Annual Stockholders' Meeting held on 17 June 2025 are posted on the Company's website (<https://allianceselectfoods.com/corporate-governance/sec-filings/>), and also available for inspection by stockholders at the principal office of the Company.

**ALLIANCE SELECT FOODS INTERNATIONAL, INC.****MANAGEMENT REPORT****I. Consolidated Audited Financial Statements**

The consolidated financial statements of Alliance Select Foods International, Inc. (“ASFII” or the “Company”) and its subsidiaries for the period ended December 31, 2025 in compliance with SRC Rule 68, as amended, are attached to the Information Statement and are incorporated by reference. Copies of the said financial statements are also uploaded on the Company’s website (<http://allianceselectfoods.com/>).

**II. Disagreements with Accountants on Accounting and Financial Disclosure**

Reyes Tacandong & Co. was appointed as the external auditor of the Company for the year 2025. There were no disagreements with the Company’s independent external auditors, Reyes Tacandong & Co., regarding the financial statements of the Company for the year 2025.

**III. The Company****BACKGROUND**

Alliance Select Foods International, Inc. is a publicly-listed corporation under Section 17.2 of the Securities Regulation Code (SRC). ASFII was registered with the Philippine Securities and Exchange Commission (SEC) on September 1, 2003 as Alliance Tuna International, Inc. It started commercial operations in 2004 to engage in tuna processing, canning, and the export of canned tuna products from General Santos City, Mindanao, Philippines. On November 8, 2006, the Company’s shares were listed on the Philippine Stock Exchange through an initial public offering. In July 2010, the Company was renamed as “Alliance Select Foods International, Inc.”

The Parent Company’s key business activity is the processing, canning, and exporting of tuna. It exports its products to Europe, North and South America, Asia, Africa, and the Middle East.

In May 2004, the Company set up a marketing representative office in Bangkok, Thailand, to tap the network of buyers and brokers who use Thailand as a base.

In September 2005, the Company acquired a 25% stake in FDCP, Inc., a can manufacturing company.

In May 2008, PT IAFI was established to acquire the assets of an Indonesian tuna cannery located in Bitung in the island of North Sulawesi. The Parent Company owns 99.98% of PT IAFI. A complete renovation of the factory and upgrade of capacity to 90 metric tons per day was undertaken. On October 18, 2019, PT IAFI changed its core business operations to export trading, and sold its fixed assets in North Sulawesi. PT IAFI is currently not in operation.

In May 2012, PT IAFI set up PT Van de Zee (PT VDZ), a fishing company in Indonesia with an initial stake of 80%. In 2014, a new law in Indonesia required that domestic

ownership in local entities be increased to at least 51%. Due to subsequent changes in Indonesian fishing regulations restricting foreign commercial fishing, PT VDZ went through a liquidation process. On August 12, 2024, the voluntary dissolution of PT VDZ was completed, and its registration was removed from the Indonesian Corporate Register based on the certification issued by the Indonesian Ministry of Law and Human Rights of the Republic of Indonesia.

As part of the Parent Company's product diversification strategy, it invested in a New Zealand based processor of smoked salmon in January 2009. The initial investment of a 39% stake in Prime Foods New Zealand (PFNZ) was later increased to 50% plus 1 share. PFNZ was engaged in the business of processing, manufacturing, and distributing smoked salmon and other seafood under the Prime Smoke and Studholme brand. On October 2015, the Parent Company divested its interest in PFNZ. In October 2009, the Parent Company and PFNZ established a joint-venture company called Big Glory Bay ("BGB") that imports salmon from New Zealand, Chile and Norway, among others, and processes it in General Santos City, Mindanao, Philippines. The smoked salmon products from BGB are sold locally and abroad. In October 2015, the Parent Company accepted PFNZ's BGB shares as partial payment for PFNZ's payment obligations to the Parent Company. This resulted in BGB becoming a 100% subsidiary of the Company.

On June 18, 2010, Alliance MHI Properties, Inc. (AMHI), a property holding company, was established. The Parent Company owned a 40% stake in the affiliate, while Mingjing Holdings Inc., (MHI), a Filipino company, owned the remaining 60% stake. On November 11, 2015, the AMHI Board approved ASFII's application for subscription of preferred shares arising from the increase in authorized capital stock of AMHI. AMHI's application for increase in capital stock was approved by the Securities and Exchange Commission on December 23, 2015. ASFII now owns 98.89% of AMHI. AMHI's registered address is at Purok Saydala, Barangay Tumbler, General Santos City.

In March 2018, the SEC approved the Amendment of Article Seventh of the Company's Articles of Incorporation to reduce the par value of common shares of the Company from One Peso (Php1.00) per share to Fifty Centavos (Php0.50) per share, and to decrease the authorized capital stock of the Company from Three Billion Pesos (Php3,000,000,000.00) divided into Three Billion (3,000,000,000) common shares with par value of One Peso (Php1.00) each to One Billion Five Hundred Million Pesos (Php1,500,000,000.00) divided into Three Billion (3,000,000,000) common shares with par value of Fifty Centavos (Php0.50) each.

## **PRODUCTS**

### **Tuna**

ASFII procures tuna from multiple sources and offers a diverse range of processed tuna products, including canned tuna, tuna in pouches, frozen tuna loins, and a premium line marketed under the Bay of Gold brand. The company serves institutional and retail sectors. Institutional cans and pouches are typically used in restaurants, hotels and commissaries. ASFII toll packs for wholesalers, distributors and other food companies under their own brands.

## **Salmon**

ASFII subsidiary BGB specializes in processing various salmon species into smoked or premium cut products for both retail and institutional customers. These products are chilled or frozen and vacuum packed in different cuts and weights. They are sold in retail stores under the Gold Standard and Superfish brands.

## **Fishmeal**

Fishmeal is a by-product of tuna and salmon processing operations. It is commonly used as an additive or primary ingredient in animal feeds. By manufacturing fishmeal, ASFII maximizes the use of fish processing waste, creating value and driving sustainability.

## **Fish Oil**

As part of the tuna recovery process, ASFII extracts precious fish oil from all parts of the pre-cooked tuna especially the head. Fish oil is highly packed with key nutrients needed for animal feed, but can be further refined for human consumption. ASFII currently produces approximately 24,500 kg of crude oil per month, supplying local agricultural businesses and food processors.

## **REVENUE BREAKDOWN**

The percentage contribution of the major product lines to the Group's revenues for the periods ended December 31, 2025, 2024 and 2023, are as follows:

<b>Product</b>	<b><i>December 31, 2025</i></b>	<b><i>December 31, 2024</i></b>	<b><i>December 31, 2023</i></b>
Tuna	93%	94%	94%
Fishmeal (Local)	6%	6%	6%
Salmon	1%	0%	0%
Total	100%	100%	100%

## **FISH SOURCING**

### **Tuna and Salmon**

ASFII is committed to responsible sourcing of its tuna and salmon products. The Company sources its tuna, including Skipjack and Yellowfin species in the Pacific Ocean.

The Company works with suppliers accredited by internationally recognized marine stewardship organizations, including the Marine Stewardship Council, Earth Island Institute, and Greenpeace, supporting its commitment to sustainable and responsible fishing practices.

Big Glory Bay (BGB) salmon products are responsibly sourced from sustainable salmon farms in Chile and Norway.

### **Key Fishing Areas – Tuna**

The Pacific Ocean continues to be the primary catching area for global tuna. According to the WCPFC 21st Regular Session reports (held in late 2024) and the 2024 Overview of Tuna Fisheries, the Western and Central Pacific Ocean (WCPO) tuna catch for the year 2023–2024 reached an estimated 3.06 million metric tons. This volume represents approximately 55% to 56% of the total global tuna catch, reinforcing the region's leadership in production. When combined with the Eastern Pacific Ocean (EPO), which accounts for roughly 13-15% of the global catch, the total Pacific Ocean contribution remains near 70%. The Indian Ocean remains the second-largest contributor at approximately 20-23%, with the Atlantic Ocean and Mediterranean Sea accounting for the remaining 10-12%.

### **Key Sourcing Area – Salmon**

All of the salmon sold by BGB are sourced from fish farms in Chile and Norway. This ensures a consistent supply of raw materials for the Company's production plans aimed at meeting the rising demand in the Philippines.

### **CUSTOMERS**

The Tuna Division has customers from over 60 countries. ASFII's adherence to global standards particularly for the European Union and Japan make it a preferred business partner for multiple companies.

Big Glory Bay salmon products are sold primarily for institutions and food service clients.

## **IV. Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following is a discussion and analysis of the Company's financial condition and results of operations and certain trends, risks, and uncertainties that may affect the Company's business. The discussion and analysis of the Company's results of operations is presented in four (4) comparative sections:

- a) the three (3) months ended March 31, 2026 with comparative figures for the period ended March 31, 2025;
- b) the year ended December 31, 2025 with comparative figures as of December 31, 2024;
- c) the year ended December 31, 2024 with comparative figures as of December 31, 2023;
- d) the year ended December 31, 2023 with comparative figures as of December 31, 2022; and
- e) disclosure relating to liquidity and financial condition and the trends, risks, and uncertainties that have had or that are expected to affect revenues and income, completes the management's discussion and analysis.

Further, the following discussion should be read in conjunction with the accompanying consolidated financial statements of Alliance Select Foods International, Inc., and its

Subsidiaries (the “Group”) which comprise the consolidated statements of financial position as of December 31, 2025, 2024 and 2023 and the related consolidated statements of comprehensive income, changes in equity and cash flows for the years ended and unaudited financial statements of the Group for the period ended March 31, 2026. The consolidated financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS). This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS) and Philippine Interpretation from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial and Sustainability Reporting Standards Council (formerly Financial Reporting Standards Council) and adopted by the SEC, including SEC pronouncements.

The consolidated financial statements are presented in United States Dollar, the currency of the primary economic environment in which the Group operates.

The Group’s consolidated net revenues for the first quarter 2026 decreased by 54% as compared to the same reporting period last year driven by January shutdown extension due to annual maintenance of machineries and equipment.

The Group's gross profit rate for the three months of 2026 is lower by 185% vs same period last year impacted by high plant operating costs.

General and administrative (G&A) expenses decreased by 2% while finance cost increased by 45% due to additional loan availments for working capital requirement.

Net income decreased due to higher production cost and higher interest expenses.

The Group's consolidated revenues of \$78.8 million in 2025 were 9% higher than the revenues of \$72.5 million in 2024. During the year, tuna-related products contributed the majority of total revenues, while the salmon business is less than 1%. The increase in revenues primarily due to ASFII parent increase in volume of its canned and loins products for export and better fish prices.

Despite favorable fish prices, the Group's gross profit margin declined to 7.6% in 2025 from 11.1% in 2024. This decrease was mainly attributable to an unfavorable product mix, higher production costs, and a decline in fresh fish purchases.

As a result, the Group recorded a net loss before tax of \$1.6 million in 2025, an improvement compared to the \$2.5 million net loss before tax in 2024.

The Group's consolidated revenues of \$72.5 million in 2024 were 28% higher than the revenues of \$56.5 million in 2023. During the year, tuna-related products contributed the majority of total revenues, while the salmon business contributed less than 1%. The increase in revenues was primarily due to the ASFII parent increase in volume of its canned and loins products for export, and better fish prices.

The Group's gross profit rate in 2024 is 11.1% coming from 8.5% in 2023. Gross Profit improved due to higher sales volume, better fish cost, improved plant utilization, and installation of new equipment that enhanced output and efficiency.

The Group incurred net loss before tax of \$2.5 million in 2024 as compared to last year's loss of \$339.5 thousand, mainly due to the completed liquidation of Indonesia affiliate PT Van De Zee which resulted in a \$2.4 million loss equivalent to the Parent

Company's non-controlling interest, provisions for impairment of excess input VAT amounting to \$633 thousand, inventory write-down of \$102.2 thousand and other current assets amounting to \$39.1 thousand.

The Group's consolidated revenues of \$56.5 million in 2023 were 63% higher than the revenues of \$34.6 million in 2022. During the year, tuna-related products contributed about 99.95% of total revenues, while the remaining 0.05% were contributed by salmon-related products. The increase in revenues was primarily due to the ASFII parent increase in volume of its canned and pouch products for export and fishmeal and oil.

The Group's gross profit remained at 9% in 2023 , the same rate as in 2022. Despite the higher cost of direct materials in Q1 to Q3 of 2023 the impact was mitigated by favorable fish cost in Q4 and lower Manufacturing Overhead resulted from higher plant utilization.

The Group incurred net loss before tax of \$0.34 million in 2023 and \$0.51 million better by 34% from last year.

### **Financial Condition, Liquidity, and Capital Resources**

#### **March 31, 2026 compared to December 31, 2025**

Cash balance decreased by 34% as a result of loan settlements.

Trade and other receivables decreased by 74% due to better collection of prior year's customer's outstanding balances.

Inventory increased by 37%, primarily due to strategic fish purchases, while other current assets rose on account of advance payments for raw materials.

Trade and other payables increased by 89%, primarily reflecting higher trade purchases and service-related costs.

## **Key Performance Indicators**

The company uses the following key performance indicators to assess the Company's financial performance from period to period:

<b>Liquidity and Solvency</b>	<b>March 31, 2026</b>	<b>December 31, 2025</b>
Current ratio	0.93	0.98
Debt to equity ratio	6.10	4.41

For the Three Months Ended March 31

<b>Profitability</b>	<b>2026</b>	<b>2025</b>
Revenue growth rate	(54%)	(8%)
Net profit margin	(29%)	1%
Return on average stockholders' equity	(22%)	1%

<b>Key performance indicator</b>	<b>Years ended December 31</b>	
	<b>2025</b>	<b>2024</b>
Revenue growth rate	9%	28%
Net profit margin	(2%)	(4%)
Current ratio	0.98	1.03
Debt to equity ratio	4.41	2.71
Return on average stockholders' equity	(14%)	(22%)

The following defines each ratio:

- The revenue growth rate is the Group's increase in revenue for a given period. This growth rate is computed from the current revenue less revenue of the previous year, divided by the revenue of the previous year. The result is expressed in percentage.
- The net profit margin is the ratio of the Group's net income attributable to equity holders of the parent versus its net revenue for a given period. This is computed by dividing net income after tax by net revenue. The result is expressed in percentage.
- The total liabilities to equity ratio are used to measure debt exposure. It shows the relative proportions of all creditors' claims versus ownership claims. This is computed by dividing total liabilities by total stockholders' equity. The result is expressed in proportion.
- The return on average stockholders' equity ratio is the ratio of the Group's net income attributable to equity holders of the parent to the stockholders' equity. This measures the management's ability to generate returns on investments. This is computed by dividing net income attributable to equity holders of the parent by the average stockholders' equity. The result is expressed in percentage.

**X. Dividends**

The Company is authorized to declare and distribute dividends to the extent it has unrestricted retained earnings. Unrestricted retained earnings represent the undistributed profits of a corporation that have not been earmarked for any corporate purposes. A corporation may pay dividends in cash, by distribution of property, or by issuance of shares. Dividends declared in the form of cash or additional shares are subject to approval by the Company’s Board of Directors.

In addition to Board approval, dividends declared in the form of additional shares are also subject to the approval of the Company’s shareholders representing at least two-thirds (2/3) of the outstanding capital stock. Holders of outstanding common shares as of a dividend record date will be entitled to full dividends declared without regard to any subsequent transfer of such shares. SEC approval is required before any property or stock dividends can be distributed. While there is no need for SEC approval for distribution of cash dividends, the declaration of cash dividends must be immediately disclosed to the SEC and the PSE in accordance with the SRC Rule 17.

The Company has not adopted a specific dividend policy. Nevertheless, the Company has declared dividends for the years 2007, 2008, 2009, and 2011.

The Company has not declared dividends for the past three (3) most recent fiscal years.

In the future, the Company intends to continue to pay dividends out of its unrestricted retained earnings. The ability to pay dividends, and the amount of such, however, shall depend on the Company's retained earnings, cash flow requirements, financial condition, capital expenditures, and investment requirements during the relevant period.

**XI. Recent Sales of Unregistered or Exempt Securities, including Recent Issuances of Securities Constituting an Exempt Transaction**

There are no recent sales of unregistered or exempt securities, including recent issuances of securities constituting an exempt transaction.

**XII. Corporate Governance**

The Company believes that corporate governance is a necessary component of what constitutes sound strategic business management, and therefore undertakes all efforts necessary to create awareness within the organization.

The Company's corporate governance principles and practices are principally embodied in the Company's Articles of Incorporation, By-Laws and its amendments, and Manual on Corporate Governance. The Company complies with the Revised Code of Corporate Governance set by the Securities & Exchange Commission (SEC) and the Corporate Governance Guidelines and Listing Rules of the Philippines Stock Exchange (PSE), and endeavors to elevate its corporate governance practices in line with best practices.

The Company's Articles of Incorporation, By-Laws and Manual on Corporate Governance may be viewed on the Company's website (<https://allianceselectfoods.com/>).

To ensure adherence to corporate governance principles and best practices, the Company has a Compliance Officer that reports directly to the Chairman of the Board. The Compliance Officer constantly monitors and evaluates compliance of the Directors and officers to its Manual on Corporate Governance.

**CORPORATE GOVERNANCE UPDATES**

In compliance with SEC Regulations, the Company filed its 2024 Integrated Annual Corporate Governance Report (IACGR) on May 29, 2025. The Company likewise posted the report on its website on even date.

The Company stays faithful to the recommended best practices as far as Corporate Governance standards are concerned. It participates and follows the standards prescribed by the Securities & Exchange Commission (SEC) and the Philippines Stock Exchange (PSE). The Company filed its revised Manual of Corporate Governance (containing revisions as of July 2014) with the SEC on July 31, 2014. It also filed its Consolidated Changes to the Annual Corporate Governance Report on January 14, 2016.

On June 1, 2017, in compliance with SEC Memorandum Circular No. 8 Series of 2017, Alliance Select Foods International, Inc. (FOOD) submitted to the SEC its 2017 Corporate Governance Manual. The same was adopted by the Board of Directors in a special meeting held on May 30, 2017.

Per the Company's Manual on Corporate Governance, the Board has taken the lead in following recommended standards of Corporate Governance. To reflect its commitment to set, and maintain, high standards of governance, the Board has set up various Board Committees to guide the attainment of corporate goals. These Committees are:

### **Audit Committee**

The purpose of the Committee is to assist the Board of Directors in fulfilling its oversight responsibilities for the Company's corporate governance processes relating to:

- (i) The quality and integrity of the company's financial statements and financial reporting process;
- (ii) The adequacy and effectiveness of the Company's internal control systems;
- (iii) Compliance with accounting standards, legal and regulatory requirements, including the Company's disclosure policies and procedures;
- (iv) Independence and performance of the Company's internal and external auditors;
- (v) Evaluation of risk management policies and process.

The Committee is accountable to the Board for its performance and shall prepare the report of the Committee required to be in the Company's annual report.

The Committee's duties and responsibilities include, among others, monitoring the integrity of the financial information provided by the Company, monitoring and assessing the role and effectiveness of the internal audit function, reviewing the external auditors scope of work, reviewing the effectiveness of the system for monitoring compliance with laws and regulations, overseeing interested party transactions, ensuring that the management establishes sound risk management policies and systems and performing any other activities consistent with the committees charter and Company By-Laws etc.

### **Executive Committee**

The primary responsibility of the committee is to act on behalf of the Board on matters that require urgent and prompt action. In cases where the full Board cannot convene, but urgent matters need to be acted upon, the Committee exercises the power of the Board though it is subordinated to and responsible to the full Board at all times.

The committee can act on all matters except change the Company's Articles of Incorporation and By-Laws, adopt an agreement on Mergers & Acquisitions, declare dividends or authorize issuance of stock, amend or rescind previous Board resolutions and recommend sale, lease or exchange of corporate property and assets.

The Committee has to report all the actions it takes to the Board.

### **Corporate Governance Committee**

The committee's primary responsibility is to pre-screen and short-list all candidates nominated to become a member of the Board of Directors. It should also define, or re-define, as the case may be, the role, duties and responsibilities of the Chief Executive Officer by integrating the dynamic requirements of the business as a going concern and future expansionary prospects within the realm of good corporate governance at all times.

Its responsibilities also include establishing a formal and transparent procedure for developing a policy on executive remuneration and for fixing the remuneration packages of corporate officers and directors, and provide oversight over remuneration of senior management and other key personnel ensuring that compensation is consistent with the Corporation's culture, strategy and control environment. Moreover, the committee is to designate amount of remuneration to attract and retain competent corporate officers. Also, the committee should establish a formal and transparent procedure for developing a policy on executive remuneration and fixing the remuneration packages of individual directors.

### **Other Committees**

Other committees of the Company include the Board Risk Oversight Committee and Related Party Transactions Committee.

The Company's Compliance Officer constantly monitors and evaluates compliance of the Directors and Officers to its Manual on Corporate Governance. The Company has fully complied with the requirements of the Manual on Corporate Governance and the company will continue to take steps, as needed, to improve its corporate governance.

## Part I – BUSINESS AND GENERAL INFORMATION

### Item 1 – BUSINESS

#### BACKGROUND

Alliance Select Foods International, Inc. (ASFII or the “Parent Company” or the “Company”) is a publicly-listed corporation under Section 17.2 of the Securities Regulation Code (SRC). ASFII was registered with the Philippine Securities and Exchange Commission (SEC) on September 1, 2003 as Alliance Tuna International, Inc. It started commercial operations in 2004 to engage in tuna processing, canning, and the export of canned tuna products from General Santos City, Mindanao, Philippines. On November 8, 2006, the Company’s shares were listed on the Philippine Stock Exchange through an initial public offering. In July 2010, the Company was renamed as “Alliance Select Foods International, Inc.”

The Parent Company’s key business activity is the processing, canning, and exporting of tuna. It exports its products to Europe, North and South America, Asia, Africa, and the Middle East.

In May 2004, the Company set up a marketing representative office in Bangkok, Thailand, to tap the network of buyers and brokers who use Thailand as a base.

In September 2005, the Company acquired a 25% stake in FDCP, Inc., a can manufacturing company.

In May 2008, PT IAFI was established to acquire the assets of an Indonesian tuna cannery located in Bitung in the island of North Sulawesi. The Parent Company owns 99.98% of PT IAFI. A complete renovation of the factory and upgrade of capacity to 90 metric tons per day was undertaken. On October 18, 2019, PT IAFI changed its core business operations to export trading, and sold its fixed assets in North Sulawesi. PT IAFI is currently not in operation.

In May 2012, PT IAFI set up PT Van de Zee (PT VDZ), a fishing company in Indonesia with an initial stake of 80%. In 2014, a new law in Indonesia required that domestic ownership in local entities be increased to at least 51%. Due to subsequent changes in Indonesian fishing regulations restricting foreign commercial fishing, PT VDZ went through a liquidation process. On August 12, 2024, the voluntary dissolution of PT VDZ was completed, and its registration was removed from the Indonesian Corporate Register based on the certification issued by the Indonesian Ministry of Law and Human Rights of the Republic of Indonesia.

As part of the Parent Company’s product diversification strategy, it invested in a New Zealand based processor of smoked salmon in January 2009. The initial investment of a 39% stake in Prime Foods New Zealand (PFNZ) was later increased to 50% plus 1 share. PFNZ was engaged in the business of processing, manufacturing, and distributing smoked salmon and other seafood under the Prime Smoke and Studholme brand. On October 2015, the Parent Company divested its interest in PFNZ. In October 2009, the Parent Company and PFNZ established a joint-venture company called Big Glory Bay (“BGB”) that imports salmon from New Zealand, Chile and Norway, among others, and processes it in General Santos City, Mindanao, Philippines. The smoked salmon products from BGB are sold locally and abroad. In October 2015, the Parent Company accepted PFNZ’s BGB shares as partial payment for PFNZ’s payment obligations to the Parent Company. This resulted in BGB becoming a 100% subsidiary of the Company.

On June 18, 2010, Alliance MHI Properties, Inc. (AMHI), a property holding company, was established. The Parent Company owned a 40% stake in the affiliate, while Mingjing Holdings Inc., (MHI), a Filipino company, owned the remaining 60% stake. On November 11, 2015, the AMHI Board approved ASFII’s application for subscription of preferred shares arising from the increase in authorized capital stock of AMHI. AMHI’s application for increase in capital stock was approved by the Securities and Exchange Commission on December 23, 2015. ASFII now owns 98.89% of AMHI. AMHI’s registered address is at Purok Saydala, Barangay Tambler, General Santos City.

In March 2018, the SEC approved the Amendment of Article Seventh of the Company’s Articles of Incorporation to reduce the par value of common shares of the Company from One Peso (P1.00) per share to Fifty Centavos (P0.50) per share, and to decrease the authorized capital stock of the Company from Three Billion Pesos (P3,000,000,000.00) divided into Three Billion (3,000,000,000) common shares with par value of One Peso (P1.00) each to One Billion Five Hundred Million Pesos (P1,500,000,000.00) divided into Three Billion (3,000,000,000) common shares with par value of Fifty Centavos (P0.50) each.

## **PRODUCTS**

### **Tuna**

ASFII procures tuna from multiple sources and offers a diverse range of processed tuna products, including canned tuna, tuna in pouches, frozen tuna loins, and a premium line marketed under the Bay of Gold brand. The company serves institutional and retail sectors. Institutional cans and pouches are typically used in restaurants, hotels and commissaries. ASFII toll packs for wholesalers, distributors and other food companies under their own brands.

### **Salmon**

ASFII subsidiary BGB specializes in processing various salmon species into smoked or premium cut products for both retail and institutional customers. These products are chilled or frozen and vacuum packed in different cuts and weights. They are sold in retail stores under the Gold Standard and Superfish brands.

### **Fishmeal**

Fishmeal is a by-product of tuna and salmon processing operations. It is commonly used as an additive or primary ingredient in animal feeds. By manufacturing fishmeal, ASFII maximizes the use of fish processing waste, creating value and driving sustainability.

### **Fish Oil**

As part of the tuna recovery process, ASFII extracts precious fish oil from all parts of the pre-cooked tuna especially the head. Fish oil is highly packed with key nutrients needed for animal feed, but can be further refined for human consumption. ASFII currently produces approximately 24,500 kg of crude oil per month, supplying local agricultural businesses and food processors.

## **REVENUE BREAKDOWN**

The percentage contribution of the major product lines to the Group’s revenues for the periods ended December 31, 2025, 2024 and 2023, are as follows:

<b>Product</b>	<b><i>December 31, 2025</i></b>	<b><i>December 31, 2024</i></b>	<b><i>December 31, 2023</i></b>
Tuna	93%	94%	94%
Fishmeal (Local)	6%	6%	6%
Salmon	1%	0%	0%
Total	100%	100%	100%

## **DISTRIBUTION METHODS, SALES AND MARKETING**

### **TUNA**

ASFII's Tuna Division is a leading supplier of high-quality processed tuna, serving a diverse global customer base. Most of its products are fully processed, labeled, and shipment-ready and distributed to various international markets.

The Company has expanded its product portfolio through the introduction of new formats, including tuna in pouches and frozen tuna loins, primarily for the export market. For the domestic market, ASFII has launched premium canned tuna and salmon products under its "Bay of Gold" brand, which are distributed nationwide through select supermarket chains in the Philippines.

Currently, canned tuna products are marketed in both domestic and export markets, while frozen tuna loins and pouched tuna products are predominantly exported. Fishmeal is sold mainly within the domestic market with key export markets including Mexico, Vietnam, and Chile.

### **SALMON**

The increasing consumer awareness and growing demand for high-quality salmon present a significant opportunity for growth. In the second half of 2025, Big Glory Bay Salmon and Seafood Company, Inc. resumed its salmon operations following a period of suspension, marking a key step in the Company's expansion and product diversification initiatives.

## **COMPETITION**

Tuna processing, particularly canning, is a highly competitive industry where pricing, product quality, and service are key factors influencing customers' decisions. Industry participants operate under varying business models, with some companies focused on retail or branded consumer products, while others cater primarily to institutional clients through toll manufacturing arrangements or a combination of both.

In the Philippines, there are eight (8) major companies engaged in tuna canning operations, the majority of which are located in General Santos City, with one based in Zamboanga. Key industry players include General Tuna Corporation, Philbest Canning Corporation, Ocean Canning Corporation, Celebes Canning Corporation, Seatrade Canning Corporation, and Permex Producer & Exporter Corporation.

Globally, the largest markets for canned tuna are the European Union, the United States, and Japan, which serve as the primary export destinations for Philippine tuna processors. In addition, emerging markets in the United Kingdom, Middle East and Asia present growth opportunities for the Company to further expand its customer base.

## **FISH SOURCING**

### **Tuna and Salmon**

ASFII is committed to responsible sourcing of its tuna and salmon products. The Company sources its tuna, including Skipjack and Yellowfin species in the Pacific Ocean.

The Company works with suppliers accredited by internationally recognized marine stewardship organizations, including the Marine Stewardship Council, Earth Island Institute, and Greenpeace, supporting its commitment to sustainable and responsible fishing practices.

Big Glory Bay (BGB) salmon products are responsibly sourced from sustainable salmon farms in Chile and Norway.

### **Key Fishing Areas – Tuna**

The Pacific Ocean continues to be the primary catching area for global tuna. According to the WCPFC 21st Regular Session reports (held in late 2024) and the 2024 Overview of Tuna Fisheries, the Western and Central

Pacific Ocean (WCPO) tuna catch for the year 2023–2024 reached an estimated 3.06 million metric tons. This volume represents approximately 55% to 56% of the total global tuna catch, reinforcing the region's leadership in production. When combined with the Eastern Pacific Ocean (EPO), which accounts for roughly 13-15% of the global catch, the total Pacific Ocean contribution remains near 70%. The Indian Ocean remains the second-largest contributor at approximately 20-23%, with the Atlantic Ocean and Mediterranean Sea accounting for the remaining 10-12%.

### **Key Sourcing Area – Salmon**

All of the salmon sold by BGB are sourced from fish farms in Chile and Norway. This ensures a consistent supply of raw materials for the Company's production plans aimed at meeting the rising demand in the Philippines.

### **CUSTOMERS**

The Tuna Division has customers from over 60 countries. ASFII's adherence to global standards particularly for the European Union and Japan make it a preferred business partner for multiple companies.

Big Glory Bay salmon products are sold primarily for institutions and food service clients.

### **TRANSACTIONS WITH AND/OR DEPENDENCE ON RELATED PARTIES**

#### **Alliance MHI Properties, Inc. (AMHI)**

AMHI owns the land in General Santos, Philippines, where the Group's processed tuna and smoked salmon operating facilities are located, and leases it to ASFII and BGB. The existing lease is until December 31, 2027 for ASFII and December 31, 2027 for BGB.

### **ACCREDITATIONS, PATENTS & TRADEMARKS**

The Group is accredited by a number of international and domestic rating and accrediting agencies as well as government bodies.

The Group's tuna operations in General Santos, Philippines have passed various tests and standards for the quality of its products.

In addition to the required government permits and licenses such as the local government business and sanitary permits, and regulatory licenses like the Food and Drug Administration licenses (FDA) and Hazard Analysis Critical Control Point System (HACCP's), the Group also adopts globally-acknowledged best practices in its canned tuna and smoked salmon operations. For its tuna operations, the Group has received, among others, certifications of conformity with the United States Food and Drug Administration (USFDA), International Food Standard (IFS), British Retail Consortium (BRC), Kosher (OU), Islamic Da'wah Council of the Philippines (IDCP Halal), Sedex Members Ethical Trade Audit (SMETA), Marine Stewardship Council (MSC), Business Social Compliance Initiative (BSCI), Initiative Clause Sociale (ICS) and Earth Island Institute-Dolphin Safe (EII).

For its smoked salmon and other smoked seafood operations, the Group has the requisite government permits and licenses such as FDA License to Operate as Manufacturer, Exporter, Distributor, and Importer, and Halal certifications from Mindanao Halal Authority (MINHA) recognized by the Bureau of Fisheries and Aquatic Resources ("BFAR").

In addition, as of December 31, 2024, the Group also has registered trademarks: "Bay of Gold", "Quicklift", "Sea Harvest", "Big Glory Bay", "Gold Standard Salmon", "Prime New Zealand", "Wagyu of Salmon", "Superfish", and "Instant Chef" before the Intellectual Property Office of the Philippines; and "PRIME SMOKE" and "PRIME NEW ZEALAND" before the Intellectual Property Office of New Zealand.

Most of ASFII’s clients have their own brand names. As industry practice, tuna processing can include labeling services for clients carrying their own brands.

**REGULATORY FRAMEWORK/ GOVERNMENT APPROVAL**

**Industry-particular Governmental Laws and Approvals**

The Bureau of Fisheries and Aquatic Resources (BFAR) is a line bureau reconstituted under the Department of Agriculture, by virtue of Republic Act No. 8550 (Philippine Fisheries Code of 1998). The Philippine Fisheries Code provides for the development, improvement, management, and conservation of the country’s fisheries and aquatic resources.

ASFII received a certification from BFAR authorizing the implementation of the Hazard Analysis Critical Control Point (HACCP) System, a method for food safety standards recognized internationally. In addition, ASFII and BGB are both BFAR-accredited importers of fish raw materials using accredited cold storage warehouse.

BGB has received a certificate of recognition for the implementation of HACCP System from the BFAR.

ASFII and BGB are registered with the Food and Drug Administration (FDA). ASFII is registered as a Food Manufacturer and exporter until June 3, 2026; while BGB is registered as a food manufacturer and exporter of processed seafood products until May 25, 2026, and as a food distributor, importer, and wholesaler until September 12, 2026.

**Environment-particular Governmental Laws and Approvals – Environmental & Safety Issues**

The Philippine Environmental Impact Statement System (Presidential Decree No. 1586, as amended) covers projects and undertakings that are classified as environmentally critical as well as projects situated in environmentally critical areas. These projects or undertakings are required to be covered by an Environmental Compliance Certificate (ECC). ASFII’s operation of its processing and production facilities is classified as an environmentally critical project.

ASFII has newly amended ECC, Waste Water Discharge Permit, Permit to Operate for two Boilers and NWRB Permit for Deepwell.

In 2020, Greenpeace Southeast Asia's Tuna Cannery Report ranked the Group's Philippine tuna facilities as No. 1 rank (Green) with green score of 71.57 in the 2020 Cannery Ranking, leading among the six canneries located in General Santos City, Philippines, and is also among the top five (5) canneries in the region compared with Indonesia and Thailand. In 2018, the Group's Philippine and Indonesian tuna facilities were also ranked as no. 1 in the respective localities, following Sustainability, Sourcing, Traceability, Legality, Driving Change, Equity, and Transparency criteria. In 2019, ASFII received a green rating from Greenpeace.

BGB obtained an Environmental Compliance Certificate on February 12, 2010 which is still valid as of date. In addition to this, BGB also has a Waste Water Discharge Permit which is valid until August 12, 2029. BGB was also registered with the United States Food and Drug Administration (USFDA) on March 26, 2015.

### **Business-particular Governmental Laws and Approvals: Labor and Employment**

The Department of Labor and Employment (DOLE) through the Labor Standard Enforcement Division of DOLE Region XII Office, conducts regular inspections of the General Santos plant to ensure compliance with labor laws, particularly those relating to occupational health and safety. ASFII has a periodic annual third party audit for social compliance, environment, and sustainability through Amfori Business Social Compliance Initiative (BSCI). ASFII's compliance with social and ethical business practices is audited by a third-party certifying body under the SMETA 4-Pillar framework. This audit, recognized internationally by Sedex Members Ethical Trade Audit (SMETA), is a widely accepted standard for assessing and monitoring ethical and responsible business practices, focusing on labor standards, health and safety, environmental impact, and business ethics.

### **NUMBER OF EMPLOYEES AND CONTRACTORS**

As of December 31, 2025, the Group has a total of 1,937 workers (123 regular employees and 1,814 contractors) from its head office in Pasig City to its tuna and smoked salmon facilities in General Santos City, Philippines.

### **MAJOR RISK FACTORS**

Alliance Select Foods International, Inc. ("ASFII" or the "Company") presents the following material risk factors that may have a significant impact on its financial position, operations, and results of operations. These risks are continually monitored and addressed through the Company's enterprise risk management and governance frameworks.

#### **Disruption in Raw Material Supply**

The Company sources raw materials, particularly tuna, from both local and foreign suppliers. Disruptions arising from weather-related events, fishing bans, geopolitical issues, and global supply chain challenges may affect the timely and cost-effective procurement of raw materials. Prolonged disruptions can lead to production delays, inventory shortfalls, and increased raw material costs, which could negatively impact the Company's revenue and profitability.

#### **Profitability Risks from Foreign Exchange Fluctuations**

ASFII derives a significant portion of its revenues from export sales while a substantial part of its expenses is incurred in Philippine Pesos. Volatility in foreign exchange rates, particularly the US Dollar and Euro against the Peso, can materially affect profitability. Strengthening of the Peso may result in reduced export revenues when converted to local currency, while a depreciating Peso can increase the cost of imported materials and services.

#### **Production Downtime**

Operational interruptions due to equipment failure, supply delays, scheduled maintenance, or utility outages may lead to temporary production downtime. Such disruptions may impair the Company's ability to meet customer demand on time, resulting in lost sales opportunities, penalties for delayed deliveries, and higher manufacturing overhead per unit.

### **Workplace Safety and Labor-Related Issues**

The health and safety of the workforce is critical to the Company's productivity and compliance obligations. Labor-related risks, including work stoppages, disputes, or occupational health and safety incidents, may affect operations and reputation. Additionally, non-compliance with labor regulations or international labor standards may expose ASFII to fines, legal liability, or loss of key market access.

### **Compliance with International Food Safety Standards**

As an exporter to major markets such as the Europe, Japan, United Kingdom, and Spain, ASFII is subject to stringent food safety and quality regulations, including HACCP, FDA, EU standards, and various customer audits. Non-compliance may result in export bans, order cancellations, product recalls, or reputational damage. The Company maintains strict quality controls, certifications, and internal audits to minimize this risk.

### **Reliance on Third-Party Service Providers for Production Operations**

To support certain production requirements, ASFII engages third-party service providers for toll processing, logistics, maintenance, and technical support. This reliance introduces operational risks, including service level inconsistencies, quality control issues, delays in output, and dependency on external compliance. Any underperformance or breach by third-party providers may disrupt ASFII's production continuity, compromise product standards, or result in reputational damage. The Company has implemented supplier qualification, performance monitoring, and contingency arrangements to mitigate this risk.

### **Delays in Cash Conversion Cycle**

Extended periods in receivables collection, prolonged inventory turnover, or delayed payments from customers can negatively affect ASFII's cash flow and liquidity. These issues can impair the Company's ability to fund operations, service obligations, or invest in growth initiatives. Management continues to strengthen working capital controls, customer credit evaluations, and inventory management practices.

### **Risk of Regulatory Non-Compliance**

ASFII is subject to laws and regulations governing public companies, food safety, labor practices, environmental protection, taxation, and export compliance. Regulatory changes or non-compliance may result in penalties, legal costs, reputational harm, and limitations on business activities. The Company maintains a legal and compliance team, supported by internal audit and board oversight, to proactively manage regulatory obligations.

### **IT System Downtime and Cybersecurity Threats**

ASFII's operations rely on SAP Business One and other IT platforms for core business functions. IT system failures, unauthorized data access, or cybersecurity breaches could result in operational disruption, financial losses, and data integrity risks. The Company has implemented security protocols, system backups, and continuous monitoring to address these threats.

### **Climate-Related and Environmental Risks**

ASFII is increasingly exposed to environmental and climate-related risks, such as ocean warming, fish migration changes, rising sea levels, and extreme weather conditions. These risks can affect fish catch volumes and supply chain reliability. In response, the Company has adopted sustainability practices, energy-efficient operations, and is evaluating climate risk disclosures in line with emerging global standards.

## **Item 2 – PROPERTIES and LEASE AGREEMENTS**

### **ASFII**

The Parent Company leases the land where its tuna processing plant in the General Santos City is located from AMHI. It pays monthly fees of ₱0.5 million for the first year of lease agreement. Lease period is for five (5) years starting from January 1, 2023.

The Parent Company leases its office spaces located at Suite 3104 in the Philippine Stock Exchange Centre West Tower, Pasig City from Greenhills Properties, Inc. for a gross monthly rate of ₱0.2 million for the first year. The term of the lease is a period of two (2) years, commencing on August 2023, renewable upon mutual agreement of the parties.

### **BGB**

BGB's facilities are also located in the same compound where ASFII's tuna processing plants are located in General Santos City, Mindanao, Philippines. BGB is leasing the land with an area of 985.88 sqm from AMHI. The rental cost is P0.02 million per month and the lease agreement is for one (1) year starting from January 1, 2024 and renewable every year.

### **AMHI**

AMHI owns land with an area of 68,751 sqm. situated at Purok Saydala, Barangay Tambler, General Santos City, South Cotabato. AMHI leases this land to ASFII under long-term lease contract and BGB under short-term lease contract.

## **Item 3 – LEGAL PROCEEDINGS**

The pending and material legal proceedings involving the Company as of December 31, 2025 are as follows:

**1. Alliance Select Foods International, Inc., represented in this derivative suit by Harvest All Investment Limited, Victory Fund Limited, Bond East Private Limited, and Hedy S.C. Chua v. George E. SyCip, Jonathan Y. Dee, Alvin Y. Dee, Ibarra A. Malonzo, Joanna Y. Dee-Laurel, Teresita Ladanga and Grace Dogillo, Commercial Case No. 14-220, Regional Trial Court of Pasig City, Branch 159**

On May 27, 2014, shareholders Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited, and Hedy S.C. Chua ("Chua") filed a derivative suit on behalf of the Company against former Directors Messrs. George E. SyCip, Jonathan Dee, Alvin Y. Dee and Ibarra Malonzo, and certain senior executives of the Company at that time. The derivative suit prayed, among others, for the appointment of an interim management committee, and to compel an accounting and return of Company funds allegedly diverted to corporations controlled by the family of respondents Jonathan and Alvin Dee. On February 3, 2015, the respondents filed a motion praying to declare the application of an interim management committee moot and academic in view of the change in the composition of the Board of Directors and management. The Complainants filed a Motion to Inhibit on February 28, 2015, which was granted by the Pasig RTC Branch 159 on January 5, 2016. The case was eventually re-raffled to Pasig RTC Branch 154 on February 1, 2016.

George SyCip filed a Petition for Certiorari before the Court of Appeals ("CA"), alleging that the inhibition was improper. The Court of Appeals granted said petition. Upon appeal to the Supreme Court ("SC"), the SC affirmed the ruling of the CA in its Resolution, dated September 19, 2018 (S.C. G.R. No. 239426), which ruling became final and executory.

The case was remanded back to the Pasig Regional Trial Court Branch 159 ("RTC") for trial, pursuant to the Order of the SC directing the trial court to proceed with the hearing of the case.

As the Company was not impleaded in the said Petition, the Company filed with the RTC a *Motion for Leave to Intervene and to Admit Attached Answer in Intervention with Counterclaims (With Opposition to the Application for a Writ of Preliminary Injunction)* on June 16, 2014. Subsequently, on June 24, 2014, the Company also filed

a *Motion for Leave to Admit Attached Supplemental Answer in Intervention*. These, however, were denied by the RTC. The RTC Orders were appealed to, and later reversed by the CA. The CA Decision finding the Company's intervention is proper was appealed to the SC, which remains pending.

In view of the pending appeal with the SC, the Company filed with the RTC a *Motion to Suspend Proceedings* on December 1, 2016. Petitioners Hong and Chua also filed an *Urgent Motion to Suspend Proceedings* on September 13, 2017. Thus, acting on said motions, the RTC issued an *Order* dated February 12, 2018 suspending the proceedings.

On January 17, 2025, the Company entered into a Compromise Agreement with Albert Hong Hin Kay ("Hong"), Chua, Harvest All Investment Limited, Victory Fund Limited and Bondeast Private Limited (collectively, "Harvest, et al."). Pursuant thereto, Hong and Chua filed their *Manifestation and Motion to Partially Dismiss* dated January 17, 2025, seeking to dismiss the case to the extent that certain reliefs that affect the Company. For its part, the Company filed its *Manifestation and Motion for Leave to Withdraw* dated January 17, 2025 ("Motion to Withdraw"), seeking to withdraw its intervention. Thereafter, the Company, Hong and Chua jointly moved for the dismissal of the pending appeal with the SC in their *Joint Motion to Dismiss* dated January 20, 2025.

On January 23, 2025, Respondents Jonathan Y. Dee and Alvin Y. Dee filed their *Omnibus Motion [1] to be Furnished a Copy of the Settlement Agreement and [2] for Time to file Comment/Opposition* dated January 22, 2025, which prayed that a copy of the Compromise Agreement be submitted. Citing the confidentiality of said agreement, the Company filed its *Comment* dated January 28, 2025, while Hong and Chua filed their *Opposition* dated January 28, 2025.

The RTC granted the Company's Motion to Withdraw. Meanwhile, the remaining parties continue to explore settlement amongst themselves.

## **2. Alliance Select Foods International, Inc. v. Hedy S.C. Yap-Chua and Albert Hong Hin Kay, I.S. No. INV-14F-02786, Department of Justice**

On June 11, 2014, the Company filed a criminal complaint for Revealing Secrets with Abuse of Office against two of its then-directors, Ms. Hedy S.C. Yap-Chua and Mr. Albert Hong Hin Kay, because it had reasonable cause to believe that Ms. Yap-Chua and Mr. Hong revealed to third parties, confidential financial information in breach of their fiduciary duty to the Company. The Office of the City Prosecutor of Pasig City dismissed the case. The Company appealed the dismissal to the Department of Justice, where the case remains pending.

## **3. Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited, Albert Hong Hin Kay and Hedy S.C. Yap Chua v. Alliance Select Foods International, Inc., George E. SyCip, Jonathan Y. Dee, Raymond K.H, See, Marie Grace T. Vera-Cruz, Antonio C. Pacis, Erwin M. Elechicon and Barbara Anne C. Migallos, GR No. 270392 (CA-G.R. SP No. 165391), Supreme Court**

On August 5, 2015, Harvest et al. filed a *Complaint with application for the issuance of Writ of Preliminary Mandatory Injunction and Temporary Restraining Order/Writ of Preliminary Injunction*, with the Pasig Regional Trial Court ("Pasig RTC"), against the Company, its then-Directors Messrs. George E. SyCip, Jonathan Y. Dee, Marie Grace T. Vera-Cruz, Erwin M. Elechicon, Raymond K.H, See and Antonio C. Pacis, and Corporate Secretary Barbara Anne C. Migallos, praying, among others, that the Company be restrained from carrying out its planned Stock Rights Offering, and that the Company be compelled to hold its Annual Stockholders' Meeting prior to the Offering. The Stock Rights Offering would raise gross proceeds of P1,000,000,000.00 to be used for needed capital expenditures, repayment of loans, installation of a new management information system and working capital requirements of the Company.

On August 14, 2015, the Pasig RTC denied the prayer for a Temporary Restraining Order. The Pasig RTC held that Harvest et al. failed to show that it had a clear and unmistakable right that was, or would be violated by the conduct of the Annual Stockholders' Meeting after the Stock Rights Offering. The Pasig RTC noted that a Temporary Restraining Order is unwarranted because Harvest et al. were granted the right to subscribe to the Stock Rights Offering to prevent the dilution of shareholdings and voting rights.

On August 24, 2015, the Pasig RTC dismissed the Complaint for lack of jurisdiction over the subject matter, due to Harvest et al.'s failure to pay the correct filing fees (the "RTC Resolution").

In the meantime, the offer period for the Stock Rights Offering ended on August 26, 2015. On September 7, 2014, the Company's Board of Directors scheduled the Company's Annual Stockholders' Meeting on November 17, 2015 with record date on October 20, 2015. The Board of Directors later on decided to reschedule the Annual Stockholders' Meeting to December 16, 2015.

Harvest et al. filed a Petition for Review with the CA to reverse and set aside the RTC Resolution dismissing the Complaint. It also prayed that the Company be restrained from implementing the October 20, 2015 record date of the Annual Stockholders' Meeting, and to compel the Company to set the record date of the Annual Stockholders' Meeting to a date prior to the Stock Rights Offering.

On 15 December 2015, the Court of Appeals issued a Resolution of even date granting Harvest et al.'s prayer for a Temporary Restraining Order ("TRO"), effective for a period of 60 days from notice, enjoining the parties to maintain and preserve the status quo pending resolution of the Petition for Review, after Harvest et al. posts the required bond (the "TRO Resolution"). The CA issued the TRO the next day, or on December 16, 2015, the date of the Meeting. The Company received the TRO a few hours before said Meeting. The Company and the respondent directors and officers filed motions for reconsideration of the TRO Resolution and to dissolve the TRO.

The CA rendered a Decision dated February 15, 2016 sustaining the position of the Company that Harvest et al., should pay the correct filing fees for its Complaint with the Pasig RTC. Both parties filed their respective Motions for Reconsideration, and both were subsequently denied.

Jonathan Dee filed a Petition for Review on Certiorari with the SC to set aside the ruling of the CA and affirm the ruling of the Pasig RTC dismissing the case. (SC G.R. No. 224834).

Harvest et al. on the other hand filed their only Petition for Review on Certiorari with the SC, questioning the ruling of the CA and asserting that the case should not be dismissed because Harvest et al. was not in bad faith in not filing the proper filing fee.

The Petitions for Review on Certiorari were consolidated by the SC. On March 15, 2017, the SC rendered a Decision in favor of the petition of Harvest et al., ruling that the intra-corporate controversies may involve a subject matter which is either capable or incapable of pecuniary estimation, and remanded the case back to the RTC to assess the correct filing fees, and upon payment, to proceed with the regular proceedings of the case. The Company, as well as the other Defendants filed their respective motions for reconsiderations.

The SC denied the motions for reconsideration with finality and the case was remanded back to the Regional Trial Court of Pasig City, Branch 159, under Judge Lingan. Thereafter, the Company filed a Motion for Factual Determination of Mootness, arguing that the cause of action of Plaintiffs is already moot and academic. Defendant Migallos likewise filed a Motion to Dismiss arguing also that the case is already moot and academic.

Plaintiffs however, filed a Motion for Inhibition against Judge Lingan (RTC 159), which said Judge granted. Defendant SyCip filed a Petition for Certiorari and Mandamus with Application for the Issuance of TRO and/or Writ of Preliminary Injunction before the CA against Judge Lingan for inhibiting from the case (CA-G.R. SP No. 158324).

Pursuant to the inhibition of Judge Lingan (RTC 159), the case was eventually re-raffled to RTC 265 on April 4, 2019.

The case was referred to mediation on October 18, 2019. The parties underwent mediation until January 2020, but failed to enter into a settlement. Pre-Trial Conference was set on March 4, 2020.

On the day of the Pre-Trial Conference, before hearing started, the parties received an Omnibus Order, dated February 20, 2020, issued by RTC 265 dismissing the case due to forum shopping and being moot and academic.

On July 17, 2020, Harvest et al. filed a Petition for Review before the CA to assail the dismissal of the case. Respondents and Petitioners subsequently filed their respective Comments and Replies to the Petition for Review.

On March 28, 2023, the CA denied the Petition for Review filed by Harvest et. al, and affirmed the Omnibus Order of the Pasig RTC dismissing the Complaint. The CA cited the following grounds: (a) the Petitioners

committed forum shopping given that at the time of filing the 2015 case, there was a pending 2014 derivative suit also filed by them (Case No. 1 above) and, (b) the case is rendered moot and academic by supervening events; namely: the holding of the Annual Stockholders' Meetings for the Years 2015, 2016 and 2017.

On April 28, 2023, Petitioners filed a Motion for Reconsideration to assail the denial of the CA of the Petition for Review, affirming the dismissal of the case before the Pasig RTC. In its Resolution dated October 26, 2023, the CA denied the Motion for Reconsideration of the Petitioners.

Petitioners then filed a Petition for Review on Certiorari before the SC dated December 21, 2023 to assail the Decision and Resolution of the CA affirming the dismissal of the case.

In view of the Compromise Agreement between the Company and Petitioners, the latter filed with the Supreme Court their *Manifestation and Motion* dated January 17, 2025 ("Manifestation and Motion"), which prayed for the dismissal of their Petition. On the same day, the Company filed its *Manifestation* ("Manifestation"), which interposed no objection to such dismissal. On October 27 2025, the Company and Petitioners filed their *Joint Motion to Resolve* ("Joint Motion"). The Manifestation and Motion, Manifestation, and Joint Motion remain pending.

#### **4. Hedy S.C. Yap-Chua, for herself and on behalf of Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited vs. Alliance Select Foods International, Inc., CA-G.R. SP No. 176939 (SEC En Banc Case No. 07-22-501), Court of Appeals**

On May 26, 2021, the Company received a summons from the Markets and Securities Regulation Department of the Securities and Exchange Commission ("MSRD-SEC") resulting from a Complaint dated November 2, 2020 ("Complaint"), filed by Hedy S.C. Yap-Chua, for herself and on behalf of Harvest All Investment Limited, Victory Fund Limited, Bondeast Private Limited ("Complainants"), questioning the lack of mandatory tender offer for the Company's sale of 430,286,226 shares to Strongoak Inc. through a private placement on May 5, 2014; and also when Strongoak Inc. subscribed to additional shares in the Company during a Stock Rights Offering ("SRO") in 2015.

The Company filed its Answer dated June 10, 2021 raising the defenses of prescription; non-applicability of Mandatory Tender Offer Rule as the questioned transactions are covered by express exemptions under the Securities Regulation Code; that the Complainants were given the privilege to subscribe to additional shares; and that the said complaint is a deliberate act of forum shopping by the Complainants due to the filing of previous cases against the Company in judicial courts praying for the invalidation of the same share purchases and subscriptions of Strongoak Inc.

The SEC-MSRD dismissed the Complaint in a Decision dated May 19, 2022 finding forum shopping and prescription of action. Complainants filed an Appeal Memorandum dated June 3, 2022 to assail the Decision of the SEC-MSRD with the SEC En Banc.

On December 15, 2022, the SEC En Banc reversed the decision of the SEC-MSRD and declared as void subscriptions, the ASFII shares acquired by Strongoak, Inc. under the 2014 Private Placement and 2015 SRO. These shares were ordered to be cancelled from the Stock and Transfer Book ("STB") of the Company whereupon the shares would be considered unsubscribed and allocated for subscription by any person who intends to buy the same provided that he/she complies with all the legal requirements. Once the subscription is fully paid, ASFII shall pay Strongoak the price it paid for the subscriptions that were nullified.

On January 20, 2023, the Company filed its Petition for Review with urgent application for a writ of preliminary injunction and/or temporary restraining order ("Petition") with the CA. The CA ordered the parties to submit pleadings and to notify the CA of the pendency of any other related cases and proceedings involving the same parties, subject matter and/or issues pending before the CA or other courts.

On February 20, 2023, the Company received a Motion for Writ of Execution filed by the Complainants with the SEC En Banc. This was opposed by the Company via an Opposition filed with the Commission on March 2, 2023.

On March 27, 2023, the Company received a Motion to Intervene and Admit Attached Comment-in-Intervention filed with the CA by the Securities and Exchange Commission through the Office of the Solicitor General. The said Motion is pending with the Court of Appeals.

On June 14, 2023 the Company received a resolution from the SEC En Banc directing that a Writ of Execution be issued to implement the nullification of the ASFII shares acquired by Strongoak, Inc. under the 2014 Private Placement and 2015 SRO.

On June 15, 2023 the Company filed a Motion for Reconsideration with the SEC En Banc and a Manifestation with Urgent Reiterative Motion for Issuance of Temporary Restraining Order and/or Writ of Preliminary Injunction with the Court of Appeals.

On that same date, the Company received: (a) a letter from Strongoak, Inc. informing FOOD that any attempt to deprive Strongoak of its shareholder rights will be met with legal action; and (b) a Demand Letter and Writ of Execution from the SEC instructing FOOD to cancel in its Stock and Transfer Book, the shares acquired by Strongoak, within 15 days from receipt.

On June 29, 2023, FOOD’s Board of Directors instructed the Corporate Secretary to comply with the SEC Demand Letter and Writ of Execution, without prejudice to the outcome of its Petition for Review with the CA.

On June 30, 2023, upon advice of FOOD’s Corporate Secretary, FOOD informed the SEC En Banc and CA that the nullification of the FOOD shares acquired by Strongoak would result in a violation of the Philippine Constitution’s foreign ownership limits, as FOOD’s subsidiary Alliance MHI Properties, Inc. owns the land on which the Company’s manufacturing plant in General Santos City is Located.

In view of the Compromise Agreement, Harvest et al., filed with the SEC their *Omnibus Motion* dated January 17, 2024 (“Omnibus Motion”), which sought to withdraw their Complaint and recall the Writ of Execution, while the Company filed with the SEC its *Manifestation*, which interposed no objection to the Omnibus Motion. Thereafter, the Company and Harvest et al. jointly filed their *Joint Manifestation with Motion to Suspend the Proceedings* dated January 20, 2025 (“Motion to Suspend”) with the CA.

On February 20, 2025, the CA rendered a *Decision* granting the Company’s Petition, thereby dismissing the Complaint against the Company for lack of merit. In view of said Decision, the Motion to Suspend was rendered moot, in the *Resolution* dated April 2, 2025. The *Decision* became final on March 20, 2025, and consequently, the same was recorded in the Book of Entries of Judgment.

### II. OPERATING PERFORMANCE

The Group's consolidated revenues of \$78.8 million in 2025 were 9% higher than the revenues of \$72.5 million in 2024. During the year, tuna-related products contributed the majority of total revenues, while the salmon business is less than 1%. The increase in revenues primarily due to ASFII parent increase in volume of its canned and loins products for export and better fish prices.

Despite favorable fish prices, the Group's gross profit margin declined to 7.6% in 2025 from 11.1% in 2024. This decrease was mainly attributable to an unfavorable product mix, higher production costs, and a decline in fresh fish purchases.

As a result, the Group recorded a net loss before tax of \$1.6 million in 2025, an improvement compared to the \$2.5 million net loss before tax in 2024.

## V. KEY PERFORMANCE INDICATORS

The Group uses the following key performance indicators to assess the Group's financial performance from period to period.

<b>Key performance indicator</b>	<b>Years ended December 31</b>	
	<b>2025</b>	<b>2024</b>
Revenue growth rate	9%	28%
Net profit margin	(2%)	(4%)
Current ratio	0.98	1.03
Debt to equity ratio	4.41	2.71
Return on average stockholders' equity	(14%)	(22%)

The following defines each ratio:

- The revenue growth rate is the Group's increase in revenue for a given period. This growth rate is computed from the current revenue less revenue of the previous year, divided by the revenue of the previous year. The result is expressed in percentage.

- The net profit margin is the ratio of the Group’s net income attributable to equity holders of the parent versus its net revenue for a given period. This is computed by dividing net income after tax by net revenue. The result is expressed in percentage.
- The total liabilities to equity ratio are used to measure debt exposure. It shows the relative proportions of all creditors’ claims versus ownership claims. This is computed by dividing total liabilities by total stockholders’ equity. The result is expressed in proportion.
- The return on average stockholders’ equity ratio is the ratio of the Group’s net income attributable to equity holders of the parent to the stockholders’ equity. This measures the management’s ability to generate returns on investments. This is computed by dividing net income attributable to equity holders of the parent by the average stockholders’ equity. The result is expressed in percentage.

### Compensation of Directors

#### Standard Arrangements

Under the amended By-Laws, as compensation, the Board shall receive and allocate an amount of not more than 10% of the Parent company's net income before income tax during the preceding year. Such compensation shall be determined and apportioned among the directors in such manner as the Board may deem proper, subject to the approval of the stockholders representing at least majority of the outstanding capital stock at a regular or special meeting of the stockholders.

At present, there are no arrangements for compensation for Directors. Directors, however, receive reasonable per diem allowances.

### Warrants and Options Outstanding

There are no outstanding warrants or options held by directors and officers nor are there any adjustments in the exercise price of said warrants or options.

Note 13 of the Notes to Consolidated Financial Statements as of 31 December 2025 on the Group’s related party transactions are incorporated by reference. The Group’s related party transactions, as reported therein, are under terms that are not less than favorable than those arranged with third parties, and are conducted on an arm’s length basis.

## Part IV – CORPORATE GOVERNANCE

### Item 14 – CORPORATE GOVERNANCE

In compliance with SEC Regulations, the Company filed its 2024 Integrated Annual Corporate Governance Report (IACGR) on May 29, 2025. The Company likewise posted the report on its website on even date.

The Company stays faithful to the recommended best practices as far as Corporate Governance standards are concerned. It participates and follows the standards prescribed by the Securities & Exchange Commission (SEC) and the Philippines Stock Exchange (PSE). The Company filed its revised Manual of Corporate Governance (containing revisions as of July 2014) with the SEC on July 31, 2014. It also filed its Consolidated Changes to the Annual Corporate Governance Report on January 14, 2016.

On June 1, 2017, in compliance with SEC Memorandum Circular No. 8 Series of 2017, Alliance Select Foods International, Inc. (FOOD) submitted to the SEC its 2017 Corporate Governance Manual. The same was adopted by the Board of Directors in a special meeting held on May 30, 2017.

The attendance of the Board members during Board of Directors meetings held in CY 2025\* is as follows:

Raymund A. Sanchez	N/A	N/A	P	P	P	P	A	80%

\* There were seven (7) meetings held during the year 2025. Mr. Joseph Peter Y. Roxas ended his term on June 17, 2025. On the same day, Mr. Raymund A. Sanchez was elected as Independent Director.

Per the Company’s Manual on Corporate Governance, the Board has taken the lead in following recommended standards of Corporate Governance. To reflect its commitment to set, and maintain, high standards of governance, the Board has set up various Board Committees to guide the attainment of corporate goals. These Committees are:

#### Audit Committee

The purpose of the Committee is to assist the Board of Directors in fulfilling its oversight responsibilities for the Company’s corporate governance processes relating to:

- (i) The quality and integrity of the company’s financial statements and financial reporting process;
- (ii) The adequacy and effectiveness of the Company’s internal control systems;
- (iii) Compliance with accounting standards, legal and regulatory requirements, including the Company’s disclosure policies and procedures;
- (iv) Independence and performance of the Company’s internal and external auditors;

- (v) Evaluation of risk management policies and process.

The Committee is accountable to the Board for its performance and shall prepare the report of the Committee required to be in the Company's annual report.

The Committee's duties and responsibilities include, among others, monitoring the integrity of the financial information provided by the Company, monitoring and assessing the role and effectiveness of the internal audit function, reviewing the external auditors scope of work, reviewing the effectiveness of the system for monitoring compliance with laws and regulations, overseeing interested party transactions, ensuring that the management establishes sound risk management policies and systems and performing any other activities consistent with the committees charter and Company By-Laws etc.

#### Executive Committee

The primary responsibility of the committee is to act on behalf of the Board on matters that require urgent and prompt action. In cases where the full Board cannot convene, but urgent matters need to be acted upon, the Committee exercises the power of the Board though it is subordinated to and responsible to the full Board at all times.

The committee can act on all matters except change the Company's Articles of Incorporation and By-Laws, adopt an agreement on Mergers & Acquisitions, declare dividends or authorize issuance of stock, amend or rescind previous Board resolutions and recommend sale, lease or exchange of corporate property and assets.

The Committee has to report all the actions it takes to the Board.

#### Corporate Governance Committee

The committee's primary responsibility is to pre-screen and short-list all candidates nominated to become a member of the Board of Directors. It should also define, or re-define, as the case may be, the role, duties and responsibilities of the Chief Executive Officer by integrating the dynamic requirements of the business as a going concern and future expansionary prospects within the realm of good corporate governance at all times.

Its responsibilities also include establishing a formal and transparent procedure for developing a policy on executive remuneration and for fixing the remuneration packages of corporate officers and directors, and provide oversight over remuneration of senior management and other key personnel ensuring that compensation is consistent with the Corporation's culture, strategy and control environment. Moreover, the committee is to designate amount of remuneration to attract and retain competent corporate officers. Also, the committee should establish a formal and transparent procedure for developing a policy on executive remuneration and fixing the remuneration packages of individual directors.

Other committees of the Company include the Board Risk Oversight Committee and Related Party Transactions Committee.

The Company's Compliance Officer constantly monitors and evaluates compliance of the Directors and Officers to its Manual on Corporate Governance. The Company has fully complied with the requirements of the Manual on Corporate Governance and the company will continue to take steps, as needed, to improve its corporate governance.

## INDEPENDENT AUDITORS' REPORT

The Stockholders and the Board of Directors  
ALLIANCE SELECT FOODS INTERNATIONAL, INC. AND SUBSIDIARIES  
Suite 3104A, West Tower  
Philippine Stock Exchange Centre  
Exchange Road, Ortigas Avenue, Pasig City

### *Opinion*

We have audited the consolidated financial statements of ALLIANCE SELECT FOODS INTERNATIONAL, INC. AND SUBSIDIARIES (a subsidiary of STRONGOAK INC.) (the "Group"), which comprise the consolidated statements of financial position as at December 31, 2025 and 2024, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for the years ended December 31, 2025, 2024 and 2023, and notes to consolidated financial statements, including a summary of material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years ended December 31, 2025, 2024 and 2023, in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

### *Basis for Opinion*

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), as applicable to audits of consolidated financial statements of public interest entities, together with the ethical requirements that are relevant to the audit of the consolidated financial statements of public interest entities in the Philippines. We have also fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Key Audit Matters*

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements as at and for the year ended December 31, 2025. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Revenue Recognition

The Group recognizes revenue when control of goods passes to customers. Revenues and the related trade receivables amounted to \$78.8 million and \$19.5 million, respectively, as at and for the year ended December 31, 2025.

Revenue recognition is a key audit matter because it significantly affects the Group's profitability and export and local sales involves a high volume of transactions. Trade receivables also represent a substantial portion of the Group's total assets and determining the appropriate level of allowance for expected credit losses (ECL) requires significant management judgment and accounting estimation.

We tested relevant IT general controls, key application and manual controls over the revenue process. We reviewed reconciliations of sales reports to revenue accounts, performed analytical review procedures, and tested journal entries posted to the revenue accounts to identify any unusual or irregular items. We performed cut-off testing by reviewing selected sales transactions before and after year-end. We independently evaluated the allowance for ECL on trade receivables. We also assessed the adequacy of the Group's overall disclosures on revenue and trade receivables in Note 2, *Summary of Material Accounting Policy Information*, Note 3, *Significant Judgments, Accounting Estimates and Assumptions*, Note 6, *Trade and Other Receivables*, and Note 16, *Net Sales* to the consolidated financial statements.

#### *Other Information*

Management is responsible for the other information. The other information comprises the information included in SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2025, but does not include the consolidated financial statements and our auditors' report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2025 are expected to be made available to us after the date of this auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

#### *Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines it is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

*Auditors' Responsibilities for the Audit of the Consolidated Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements including disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Cedric M. Caterio.

## **2. Summary of Material Accounting Policy Information**

The material accounting policy information used in the preparation of the consolidated financial statements have been consistently applied to all the years presented, unless otherwise stated.

### **Basis of Preparation and Statement of Compliance**

The consolidated financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards. This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS) and Philippine Interpretation from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial and Sustainability Reporting Standards Council and adopted by the SEC, including SEC pronouncements.

### **Bases of Measurement**

The consolidated financial statements are presented in United States (U.S.) Dollar, the functional currency of the primary economic environment in which the Parent Company operates. All values are rounded to the nearest U.S. Dollar, except when otherwise stated.

The consolidated financial statements have been prepared on a historical cost basis, except for net retirement benefits obligation which is measured at the present value of the defined benefits obligation less fair value of plan assets, and lease liabilities and other noncurrent liability which are measured at the present value of future lease payments. Historical cost is generally based on the fair value of the consideration given in exchange for an asset and fair value of the consideration received in exchange for incurring a liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Group uses observable market data to the extent possible when measuring the fair value of an asset or a liability.

Fair values are categorized into different levels in a fair value hierarchy based on inputs used in the valuation techniques as follows:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

If the inputs used to measure the fair value of an asset or a liability might be categorized in different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 25 to the consolidated financial statements.

#### **Adoption of Amendments to PFRS Accounting Standards**

The material accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the amendments to PAS 21, *The Effects of Changes in Foreign Exchange Rates - Lack of Exchangeability*, effective for annual periods beginning on or after January 1, 2025.

The amendments clarify when a currency is considered exchangeable into another currency and how an entity determines the exchange rate for currencies that lack exchangeability. The amendments also introduce new disclosure requirements to help users of financial statements assess the impact when a currency is not exchangeable. An entity does not apply the amendments retrospectively. Instead, an entity recognizes any effect of initially applying the amendments as an adjustment to the opening balance of retained earnings when the entity reports foreign currency transactions. When an entity uses a presentation currency other than its functional currency, it recognizes the cumulative amount of translation differences in equity. Earlier application is permitted.

The adoption of the amendments to PFRS Accounting Standards did not materially affect the consolidated financial statements of the Group. Additional disclosures were included in the consolidated financial statements, as applicable.

#### **New and Amendments to PFRS Accounting Standards in Issue But Not Yet Effective or Adopted**

Relevant new and amendments to PFRS Accounting Standards, which are not yet effective as at December 31, 2025 and have not been applied in preparing the consolidated financial statements, are summarized below:

Effective for annual periods beginning on or after January 1, 2026:

- Amendments to PFRS Accounting Standards 9, *Financial Instruments*, and PFRS Accounting Standards 7, *Financial Instruments: Disclosures – Classification and Measurement of Financial Assets* – The amendment provides to clarify the requirements related to the date of recognition and derecognition of financial assets and financial liabilities, with an exception for derecognition of financial liabilities settled through cash using an electronic payment system. The amendments also clarify the requirements of assessing contractual cash flow characteristics of financial assets, with additional guidance on assessment of contingent features, and the characteristics of non-recourse loans and contractually linked instruments. The amendments also introduce additional disclosure requirements for equity instruments classified as financial asset measured at fair value through other comprehensive income (FVOCI) with contingent features. Earlier application is permitted.
- Annual Improvements to PFRS Accounting Standards Volume 11:
  - Amendments to PFRS 7, *Financial Instruments: Disclosures* – The amendments remove some obsolete references related to the gain or loss on derecognition on financial assets of an entity that has a continuing involvement and to the disclosure requirements on deferred differences between fair value and transaction price. The amendments also clarify that the illustrative guidance does not necessarily illustrate all the requirements for credit risk disclosure.

- Amendments to PFRS 9, *Financial Instruments* – The amendments clarify that when a lessee has determined that a lease liability has been extinguished in accordance with PFRS 9, *Financial Instruments*, the lessee must apply the derecognition criteria for a financial liability which requires recognition of a gain or loss in profit or loss. The amendments apply to lease liabilities that are extinguished on or after the beginning of the annual reporting period in which the entity first applies the amendments. Earlier application is permitted.
- Amendments to PFRS 10, *Consolidated Financial Statements* – The amendments clarify that when the investor considers its de facto agent's decision-making rights and its indirect exposure, or rights, to variable returns is only an example in which judgement is required to determine whether a party is acting as a de facto agent.
- Amendments to PAS 7, *Statement of Cash Flows* – The amendments clarify that when accounting for an investment in an associate, a joint venture or a subsidiary accounted for by use of the equity or at cost, an investor restricts its reporting in the statements of cash flows to the cash flows between itself and the investee, such as dividends and advances

Effective for annual periods beginning on or after January 1, 2027:

- PFRS 18, *Presentation and Disclosure in Financial Statements* – This standard replaces PAS 1, *Presentation of Financial Statements*, and sets out requirements for the presentation and disclosure of information in general purpose financial statements. The standard introduces new categories and sub-totals in the statements of comprehensive income, additional disclosures on management-defined performance measures, and enhanced requirements for grouping information. Full retrospective application is required. Earlier application is permitted.

The Group expects the adoption of PFRS 18 to result in changes in presentation and additional disclosures in the consolidated financial statements. The standard is not expected to have an impact on the recognition or measurement of the Group's assets, liabilities, income or expenses.

Deferred effectivity –

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Investment in Associates - Sale or Contribution of Assets Between an Investor and its Associate or Joint Venture* – The amendments address a conflicting provision under the two standards. It clarifies that a gain or loss shall be recognized fully when the transaction involves a business, and partially if it involves assets that do not constitute a business. The effective date of the amendments, initially set for annual periods beginning on or after January 1, 2016, was deferred indefinitely in December 2015 but earlier application is still permitted.

Under prevailing circumstances, the adoption of the foregoing new and amendments to PFRS Accounting Standards is not expected to have any material effect on the consolidated financial statements of the Group. Additional disclosures will be included in the consolidated financial statements, as applicable.

## **Basis of Consolidation**

The consolidated financial statements include the accounts of the Parent Company and subsidiaries. Subsidiaries are entities in which the Parent Company has control. The Parent Company controls a subsidiary if it is exposed or has rights to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary. Control is generally accompanied by a shareholding of more than one-half of the voting rights. The existence and effect of potential voting rights that are substantive are considered when assessing whether the Parent Company controls an entity. The Parent Company reassesses whether or not it controls an entity if facts and circumstances indicate that there are changes to one or more of the three elements of control.

The financial statements of the subsidiaries are included in the consolidated financial statements from the date when the Parent Company obtains control and continue to be consolidated until the date when such control ceases. The results of operations of the subsidiaries acquired or disposed are included in the consolidated statements of comprehensive income from the date of acquisition or up to the date of disposal, as appropriate.

The financial statements of the subsidiaries are prepared using the same reporting period of the Parent Company. Consolidated financial statements are prepared using uniformed accounting policies for like transactions and other events in similar circumstances. Intercompany balances and transactions, including intercompany profits and unrealized profits and losses, are eliminated in full.

A change in ownership interest of a subsidiary, without a change in control, is accounted for as an equity transaction. Upon the loss of control, the Parent Company derecognizes the assets (including goodwill) and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Gain or loss arising from the loss of control is recognized in profit or loss. If the Parent Company retains interest in the previous subsidiary, then such interest is measured at fair value at the date control is lost. Subsequently, it is accounted for as an equity-accounted investee or as a financial asset at fair value through profit or loss depending on the level of interest retained.

*Non-controlling Interests.* Non-controlling interests represent the portion of profit or loss and net assets not held by the Parent Company, presented within equity in the consolidated statement of financial position, separately from equity attributable to equity holders of the Parent Company. Non-controlling interests represent the interests of minority shareholders of PT IAFI, PT VDZ and AMHI.

## **Financial Assets and Liabilities**

### **Recognition and Measurement**

*Date of Recognition.* The Group recognizes a financial asset or a financial liability in the consolidated statements of financial position when it becomes a party to the contractual provisions of a financial instrument. In the case of a regular way purchase or sale of financial assets, recognition and derecognition, as applicable, is done using settlement date accounting.

*Initial Recognition and Measurement.* Financial instruments are recognized initially at fair value, which is the fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated at fair value through profit and loss (FVPL), includes transaction cost.

*“Day 1” Difference.* Where the transaction in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Group recognizes the difference between the transaction price and fair value (a “Day 1” difference) in profit or loss. In cases where there is no observable market data on inception, the Group deems the transaction price as the best estimate of fair value and recognizes “Day 1” difference in profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Group determines the appropriate method of recognizing the “Day 1” difference.

### **Classification**

The Group classifies its financial assets at initial recognition under the following categories: (a) financial assets at FVPL, (b) financial assets at amortized cost and (c) financial assets at fair value through other comprehensive income (FVOCI). Financial liabilities, on the other hand, are classified as either financial liabilities at FVPL or financial liabilities at amortized cost. The classification of a financial instrument largely depends on the Group’s business model and its contractual cash flow characteristics.

As at December 31, 2025 and 2024, the Group does not have financial assets and liabilities at FVPL and financial assets at FVOCI.

*Classification of Financial Instruments between Liability and Equity.* A financial instrument is classified as liability if it provides for a contractual obligation to:

- Deliver cash or another financial asset to another entity;
- Exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Group; or,
- Satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Group does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

*Financial Assets at Amortized Cost.* Financial assets shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and,
- the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less any allowance for impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the financial assets are derecognized and through amortization process. Financial assets at amortized cost are included under current assets if realizability or collectability is within 12 months after the reporting period. Otherwise, these are classified as noncurrent assets.

As at December 31, 2025 and 2024, the Group's cash, trade and other receivables and refundable lease deposits (presented under "Other noncurrent assets") are classified under this category.

*Financial Liabilities at Amortized Cost.* Financial liabilities are categorized as financial liabilities at amortized cost when the substance of the contractual arrangement results in the Group having an obligation either to deliver cash or another financial asset to the holder, or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

These financial liabilities are initially recognized at fair value less any directly attributable transaction costs. After initial recognition, these financial liabilities are subsequently measured at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the liabilities are derecognized or through the amortization process. Financial liabilities at amortized cost are included under current liabilities if maturity is within 12 months from reporting date. Otherwise, these are classified as noncurrent liabilities.

As at December 31, 2025 and 2024, the Group's trade and other payables (excluding statutory payable and customers' deposits), loans payable, lease liabilities, due to a related party and other noncurrent liability are classified under this category.

#### **Reclassification**

The Group reclassifies its financial assets when, and only when, it changes its business model for managing those financial assets. The reclassification is applied prospectively from the first day of the first reporting period following the change in the business model (reclassification date).

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVPL, any gain or loss arising from the difference between the previous amortized cost of the financial asset and fair value is recognized in profit or loss.

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVOCI, any gain or loss arising from a difference between the previous amortized cost of the financial asset and fair value is recognized in other comprehensive income.

#### **Impairment of Financial Assets at Amortized Cost**

The Group records an allowance for expected credit losses (ECL). ECL is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive. The difference is then discounted at an approximation to the asset's original effective interest rate.

For trade receivables, the Group has applied the simplified approach and has calculated ECL based on the lifetime ECL. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other financial assets at amortized costs, the ECL is based on the 12-month ECL, which pertains to the portion of lifetime ECL that results from default events on a financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since initial recognition, the allowance will be based on the lifetime ECL. When determining whether the credit risk of a financial asset has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and

consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

The Group considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions. In assessing whether a borrower is in default, the Group considers qualitative and quantitative factors.

### **Derecognition**

*Financial Assets.* A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the right to receive cash flows from the asset has expired;
- the Group retains the right to receive cash flows from the financial asset, but has assumed an obligation to pay them in full without material delay to a third party under a “pass-through” arrangement; or,
- the Group has transferred its right to receive cash flows from the financial asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its right to receive cash flows from a financial asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of ownership of the financial asset nor transferred control of the financial asset, the financial asset is recognized to the extent of the Group’s continuing involvement in the financial asset. Continuing involvement that takes the form of a guarantee over the transferred financial asset is measured at the lower of the original carrying amount of the financial asset and the maximum amount of consideration that the Group could be required to repay.

*Financial Liabilities.* A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

### **Offsetting**

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements, and the related assets and liabilities are presented gross in the consolidated statements of financial position.

### **Inventories**

Inventories are initially measured at cost. Subsequently, inventories are stated at the lower of cost and net realizable value (NRV). Cost incurred in bringing each product to its present location and condition is accounted for as follows:

*Raw Materials and Packaging Supplies.* Cost is determined using the weighted average method. NRV is the current replacement cost.

*Finished Goods.* Cost is determined using the weighted average method. Costs comprise direct materials and when applicable, direct labor costs and those overheads that have been incurred in bringing the inventories to their present location and condition. NRV represents the estimated selling price less estimated costs of completion and costs necessary to make the sale.

When the NRV of the inventories is lower than the cost, the Group recognizes the write-down as an expense in profit or loss. The amount of any reversal of any write-down of inventories, arising from an increase in NRV, is recognized as income in profit or loss.

When inventories are sold, the carrying amount of those inventories is recognized as an expense in the period when the related revenue is recognized and the related inventory write-down is reversed.

### **Other Assets**

Other assets that are expected to be realized over no more than 12 months after the reporting date are classified as current assets. Otherwise, these are classified as noncurrent assets.

*Advances to Suppliers.* Advances to suppliers are recognized whenever the Group pays in advance for its purchase of goods. These are applied for the purchase of raw materials upon delivery. These advances are measured at transaction price less any impairment in value.

*Value-added Tax (VAT).* Revenue, expenses and assets are recognized net of the amount of VAT except receivables and payables that are stated with the amount of VAT included. The net amount of VAT recoverable from the taxation authority is included as part of "Other current assets" account in the consolidated statements of financial position.

*Prepayments.* Prepayments are expenses paid in advance and recorded as assets before these are utilized. These are measured at face amount less any impairment in value. These are apportioned over the period covered by the payment and recognized in profit or loss when incurred.

*Investments in Joint Ventures.* A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining joint control are similar to those necessary to determine control over subsidiaries.

The Group's investments in joint ventures are initially carried in the consolidated statements of financial position at cost. Subsequent to initial recognition, investments in joint ventures are measured in the consolidated financial statements using the equity method.

Under the equity method, the investments in joint ventures are initially recognized at cost. The carrying amount of the investments is adjusted to recognize changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investments and is neither amortized nor individually tested for impairment.

Upon loss of joint control over the joint venture, the Group measures and recognizes any retaining investment at its fair value. Any difference between the carrying amount of the investment upon loss of significant influence or joint control and the fair value of the retained interest and proceeds from disposal is recognized in profit or loss.

**Property, Plant and Equipment**

Property, plant and equipment, except land, are stated at cost less accumulated depreciation, amortization and any accumulated impairment in value. Land is stated at cost less any impairment in value.

The initial cost of property, plant and equipment comprises its purchase price, after deducting trade discounts and rebates, and any directly attributable costs of bringing the asset to its working condition and location for its intended use. The cost of self-constructed assets includes the cost of materials and direct labor, any other directly attributable costs, the costs of dismantling and removing the items and restoring the site on which they are located and capitalized borrowing costs. Purchased software that is integral to the functionality of the related equipment is capitalized as part of the equipment.

Expenditures incurred after the property, plant and equipment have been put into operation, such as repairs, maintenance and overhaul costs, are normally recognized in profit or loss in the year the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as additional costs of property, plant and equipment. The cost of replacing a component of an item of property, plant and equipment is recognized if it is probable that the future economic benefits embodied within the component will flow to the Group, and its cost can be measured reliably. The carrying amount of the replaced component is derecognized.

When significant parts of an item of property, plant and equipment have different useful lives, these are accounted for as separate items (major components) of property, plant and equipment.

Depreciation and amortization are computed using the straight-line method over the following estimated useful lives of the property, plant and equipment:

<u>Asset Type</u>	<u>Number of Years</u>
Building	15 - 25
Leasehold improvements	5 (or lease term, whichever is shorter)
Machinery and equipment	20
Transportation equipment	5
Office furniture, fixtures and equipment	5
Plant furniture, fixtures and equipment	5

The estimated useful lives and depreciation and amortization method are reviewed periodically to ensure that these are consistent with the expected pattern of economic benefits from items of property, plant and equipment.

Fully depreciated and amortized assets are retained in the accounts until they are no longer in use and no further charge for depreciation and amortization is made in respect of those assets.

When assets are retired or otherwise disposed of, the cost and the related accumulated depreciation, amortization and any impairment in value are removed from the accounts. Any resulting gain or loss is recognized in profit or loss.

### **Impairment of Nonfinancial Assets**

The carrying amounts of the Group's nonfinancial assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable. If any such indication exists and when the carrying amounts exceed the estimated recoverable amounts, the assets or cash-generating units are written down to their recoverable amounts. The recoverable amount of the asset is the greater of the fair value less cost to sell or value in use. The fair value less cost to sell is the amount obtainable from the sale of an asset in an arm's-length transaction less the cost of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. Impairment losses are recognized in profit or loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. In such instance, the carrying amount of the asset is increased to its recoverable amount. However, that increased amount cannot exceed the carrying amount that would have been determined, net of depreciation and amortization, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss. After such reversal, the depreciation and amortization charges are adjusted in future years to allocate the asset's revised carrying amount, on a systematic basis over its remaining useful life.

### **Equity**

*Capital Stock and APIC.* Capital stock is measured at par value for all shares issued and outstanding. Incremental costs, net of tax, incurred that are directly attributable to the issuance of new shares are recognized in equity as a reduction from related APIC or retained earnings. Excess of proceeds or fair value of consideration received over par value is recognized as APIC.

*Deficit.* Deficit represents the cumulative balance of the Group's results of operations as at reporting date. Deficit may also include effect of changes in accounting policy as may be required by the standard's transitional provision.

*Treasury Stock.* Own equity instruments which are reacquired are recognized at cost and deducted from equity. No gain or loss is recognized in the consolidated statements of comprehensive income on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in APIC. Voting rights related to treasury shares are nullified for the Group and no dividends are allocated to them.

*Other Comprehensive Income.* Other comprehensive income comprises of items of income and expenses that are not recognized in profit or loss for the year in accordance with PFRS Accounting Standards. Other comprehensive income pertains to cumulative remeasurement gains on retirement benefits obligation and cumulative translation adjustments.

### **Loss per Share**

The Group presents basic and diluted loss per share data for its common shares.

Basic loss per share is calculated by dividing the net income (loss) attributable to common shareholders of the Parent Company by the weighted average number of common shares issued and outstanding during the year. There are no potential dilutive shares.

### **Revenue Recognition**

The Group generates revenue primarily from the sale of goods. Other revenue sources include rental, interest and other income.

*Revenue from Contracts with Customers.* Revenue from contracts with customers is recognized when the performance obligation in the contract has been satisfied, either at a point in time or over time. Revenue is recognized over time if one of the following criteria is met: (a) the customer simultaneously receives and consumes the benefits as the Group perform its obligations; (b) the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or (c) the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date. Otherwise, revenue is recognized at a point in time.

The Group also assesses its revenue arrangements to determine if it is acting as a principal or as an agent. The Group has assessed that it acts as a principal in all of its revenue sources.

The following specific recognition criteria must also be met before revenue is recognized.

*Sale of Goods.* Revenue is recognized, net of sales returns and discounts, at point in time when the significant risks and rewards of ownership of the goods have passed to the customers, which is normally upon delivery to and acceptance of the goods by the customer.

Revenue from other sources is recognized as follows:

*Interest Income.* Interest is recognized as it accrues on a time proportion basis using the effective interest method.

*Other Income.* Income from other sources is recognized when earned during the year.

### **Contract Balances**

*Receivables.* A receivable represents the Group's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

*Contract Assets.* A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays a consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

As at December 31, 2025 and 2024, the Group does not have outstanding contract assets.

*Contract Liabilities.* A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays a consideration before the Group transfers goods or services to the customer, a contract liability is recognized when the payment is made by the customer or when the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Group performs under the contract.

The Group considers its customers' deposits as contract liabilities (see Note 11).

*Cost to Obtain a Contract.* The incremental costs of obtaining a contract with a customer are recognized as an asset if the Group expects to recover them. Otherwise, these are treated as expense.

*Contract Fulfillment Asset.* Contract fulfillment costs are divided into: (i) costs that give rise to an asset; and (ii) costs that are expensed as incurred. When determining the appropriate accounting treatment for such costs, the Group first considers any other applicable standards. If those standards preclude capitalization of a particular cost, then an asset is not recognized under PFRS 15. If other standards are not applicable to contract fulfillment costs, the Group applies the following criteria which, if met, result in capitalization: (i) the costs directly relate to a contract or to a specifically identifiable anticipated contract; (ii) the costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and (iii) the costs are expected to be recovered. The assessment of these criteria requires the application of judgment, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recoverable.

As at December 31, 2025 and 2024, the Group does not have contract fulfillment assets.

#### **Cost and Expense Recognition**

Costs and expenses are recognized in profit or loss when a decrease in future economic benefit related to a decrease in an asset or an increase in a liability has arisen that can be measured reliably.

*Cost of Goods Sold.* Cost of goods sold is recognized as expense when the related goods are sold.

*Selling and Administrative Expenses.* Selling expenses constitute costs incurred to sell and market the goods and services. Administrative expenses constitute costs of administering the business. These are charged to profit or loss in the period when these are incurred.

*Interest Expense.* Interest is recognized as it accrues on a time proportion basis using the effective interest method.

*Other Charges.* Expenses from other sources are expensed as incurred.

#### **Leases**

The Group assesses whether the contract is, or contains, a lease. To assess whether a contract conveys the right to control the use of an identified assets for a period of time, the Group assesses whether, throughout the period of use, it has both of the following:

- i. the right to obtain substantially all of the economic benefits from the use of the identified asset; and,
- ii. the right to direct the use of the identified asset.

If the Group has the right to control the use of an identified asset for only a portion of the term of the contract, the contract contains a lease for that portion of the term. The Group also assesses whether a contract contains a lease for each potential separate lease component.

At the commencement date, the Group recognizes right-of-use (ROU) assets and lease liabilities for all leases, except for leases with lease terms of 12 months or less (short-term leases) and leases for which the underlying asset is of low value in which case the lease payments associated with those leases are recognized as an expense on a straight-line basis.

*ROU Assets.* At commencement date, the Group measures ROU assets at cost. The cost comprises:

- i. the amount of the initial measurement of lease liabilities;
- ii. any lease payments made at or before the commencement date less any lease incentives received;
- iii. any initial direct costs; and,
- iv. an estimation of costs to be incurred by the Group in dismantling and removing the underlying asset, when applicable.

After the commencement date, the ROU assets are carried at cost less any accumulated amortization and accumulated impairment losses, and adjusted for any remeasurement of the related lease liabilities. The ROU assets are amortized over the shorter of the lease terms or the useful lives of the underlying assets ranging from four to 28 years.

*Lease Liabilities.* At commencement date, the Group measures lease liabilities at the present value of future lease payments using the interest rate implicit in the lease, if that rate can be readily determined. Otherwise, the Group uses its incremental borrowing rate. Lease payments included in the measurement of lease liabilities comprise the following:

- i. fixed payments, including in-substance fixed payments;
- ii. variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- iii. amounts expected to be payable by the lessee under residual value guarantees; and,
- iv. the exercise price under a purchase option that the Group is reasonably certain to exercise; lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option; and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

Lease liabilities are subsequently measured at amortized cost. Interest on the lease liabilities and any variable lease payments not included in the measurement of lease liabilities are recognized in profit or loss unless these are capitalized as costs of another asset. Variable lease payments not included in the measurement of the lease liabilities are recognized in profit or loss when the event or condition that triggers those payments occurs.

If there is a change in the lease term or if there is a change in the assessment of an option to purchase the underlying asset, the lease liability is remeasured using a revised discount rate considering the revised lease payments on the basis of the revised lease term or reflecting the change in amounts payable under the purchase option. The lease liability is also remeasured using the revised lease payments if there is a change in the amounts expected to be payable under a residual value guarantee or a change in future lease payments resulting from a change in an index or a rate used to determine those payments.

For income tax reporting purposes, payments and receipts under lease agreements are treated as deductible expense and taxable income in accordance with the terms of the lease agreements.

### **Employee Benefits**

*Short-term Benefits.* Short-term employee benefits are recognized as expense in the period when the economic benefits are given. Unpaid benefits at the end of the accounting period are recognized as accrued expense while benefits paid in advance are recognized as prepayment to the extent that it will lead to a reduction in future payments. Short-term benefits given by the Group to its employees include salaries and wages, social security contributions, short-term compensated absences and non-monetary benefits.

*Retirement Benefits Cost.* Retirement benefits costs are actuarially determined using the projected unit credit method. This method reflects services rendered by employees up to the date of valuation and incorporates assumptions concerning employees' projected salaries.

The Group recognizes service costs comprising of current service costs and net interest expense on the retirement benefits liability in profit or loss.

The Group determines the net interest expense on defined benefit obligation by applying the discount rate to the net retirement benefits obligation at the beginning of the year, taking into account any changes in the liability during the period as a result of contributions and benefit payments.

Remeasurements of the net retirement benefits liability, which consist of actuarial gains and losses and the return on plan asset (excluding amount charged in net interest) are recognized immediately in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held in trust and managed by a trusted bank. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. The fair value of the plan assets is based on the market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the fair value of the plan assets is higher than the present value of the defined benefit obligation, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The net retirement benefits obligation recognized by the Group is the present value of the defined benefit obligation reduced by the fair value of plan asset. The present value of defined benefit obligation is determined by discounting the estimated future cash outflows using risk-free interest rates of government bonds that have terms to maturity approximating the terms of the related defined benefits obligation.

Actuarial valuations are made with sufficient regularity so that the amounts recognized in the consolidated financial statements do not differ materially from the amounts that would be determined at the reporting date.

### **Income Taxes**

*Current Tax.* Current tax liabilities for the current and prior years are measured at the amounts expected to be paid to the taxation authority. The tax rates and laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

*Deferred Tax.* Deferred tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences and the carryforward benefits of net operating loss carryover (NOLCO) and excess minimum corporate income tax (MCIT) over regular corporate income tax (RCIT), to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and the carryforward benefits of unused NOLCO and excess MCIT over RCIT can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates and tax laws that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates and tax laws in effect at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in relation to the underlying transaction either in other comprehensive income or directly in equity.

*Offsetting.* Current tax assets and current tax liabilities are offset, or deferred tax assets and deferred tax liabilities are offset if, and only if, an enforceable right exists to set off the amounts and it can be demonstrated without undue cost or effort that the Group plans either to settle on a net basis or to realize the asset and settle the liability simultaneously.

#### **Foreign Currency-denominated Transactions and Translation**

Each entity in the Group determines its own functional currency and items included in the consolidated financial statements of each entity are measured using that functional currency. Transactions in foreign currencies are initially recorded using the exchange rate at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies are restated using the closing exchange rate prevailing at the reporting date. Exchange gains or losses arising from foreign exchange transactions are credited to or charged against operations for the year.

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation on non-monetary items in respect of which gains and losses are recognized in other comprehensive income.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in U.S. Dollars using exchange rates prevailing at the end of the reporting period. Income and expense items (including comparatives) are translated at the average exchange rates at the dates of the transactions are used. Exchange differences, if any, are recognized as cumulative translation adjustment in other comprehensive income.

For income tax reporting purposes, foreign exchange gains or losses are treated as taxable income or deductible expenses in the year such are realized.

### **Related Party Relationships and Transactions**

Related parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence. Related parties may be individuals or corporate entities. Such relationships also exist between and/or among entities which are under common control with the reporting enterprise, or between and/or among the reporting enterprises and their key management personnel, directors, or its stockholders. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely to the legal form.

Related party transactions are considered material and/or significant if (i) these transactions amount to 10% or higher of the Group's total assets or, (ii) there are several transactions or a series of transactions over a 12-month period with the same related party amounting to 10% or higher of the Group's total assets. Details of transactions entered into by the Group with related parties are reviewed by the BOD in accordance with the Group's related party transactions policies.

Related party transactions consist of transfers of resources, services or obligations between the Group and its related parties, regardless of whether a price is charged.

### **Provisions**

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at the end of reporting period and adjusted to reflect the current best estimate.

### **Contingencies**

Contingent liabilities are not recognized in the consolidated financial statements. These are disclosed in the notes to consolidated financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but are disclosed in the notes to consolidated financial statements when an inflow of economic benefits is probable.

### **Events after the Reporting Period**

The Group identifies subsequent events as events that occurred after the reporting date but before the date when the consolidated financial statements were authorized for issue. Any subsequent event that provides additional information about the Group's financial position at the reporting date is reflected in the consolidated financial statements. Non-adjusting subsequent events are disclosed in the notes to the consolidated financial statements when material.

### **Operating Segments**

For management purposes, the Group is divided into operating segments per product/service (tuna, salmon, and rental) according to the nature of the products and services provided. The Group's identified operating segments are consistent with the segments reported to the BOD, which is the Group's Chief Operating Decision Maker. Financial information on operating segments is presented in Note 27 to the consolidated financial statements.

---

### 3. Significant Judgments, Accounting Estimates and Assumptions

The preparation of the Group's consolidated financial statements requires management to make judgments, accounting estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in an outcome that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

While the Group believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates.

The judgments, accounting estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period when the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The Group believes that the following represent a summary of these significant judgments, estimates and assumptions and the related impact and associated risks in the consolidated financial statements:

*Determining the Functional Currency.* Based on management's assessment, the functional currency of the Group has been determined to be the U.S. Dollar. The functional currency of certain subsidiaries is Philippine Peso. The U.S. Dollar is the currency that mainly influences the operations of most of the entities within the Group, as majority of its revenue are from export sales and its raw materials are imported from other countries.

*Determining Control Over Subsidiaries.* Control is presumed to exist when an investor is exposed, or has rights, to variable returns from its involvement with the subsidiaries and has the ability to affect those returns through its power over the subsidiaries. Management has determined that by virtue of its majority ownership of voting rights or by the power to cast the majority of votes through its representatives in the BOD of its subsidiaries as at December 31, 2025 and 2024, the Parent Company has the ability to exercise control over these investees.

*Determining the Reportable Operating Segments.* The Group has determined that it has reportable segments based on the following thresholds:

- a. Its reported revenue, including both sales to external customers and intersegment sales or transfers, is 10% or more of the combined revenue, internal and external, of all operating segments.
- b. The absolute amount of its reported profit or loss is 10% or more, in absolute amount, of (i) the combined reported profit of all operating segments that did not report a loss and (ii) the combined reported loss of all operating segments that reported a loss.
- c. Its assets are 10% or more of the combined assets of all operating segments.

Operating segments that do not meet any of the quantitative thresholds may be considered reportable and separately disclosed if management believes that information about the segment would be useful to users of the consolidated financial statements. The Group is organized into three major operating business segments (tuna, salmon and rental) in 2025, 2024 and 2023 which is consistent with how the Group's management internally monitors and analyzes financial information.

*Classifying the Financial Assets and Liabilities.* The Group has determined that it shall classify its financial assets at amortized cost on the basis of the following conditions met:

- The asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and,
- The contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Moreover, the Group has determined that it shall classify its financial liabilities at amortized cost using the effective interest method.

*Assessing the ECL of Financial Assets at Amortized Cost.* The Group measures expected credit losses (ECL) on financial assets at amortized cost using the simplified approach, which provides for lifetime ECL. Loss rates are based on historical default experience, adjusted for relevant forward-looking macroeconomic factors. Cash is also subject to impairment under PFRS 9, but any related loss is not material. The Group uses judgment in assessing significant increases in credit risk, considering the counterparty's financial condition and adverse business or economic development.

The carrying amounts of the Group's cash, trade and other receivables, and other noncurrent receivables are disclosed in Notes 5, 6 and 10 in the consolidated financial statements.

*Classifying the Lease Commitments - Group as a Lessee.* The Group has entered into lease agreements for its office space and manufacturing area. For the Group's non-cancellable lease, the Group recognizes ROU assets and lease liabilities measured at the present value of lease payments to be made over the lease term using the Group's incremental borrowing rate. The Group availed exemption for the short-term leases with terms of 12 months or less. Accordingly, lease payments on short-term leases are recognized as expense on a straight-line basis over the lease term.

The carrying amounts of ROU assets and lease liabilities are disclosed in Note 22 to the consolidated financial statements.

*Assessing the Extension Options of Lease Commitments.* The Group's property leases on office and plant contain extension options exercisable by the Group prior to the end of the contract period to maximize operational flexibility in terms of managing contracts. Extension options are not reflected in measuring lease liabilities in cases when these options are not reasonably certain to be exercised or when the terms and conditions of the renewed contract are uncertain and subject to change considering the economic circumstances under which the Group operates. A reassessment will be made when there is a significant event or significant change in circumstances within its control. There were no reassessments made in 2025, 2024 and 2023.

*Estimating the ROU Assets and Lease Liabilities.* The Group's ROU assets and lease liabilities are initially measured at the present value of lease payments. In determining the appropriate discount rate, the Group considered readily available interest rate implicit in the lease agreements, interest rate on its borrowings, and the term of each lease commitment. The Group determined that the implicit rate in the lease agreement is not readily available and that the interest rate on its borrowings presents the appropriate financing cost in leasing the underlying assets. The incremental borrowing rate used in the lease is the rate that would cause the present value of the lease payments and unguaranteed residual to equal the sum of the fair value of the underlying assets and initial direct costs incurred.

The carrying amounts of ROU assets and lease liabilities are disclosed in Note 22 to the consolidated financial statements.

*Estimating the NRV of Inventories.* The NRV of inventories represents the estimated selling price for inventories less all estimated costs of completion and cost necessary to make the sale. The Group determines the estimated selling price based on the recent sale transaction of similar goods with adjustments to reflect any changes in economic conditions since the date when the transactions occurred. The Group records provisions for the excess of cost over the net realizable value of inventories. While the Group believes that the estimates are reasonable and appropriate, significant differences in the actual experience or significant changes in estimates may materially affect the profit or loss and equity.

The carrying amount of inventories carried at lower of cost or NRV is disclosed in Note 7 to the consolidated financial statements.

*Estimating the Useful Lives of Property, Plant and Equipment.* The Group estimates the useful lives of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimates are based on a collective assessment of industry practice, internal technical evaluation and experience with similar assets. The estimated useful lives of these assets are reviewed at each reporting date and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets. Future results of operations could be materially affected by changes in estimates brought about by changes in the factors mentioned above. The amount and timing of recording of depreciation expense for any period would be affected by changes in these factors and circumstances.

There were no changes in the estimated useful lives of the Group's property, plant and equipment in 2025, 2024 and 2023.

The carrying amounts of depreciable property, plant and equipment are disclosed in Note 9 to the consolidated financial statements.

*Assessing the Impairment of Nonfinancial Assets.* The Group assesses impairment on its nonfinancial assets whenever events or changes in circumstances indicate that the carrying amount of the assets or group of assets may not be recoverable. The relevant factors that the Group considers in deciding whether to perform an asset impairment review include the following:

- significant underperformance of a business in relation to expectations;
- significant negative industry or economic trends; and,
- significant changes or planned changes in the use of the assets.

Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognized. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit to which the asset belongs. Recoverable amount represents the greater of the fair value less cost to sell and the value in use. Value in use is determined as the present value of estimated future cash flows expected to be generated from the continued use of the assets. The estimated cash flows are projected using growth rates based on historical experience and business plans and are discounted using pretax discount rates that reflect the current assessment of the time value of money and the risks specific to the assets. The discount rates were derived from the weighted average cost of capital, which takes into account both debt and equity.

Management has assessed that the amount of allowance for impairment losses of the Group's nonfinancial assets as at December 31, 2025 and 2024 is sufficient. The carrying amounts of these nonfinancial assets are disclosed in Notes 8, 9 and 10 to the consolidated financial statements.

*Estimating the Retirement Benefits Cost Obligation.* The determination of the obligation and costs of retirement benefits is dependent on the assumptions used by the actuary in calculating such amounts. These assumptions are described in Note 14 to the consolidated financial statements and include, among others, discount rates and salary increase rates.

Information on retirement benefits obligation are disclosed in Note 14 to the consolidated financial statements.

*Recognizing the Deferred Tax Assets.* The carrying amount of deferred tax assets at each reporting date is reviewed and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. The Group's assessment on the recognition of deferred tax assets on deductible temporary differences is based on the forecasted taxable income of the subsequent reporting periods. This forecast is based on the Group's past results and future expectations on revenue and expenses.

The Group did not recognize deferred tax assets amounting to \$2.3 million and \$3.2 million as at December 31, 2025 and 2024, respectively. Management believes that there may be no sufficient future taxable income against which the benefits of these deferred tax assets can be utilized. The information on deferred tax assets is disclosed in Note 24 to the consolidated financial statements.

*Evaluating the Provisions and Contingencies.* The Group provides for present obligations (legal or constructive) where it is probable that there will be an outflow of resources embodying economic benefits that will be required to settle said obligations. An estimate of the provision is based on known information at the end of reporting period, net of any estimated amount that may be reimbursed to the Group. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to liability. The amount of provision is being re-assessed at least on an annual basis to consider new relevant information.

Pursuant to PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, certain information expected to seriously prejudice the position of an entity, subject of the provision need not be disclosed.

#### 4. **Liquidation of a Subsidiary**

##### **PT VDZ**

The Group's non-controlling interests include the non-controlling interest in PT VDZ representing 51.00% ownership in PT VDZ and amounting to \$2.4 million as at December 31, 2023.

On August 11, 2022, the BOD of the Group approved the liquidation of PT VDZ.

On June 12, 2024, the stockholders of PT VDZ approved the final liquidation report prepared by the liquidator. The termination of the legal entity status of PT VDZ, based on a Copy of Deed dated June 12, 2024, has been recorded and removed from the Indonesian Company Register, as confirmed by the Minister of Law and Human Rights of the Republic of Indonesia on August 12, 2024.

In line with the dissolution of PT VDZ, the balance of non-controlling interest amounting to \$2.5 million in 2024 was derecognized. Consequently, this amount was recognized as “Loss on dissolution of a subsidiary” under the “Other Income (Charges)” account in the consolidated statements of comprehensive income (see Note 19).

Upon the dissolution of PT Van De Zee (PT VDZ) on August 12, 2024, the carrying amounts of its assets and liabilities of \$5,131 and \$4.8 million, respectively, were excluded from the consolidated financial statements.

		<b>\$1,307,095</b>	\$1,127,164	\$946,073

The cost of fully depreciated property, plant and equipment still in use in the Group's operations amounted to \$2.5 million and \$2.0 million as at December 31, 2025 and 2024, respectively.

The Group assesses impairment on its property, plant and equipment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The relevant factors that the Group considers in their impairment assessment when there is significant underperformance of a business in relation to expectations, decline in economic trends or changes in the use of the assets.

Management has assessed that the amount of allowance for impairment loss of the Group's property, plant and equipment as at December 31, 2025 and 2024 is adequate.

## 10. Other Noncurrent Assets

This account consists of:

	Note	2025	2024
Receivable from Wild Catch Fisheries, Inc. (WCFI)	13	<b>\$2,183,281</b>	\$2,183,281
Investments in joint ventures		<b>280,243</b>	280,243

		<b>\$145,478</b>	\$146,022

Receivable from WCFI pertains to the proceeds from the sale of a fishing vessel and advances for fish deposit. WCFI ceased its commercial fishing operations since 2014. This was fully provided with allowance for impairment loss.

Investments in joint ventures pertain to 39% ownership interest in FDCP, Inc. (FDCP) and 40% ownership interest in WCFI. FDCP has ceased the operations of its manufacturing and wholesale of tin cans operations in 2015. The Group's investments in joint ventures are fully provided with allowance for impairment losses.

## 11. Trade and Other Payables

This account consists of:

	2025	2024
Trade payables	<b>\$8,350,307</b>	\$13,315,623
Accrued expenses	<b>1,055,030</b>	563,444

Customers' deposits	<b>71,787</b>	60,933
	<b>\$10,171,828</b>	\$14,064,683

Trade payables are non-interest bearing and are generally settled within 30 days. Trade payables include the current portion of a liability related to the acquisition of solar power equipment.

Accrued expenses pertains to professional fees, salaries, wages and other benefits, interest and outside services that are generally settled within the year.

Statutory payable includes amounts of payable to government agencies and are normally settled in the following month.

Customers' deposits pertain to advances from customers for the purchase of goods. These are recognized as revenue upon delivery of goods to customers.

### Other Noncurrent Liability

In March 2022, the Group entered into a 20-year agreement with a third party for the purchase of solar power equipment on installment basis. The agreement requires the Group to pay fixed monthly fee with agreed interest.

The current and noncurrent portions of the related liability amounted to \$16,078 and \$400,360 as at December 31, 2025 and \$15,442 and \$423,241 as at December 31, 2024, respectively.

## 12. Loans Payable

The loans from local banks, with terms ranging from four to 11 months, pertain to working capital loans and availments of revolving facilities in the form of export packing credit, export bills purchase, import letters of credit and trust receipts. The loans from local banks bear interest rates ranging from 6.25% to 6.49% and 5.75% to 6.25% per annum in 2025 and 2024, respectively.

Loans from local banks amounted to \$36.7 million and \$20.3 million as at December 31, 2025 and 2024, respectively.

Interest expense is recognized from the following:

Balance as at December 31, 2023	\$393,835	(\$90,222)	\$303,613

The principal assumptions used for the purposes of the actuarial valuations were as follows:

	2025	2024	2023
Discount rate	<b>6.21%</b>	6.11%	6.05%
Salary increase rate	<b>5.00%</b>	5.50%	3.00%

The sensitivity analyses on the retirement benefits obligation as at December 31, 2025 and 2024 below have been determined based on possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

	Basis Points	2025	2024
Discount rate	+1.00%	<b>(\$26,346)</b>	(\$27,499)
	-1.00%	<b>30,245</b>	31,908
Salary increase rate	+1.00%	<b>30,348</b>	31,700
	-1.00%	<b>(27,484)</b>	(28,204)

The Group does not have expected contributions to the plan for the next annual reporting period.

The table below shows the maturity profile of the undiscounted benefit payments as at December 31, 2025:

	Amount
Less than one year	\$18,813
One year to less than five years	225,148
Five years to less than ten years	226,784
Ten years to less than fifteen years	291,662
Fifteen years to less than twenty years	283,161
Twenty years and above	454,174

The average duration of the benefit obligation is 16 years as at December 31, 2025.

The plan exposes the Group to the following risks:

- Salary risk - any increase in the retirement plan participants' salary will increase the retirement plan's liability
- Longevity risk - any increase in the plan participants' life expectancy will increase the retirement plan's liability
- Investment risk - if the actual return on plan assets is below the discount rate used in calculating the present value of the retirement liability, a plan deficit will arise. However, the compositions of plan assets are balanced enough not to expose the Company to significant concentrations of investment risk
- Interest rate risk - a decrease in bond interest rate will increase the present value of retirement liability. However, this is partially counterbalanced by an increase in the return on the plan assets

### 23. Corporate Social Responsibility (CSR)

The Group is committed to responsible business practices that promote environmental sustainability, community development, and educational empowerment. In 2025, the Group strengthened its CSR initiatives in General Santos City and nearby communities, guided by employee involvement, strong partnerships, and long-term impact.

- **Environmental Stewardship:** The Group sustained its bi-annual coastal clean-up efforts along its shoreline as part of its commitment to protecting marine ecosystems. Complementing this initiative, the Group spearheaded a tree-planting activity that planted 100 trees in Barangay Maligo, Polomolok. Delivered through partnerships with local contractors and the local government unit, these initiatives promote marine conservation, reforestation, climate resilience, and shared responsibility for environmental stewardship.
- **Community and Educational Support:** The Group supported education and social equity by providing school supplies and a feeding program for 80 students at Ondok Gawan Elementary School during Brigada Eskwela, while assisting 100 underprivileged learners in General Santos City to help them start the school year prepared and motivated.
- **Youth Development and Learning Opportunities:** The Group supported youth skills development by hosting 16 senior high school students for immersion and accommodating 25 college students from seven institutions for OJT, strengthening workforce readiness and career development.
- **Investment in Future Leaders:** The Group awarded five scholarships in 2025 to Fisheries and Engineering students at Mindanao State University – General Santos, reinforcing its commitment to education in fields vital to sustainable resource management, innovation, and academic partnership.

#### Employee Engagement and Impact

Employee participation across all CSR activities fostered teamwork, volunteerism, and a stronger connection to Group's values. These initiatives strengthened employees' sense of purpose and reaffirmed the Group's commitment to shared responsibility and inclusive growth.

\*Excluding statutory payable and customers' deposits

The following methods and assumptions are used to estimate the fair value of the Group's financial assets and liabilities:

*Cash in Banks, Trade and Other Receivables, Trade and Other Payables (excluding Statutory Payable and Customers' Deposits), Loans Payable and Due to a Related Party – current.* The carrying amounts of these financial instruments approximate their fair values due to the relatively short-term maturity of these financial instruments.

*Refundable lease deposits, Lease Liabilities, Due to a Related Party – noncurrent and Other Noncurrent Liability.* The fair values of these financial instruments are determined based on the discounted cash flow analysis using effective interest rates for similar types of instruments. The fair values of these financial instruments are estimated using significant and unobservable inputs (Level 3 hierarchy). The effect of the discounting in determining the fair value is not material.

Generally, an increase or decrease in the incremental after-tax cash flows will result in an increase or decrease in the fair value of these financial asset and liabilities. An increase or decrease in discount rate will result in a decrease or increase in the fair value of these financial asset and liabilities.

The fair value hierarchy groups the financial instruments into Levels 1 to 3 based on the degree to which the fair value is observable. There were no transfers to other levels in 2025 and 2024.

## 26. Financial Risk Management Objectives and Policies

The Group's financial instruments consist of cash, trade and other receivables, receivable from WCFI, refundable lease deposits trade and other payables (excluding statutory payable and customers' deposit), loans payable, lease liabilities and due to a related party. The main purpose of these financial instruments is to finance the Group's operations.

The Group is exposed to credit risk, market risk and liquidity risk. Group's BOD and management review and approve the policies for managing each of the risks summarized below.

### **Credit Risk**

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

The table below shows the gross maximum exposure of the Group to credit risk before taking into consideration collateral and other credit enhancements:

	2025	2024
Cash in banks	<b>\$1,001,181</b>	\$790,245
Trade and other receivables	<b>22,599,590</b>	14,676,989
Receivable from WCFI	<b>2,183,281</b>	2,183,281
Refundable lease deposits	<b>145,478</b>	146,022
	<b>\$25,929,530</b>	\$17,796,537

*Risk Management.* Credit risk is managed on a group basis. The Group deals only with reputable banks and customers to limit this risk. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, the Group assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the management. The compliance with credit limits by customers is regularly monitored by management.

As at December 31, 2025 and 2024, the amount of cash in bank is neither past due nor impaired and has classified as "High Grade", while trade and other receivables were classified as "Standard Grade". The credit quality of the financial assets is managed by the Group using the internal credit quality ratings as follows:

*High Grade.* Pertains to counterparty who is not expected by the Group to default in settling its obligations, thus credit risk exposure is minimal. This normally includes large prime financial institutions and companies. Credit quality was determined based on the credit standing of the counterparty.

*Standard Grade.* Other financial assets not belonging to high grade financial assets are included in this category.

*Substandard Grade.* Substandard grade financial assets are those which are considered worthless. These are accounts which have the probability of impairment based on historical trend.

*Impairment.* For trade and other receivables (excluding receivable from PFNZ), an impairment analysis is performed at each reporting date using a lifetime expected loss allowance to measure ECL. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type, customer type and rating, and coverage by letters of credit or other forms of credit insurance). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Furthermore, the Group's assessment that past due accounts remain unimpaired is corroborated by reasonable and supportable information, such as post-reporting date settlements that substantiate the assessed credit quality of these outstanding balances.

For other financial assets at amortized cost, the ECL is based on the 12-month ECL, which pertains to the portion of lifetime ECL that result from default events on a financial instrument that are possible within 12 months after the reporting date.

As at December 31, 2025 and 2024, the aging analysis of the Group's financial assets is as follows:

	2025					
	Neither Past Due nor Impaired	Past Due Accounts but not Impaired			Impaired Financial Assets	Total
		1 - 30 Days Past Due	31 - 60 Days Past Due	Over 60 Days

Accounts classified as 'Neither past due nor impaired' are receivables that remain within the Group's standard credit terms of 60 days. The aging intervals presented (e.g., 1 - 30 Days Past Due) represent the number of days outstanding beyond the granted credit period.

### **Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and debt and equity investments.

*Foreign Currency Risk.* Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency).

The Group has transactional currency exposures arising from purchase and sale transactions denominated in currencies other than the reporting currency. The Group does not enter into forward contracts to hedge currency exposures.

As part of the Group's risk management policy, the Group maintains monitoring of the fluctuations in the foreign exchange rates, thus managing its foreign currency risk.

The carrying amounts of the Group's Philippine Peso denominated monetary assets and monetary liabilities at the reporting dates are as follows:

	2025		2024	
	Philippine Peso	U.S. Dollar Equivalent	Philippine Peso	U.S. Dollar Equivalent
Cash	<b>₱15,137,837</b>	<b>\$257,490</b>	₱11,843,070	\$204,738
Trade and other receivables	<b>60,777,749</b>	<b>1,033,811</b>	27,103,506	468,554
Trade and other payables	<b>102,155,268</b>	<b>1,737,630</b>	79,114,664	1,367,701
Lease liabilities	<b>3,853,449</b>	<b>65,546</b>	23,043,828	398,372

*Foreign Currency Sensitivity Analysis.* The sensitivity analysis includes all of the Group's foreign currency denominated monetary assets and liabilities. A positive number below indicates an increase in loss before income tax when the U.S. Dollar strengthens against the relevant currency. For the weakening of the U.S. Dollar against the relevant currency, there would be an equal and opposite impact on the loss before income tax.

The following table demonstrates the sensitivity to a 5.61% and 3.38% change in USD exchange rates, with all other variables held constant, in 2025 and 2024, respectively:

	Effect on Loss Before Income Tax	
	2025	2024
Cash	<b>(\$13,678)</b>	(\$6,694)
Trade and other receivables	<b>(54,916)</b>	(15,319)
Trade and other payables	<b>92,303</b>	44,717
Lease liabilities	<b>3,482</b>	13,025

*Interest Rate Risk.* Interest rate risk refers to the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The primary source of the Group's interest rate risk relates to debt instruments such as bank and mortgage loans. The interest rates on these liabilities are disclosed in Note 12.

Management believes that any variation in the interest will not have a material impact on the net loss of the Group. Bank loans amounting to \$36.7 million and \$20.3 million as at December 31, 2025 and 2024, respectively, agreed at interest rates ranging from approximately 5.90% to 6.55% and 3.00% to 9.59% per annum for bank loans as at December 31, 2025 and 2024, respectively, and 5.00% per annum for long-term loans; expose the Group to fair value interest rate risk.

The Group has no floating interest rate. The Group is not exposed to cash flow interest rate risk.

**Liquidity Risk**

Liquidity risk arises from the possibility that the Group may encounter difficulties in raising funds to meet commitments from financial instruments. This risk primarily stems from mismatches in the timing of cash flows, resulting in difficulty meeting obligations associated with financial liabilities as they fall due.

The Group's objective is to maintain a balance between continuity of funding and flexibility through related party advances and aims to manage liquidity as follows:

To ensure that adequate funding is available at all times;

- a. To meet commitments as they arise without recurring unnecessary costs; and,
- b. To be able to assess funding when needed at the least possible cost.

The following tables detail the Group's remaining contractual maturities for its non-derivative financial liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The tables include both interest and principal.

## 27. Operating Segment Information

The primary segment reporting format is presented based on the business segments in which the Group's risks and rates of return are affected predominantly by differences in the products and services provided. The Group is organized into three major operating business segments (tuna, salmon and rental) in 2025, 2024 and 2023 which is consistent with how the Group's management internally monitors and analyzes financial information.

Revenue from by-products and other products is attributable to tuna and salmon operating segments.

Financial information about reportable segments are as follows:

	December 31, 2025

## STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The Management of **ALLIANCE SELECT FOODS INTERNATIONAL, INC.** ("The Company") is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the year ended December 31, 2025, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible in overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders.

**Reyes Tacandong & Co.**, the independent auditor appointed by the stockholders, has audited the financial statements of the Company in accordance with Philippine Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

### *Opinion*

We have audited the separate financial statements of ALLIANCE SELECT FOODS INTERNATIONAL, INC. (A Subsidiary of STRONGOAK INC.) (the "Company"), which comprise the separate statements of financial position as at December 31, 2025 and 2024, and the separate statements of comprehensive income, separate statements of changes in equity and separate statements of cash flows for the years ended December 31, 2025, 2024 and 2023 and notes to separate financial statements, including a summary of material accounting policy information.

In our opinion, the accompanying separate financial statements present fairly, in all material respects, the separate financial position of the Company as at December 31, 2025 and 2024, and its financial performance and its cash flows for the years ended December 31, 2025, 2024 and 2023 in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

### *Basis for Opinion*

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Separate Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), as applicable to audits of separate financial statements of public interest entities, together with the ethical requirements that are relevant to the audit of the separate financial statements of public interest entities in the Philippines. We have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Responsibilities of Management and Those Charged with Governance for the Separate Financial Statements*

Management is responsible for the preparation and fair presentation of these separate financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the separate financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

*Auditors' Responsibilities for the Audit of the Separate Financial Statements*

Our objectives are to obtain reasonable assurance about whether the separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these separate financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the separate financial statements including disclosures, and whether the separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**1. General Information**

**Corporate Information**

ALLIANCE SELECT FOODS INTERNATIONAL, INC. (ASFII or the “Company”), a public corporation under Section 17.2 of the Securities Regulation Code, was incorporated in the Philippines and registered with the Securities and Exchange Commission (SEC) on September 1, 2003. The Company is primarily engaged in the business of manufacturing, canning, processing, importing and exporting of food products such as marine, aquaculture and other processed seafood. Its shares of stock are listed in the Philippine Stock Exchange (PSE) since November 8, 2006.

The Company is 55.32% owned by STRONGOAK INC. (STRONGOAK or the “Parent Company”), a domestic company engaged in investment activities. The ultimate parent company is Seawood Resources, Inc., a domestic company engaged in investing activities.

The Company’s registered office address is located at Suite 3104A, West Tower, Philippine Stock Exchange, Exchange Road, Ortigas Avenue, Pasig City.

**Investments in Subsidiaries**

The Company has investments in the following subsidiaries as at December 31, 2025, 2024 and 2023:

Name of Subsidiary	Nature of Business	Business	% of Ownership		
			2025	2024	2023
Big Glory Bay Salmon and Seafood Company, Inc. (BGB)	Salmon and other seafoods processing	Philippines	100.00	100.00	100.00
Alliance MHI Properties, Inc. (AMHI)	Leasing	Philippines	98.89	98.89	98.89
PT International Alliance Food Indonesia (PT IAFI)	Export trading	Indonesia	99.98	99.98	99.98

## 2. Summary of Material Accounting Policy Information

The material accounting policy information used in the preparation of separate financial statements have been consistently applied to all the years presented, unless otherwise stated.

### **Basis of Preparation and Statement of Compliance**

The separate financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards. This financial reporting framework includes PFRS Accounting Standards, Philippine Accounting Standards (PAS) and Philippine Interpretation from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial and Sustainability Reporting Standards Council and adopted by the SEC, including SEC pronouncements.

The Company also prepares and issues consolidated financial statements in accordance with PFRS Accounting Standards for the same period as the separate financial statements. These may be obtained at the registered office address of the Company or at the SEC.

### **Bases of Measurement**

The separate financial statements are presented in United States (U.S.) Dollar, the functional and presentation currency of the Company. All values are rounded to the nearest U.S. Dollar, except when otherwise indicated.

The separate financial statements have been prepared on a historical cost basis, except for net retirement benefit obligation which is measured at the present value of the defined benefits obligation less fair value of plan assets, and lease liabilities which are measured at the present value of future lease payments. Historical cost is generally based on the fair value of the consideration given in exchange for an asset and the fair value of the consideration received in exchange for incurring a liability.

Fair value is the amount for which an asset could be exchanged, a liability settled or an equity instrument granted could be exchanged, between knowledgeable, willing parties in an arm's length transaction. The Company uses observable market data to the extent possible when measuring the fair value of an asset or a liability.

Fair values are categorized into different levels in a fair value hierarchy based on inputs used in the valuation techniques as follows:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and,
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

If the inputs used to measure the fair value of an asset or a liability might be categorized in different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting year during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 25 to the separate financial statements.

#### **Adoption of Amendments to PFRS Accounting Standards**

The material accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the amendments to PAS 21, *The Effects of Changes in Foreign Exchange Rates - Lack of Exchangeability*, effective for annual periods beginning on or after January 1, 2025.

The amendments clarify when a currency is considered exchangeable into another currency and how an entity determines the exchange rate for currencies that lack exchangeability. The amendments also introduce new disclosure requirements to help users of financial statements assess the impact when a currency is not exchangeable. An entity does not apply the amendments retrospectively. Instead, an entity recognizes any effect of initially applying the amendments as an adjustment to the opening balance of retained earnings when the entity reports foreign currency transactions. When an entity uses a presentation currency other than its functional currency, it recognizes the cumulative amount of translation differences in equity. Earlier application is permitted.

The adoption of the amendments to PFRS Accounting Standards did not materially affect the financial statements of the Company. Additional disclosures were included in the financial statements, as applicable.

#### **New and Amendments to PFRS Accounting Standards in Issue But Not Yet Effective or Adopted**

Relevant new and amendments to PFRS Accounting Standards, which are not yet effective as at December 31, 2025 and have not been applied in preparing the financial statements, are summarized below:

Effective for annual periods beginning on or after January 1, 2026:

- Amendments to PFRS 9, *Financial Instruments*, and PFRS 7, *Financial Instruments: Disclosures – Classification and Measurement of Financial Assets* – The amendment provides to clarify the requirements related to the date of recognition and derecognition of financial assets and financial liabilities, with an exception for derecognition of financial liabilities settled through cash using an electronic payment system. The amendments also clarify the requirements of assessing contractual cash flow characteristics of financial assets, with additional guidance on assessment of contingent features, and the characteristics of non-recourse loans and contractually linked instruments. The amendments also introduce additional disclosure requirements for equity instruments classified as financial asset measured at fair value through other comprehensive income (FVOCI) with contingent features. Earlier application is permitted.
- Annual Improvements to PFRS Accounting Standards Volume 11:
  - Amendments to PFRS 7, *Financial Instruments: Disclosures* – The amendments remove some obsolete references related to the gain or loss on derecognition on financial assets of an entity that has a continuing involvement and to the disclosure requirements on deferred differences between fair value and transaction price. The amendments also clarify that the illustrative guidance does not necessarily illustrate all the requirements for credit risk disclosure.

- Amendments to PFRS 9, *Financial Instruments* – The amendments clarify that when a lessee has determined that a lease liability has been extinguished in accordance with PFRS 9, *Financial Instruments*, the lessee must apply the derecognition criteria for a financial liability which requires recognition of a gain or loss in profit or loss. The amendments apply to lease liabilities that are extinguished on or after the beginning of the annual reporting period in which the entity first applies the amendments. Earlier application is permitted.
- Amendments to PAS 7, *Statement of Cash Flows* – The amendments clarify that when accounting for an investment in an associate, a joint venture or a subsidiary accounted for by use of the equity or at cost, an investor restricts its reporting in the statements of cash flows to the cash flows between itself and the investee, such as dividends and advances.

Effective for annual periods beginning on or after January 1, 2027:

- PFRS 18, *Presentation and Disclosure in Financial Statements* – This standard replaces PAS 1, *Presentation of Financial Statements*, and sets out requirements for the presentation and disclosure of information in general purpose financial statements. The standard introduces new categories and sub-totals in the statements of comprehensive income, additional disclosures on management-defined performance measures, and enhanced requirements for grouping information. Full retrospective application is required. Earlier application is permitted.

Deferred effectivity –

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Investment in Associates - Sale or Contribution of Assets Between an Investor and its Associate or Joint Venture* – The amendments address a conflicting provision under the two standards. It clarifies that a gain or loss shall be recognized fully when the transaction involves a business, and partially if it involves assets that do not constitute a business. The effective date of the amendments, initially set for annual periods beginning on or after January 1, 2016, was deferred indefinitely in December 2015 but earlier application is still permitted.

Under prevailing circumstances, the adoption of the foregoing new and amendments to PFRS Accounting Standards is not expected to have any material effect on the separate financial statements of the Company. Additional disclosures will be included in the financial statements, as applicable.

## **Financial Assets and Liabilities**

### **Recognition and Measurement**

*Date of Recognition.* The Company recognizes a financial asset or a financial liability in the separate statements of financial position when it becomes a party to the contractual provisions of a financial instrument. In the case of a regular way purchase or sale of financial assets, recognition and derecognition, as applicable, is done using settlement date accounting.

*Initial Recognition and Measurement.* Financial instruments are recognized initially at fair value, which is the fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated at fair value through profit and loss (FVPL), includes transaction cost.

*“Day 1” Difference.* Where the transaction in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Company recognizes the difference between the transaction price and fair value (a “Day 1” difference) in profit or loss. In cases where there is no observable market data on inception, the Company deems the transaction price as the best estimate of fair value and recognizes “Day 1” difference in profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Company determines the appropriate method of recognizing the “Day 1” difference.

### **Classification**

The Company classifies its financial assets at initial recognition under the following categories: (a) financial assets at FVPL, (b) financial assets at amortized cost and (c) financial assets at fair value through other comprehensive income (FVOCI). Financial liabilities, on the other hand, are classified as either financial liabilities at FVPL or financial liabilities at amortized cost. The classification of a financial instrument largely depends on the Company’s business model and its contractual cash flow characteristics.

As at December 31, 2025 and 2024, the Company does not have financial assets and liabilities at FVPL and financial assets at FVOCI.

*Classification of Financial Instruments between Liability and Equity.* A financial instrument is classified as liability if it provides for a contractual obligation to:

- Deliver cash or another financial asset to another entity;
- Exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company; or,
- Satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Company does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability.

*Financial Assets at Amortized Cost.* Financial assets shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and,
- the contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial recognition, financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less any allowance for impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the financial assets are derecognized and through amortization process. Financial assets at amortized cost are included under current assets if realizability or collectability is within 12 months after the reporting period. Otherwise, these are classified as noncurrent assets.

As at December 31, 2025 and 2024, the Company's cash, trade and other receivables, due from related parties and refundable lease deposits (presented under "Other noncurrent assets") are classified under this category.

*Financial Liabilities at Amortized Cost.* Financial liabilities are categorized as financial liabilities at amortized cost when the substance of the contractual arrangement results in the Company having an obligation either to deliver cash or another financial asset to the holder, or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

These financial liabilities are initially recognized at fair value less any directly attributable transaction costs. After initial recognition, these financial liabilities are subsequently measured at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the liabilities are derecognized or through the amortization process. Financial liabilities at amortized cost are included under current liabilities if maturity is within 12 months from reporting date. Otherwise, these are classified as noncurrent liabilities.

As at December 31, 2025 and 2024, the Company's trade and other payables (excluding customers' deposits and statutory payable), loans payable, lease liabilities, other noncurrent liability and due to a related party are classified under this category.

#### **Reclassification**

The Company reclassifies its financial assets when, and only when, it changes its business model for managing those financial assets. The reclassification is applied prospectively from the first day of the first reporting period following the change in the business model (reclassification date).

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVPL, any gain or loss arising from the difference between the previous amortized cost of the financial asset and fair value is recognized in profit or loss.

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVOCI, any gain or loss arising from a difference between the previous amortized cost of the financial asset and fair value is recognized in other comprehensive income.

#### **Impairment of Financial Assets at Amortized Cost**

The Company records an allowance for expected credit loss (ECL). ECL is based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The difference is then discounted at an approximation to the asset's original effective interest rate.

For trade receivables, the Company has applied the simplified approach and has calculated ECL based on the lifetime ECL. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other financial assets at amortized cost, the Company has applied the general approach and ECL computation is based on the 12-month ECL, which pertains to the portion of lifetime ECL that results from default events on a financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since initial recognition, the allowance will be based on the lifetime ECL. When determining whether the credit risk of a financial asset has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

The Company considers a financial asset to be in default when the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions. In assessing whether a borrower is in default, the Company considers qualitative and quantitative factors.

### **Derecognition**

*Financial Assets.* A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the right to receive cash flows from the asset has expired;
- the Company retains the right to receive cash flows from the financial asset, but has assumed an obligation to pay them in full without material delay to a third party under a “pass-through” arrangement; or,
- the Company has transferred its right to receive cash flows from the financial asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from a financial asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of ownership of the financial asset nor transferred control of the financial asset, the financial asset is recognized to the extent of the Company’s continuing involvement in the financial asset. Continuing involvement that takes the form of a guarantee over the transferred financial asset is measured at the lower of the original carrying amount of the financial asset and the maximum amount of consideration that the Company could be required to repay.

*Financial Liabilities.* A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

### **Offsetting**

Financial assets and financial liabilities are offset and the net amount is reported in the separate statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements, and the related assets and liabilities are presented gross in the separate statements of financial position.

### **Inventories**

Inventories are initially measured at cost. Subsequently, inventories are stated at the lower of cost and net realizable value (NRV). Cost incurred in bringing each product to its present location and condition is accounted for as follows:

*Raw Materials and Packaging Supplies.* Cost is determined using the weighted average method. NRV is the current replacement cost.

*Finished Goods.* Cost is determined using the weighted average method. Costs comprise direct materials and when applicable, direct labor costs and those overheads that have been incurred in bringing the inventories to their present location and condition. NRV represents the estimated selling price less estimated costs of completion and costs necessary to make the sale.

When the NRV of the inventories is lower than the cost, the Company recognizes the write-down as an expense in profit or loss. The amount of any reversal of any write-down of inventories, arising from an increase in NRV, is recognized as income in profit or loss.

When inventories are sold, the carrying amount of those inventories is recognized as an expense in the period when the related revenue is recognized and the related inventory write-down is reversed.

### **Other Assets**

Other assets that are expected to be realized over no more than 12 months after the reporting date are classified as current assets. Otherwise, these are classified as noncurrent assets.

*Advances to Suppliers.* Advances to suppliers are recognized whenever the Company pays in advance for its purchase of goods. These are applied for the purchase of raw materials upon delivery. These advances are measured at transaction price less any impairment in value.

*Value-added Tax (VAT).* Revenue, expenses and assets are recognized net of the amount of VAT except receivables and payables that are stated with the amount of VAT included. The net amount of VAT recoverable from the taxation authority is included as part of "Other current assets" account in the separate statements of financial position.

*Prepayments.* Prepayments are expenses paid in advance and recorded as assets before these are utilized. These are measured at face amount less any impairment in value. These are apportioned over the period covered by the payment and recognized in profit or loss when incurred.

Prepaid taxes are amounts withheld from collections of revenue or receivable and are deductible from income tax payable in the same year the revenue was recognized. These also include excess cash payment on income tax payable. Prepaid taxes in excess of income tax payable are carried forward to the succeeding year. These are measured at face amount, less any impairment in value. These can be utilized as payment for future income tax payable.

### **Investments in Subsidiaries and Joint Ventures**

The Company's investments in subsidiaries and joint ventures are carried in the separate statements of financial position at cost, less any impairment in value. A subsidiary is an entity in which the Company has control. A joint venture is a contractual arrangement whereby two or more parties undertake an economic activity which is subject to joint control.

An investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Control is generally accompanied by a shareholding of more than one-half of voting rights. The existence and effect of potential voting rights that are substantive are considered when assessing whether the Company controls an entity. The Company reassesses whether or not it controls an entity if facts and circumstances indicate that there are changes to one or more of the three elements of control.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The investment is derecognized when it is sold or disposed of. Gains or losses arising from derecognition of an investment in a subsidiary are measured as the difference between the net proceeds and the carrying amount of the asset and are recognized in profit or loss when the asset is derecognized.

#### **Property, Plant and Equipment**

Property, plant and equipment are stated at cost less accumulated depreciation and amortization and any accumulated impairment in value.

The initial cost of property, plant and equipment comprises its purchase price, after deducting trade discounts and rebates, and any directly attributable costs of bringing the asset to its working condition and location for its intended use. The cost of self-constructed assets includes the cost of materials and direct labor, any other directly attributable costs, the costs of dismantling and removing the items and restoring the site on which they are located and capitalized borrowing costs. Purchased software that is integral to the functionality of the related equipment is capitalized as part of the equipment.

Expenditures incurred after the property, plant and equipment have been put into operation, such as repairs, maintenance and overhaul costs, are normally recognized in profit or loss in the year the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property, plant and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as additional costs of property, plant and equipment. The cost of replacing a component of an item of property, plant and equipment is recognized if it is probable that the future economic benefits embodied within the component will flow to the Company, and its cost can be measured reliably. The carrying amount of the replaced component is derecognized.

When significant parts of an item of property, plant and equipment have different useful lives, these are accounted for as separate items (major components) of property, plant and equipment.

Depreciation and amortization are computed using the straight-line method over the following estimated useful lives of the property, plant and equipment:

<u>Asset Type</u>	<u>Number of Years</u>
Building	15 to 25
Machinery and equipment	20
Fishmeal facility	20
Leasehold improvements	5 (or lease term, whichever is shorter)
Transportation equipment	5
Office furniture, fixtures and equipment	5
Plant furniture, fixtures and equipment	5

The estimated useful lives and depreciation and amortization method are reviewed periodically to ensure that these are consistent with the expected pattern of economic benefits from items of property, plant and equipment.

Fully depreciated and amortized assets are retained in the accounts until they are no longer in use and no further charge for depreciation and amortization is made in respect of those assets.

When assets are retired or otherwise disposed of, the cost and the related accumulated depreciation, amortization and any impairment in value are removed from the accounts. Any resulting gain or loss is recognized in profit or loss.

#### **Impairment of Nonfinancial Assets**

The carrying amounts of nonfinancial assets are reviewed for impairment when events or changes in circumstances indicate that the carrying amount may not be recoverable. If any such indication exists and when the carrying amounts exceed the estimated recoverable amounts, the assets or cash-generating units are written down to their recoverable amounts. The recoverable amount of the asset is the greater of the fair value less cost to sell or value in use. The fair value less cost to sell is the amount obtainable from the sale of an asset in an arm's-length transaction less the cost of disposal. In assessing value in use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs. Impairment losses are recognized in profit or loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. In such instance, the carrying amount of the asset is increased to its recoverable amount. However, that increased amount cannot exceed the carrying amount that would have been determined, net of depreciation and amortization for property, plant and equipment, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss. After such reversal, the depreciation and amortization charges for property, plant and equipment are adjusted in future years to allocate the asset's revised carrying amount, on a systematic basis over its remaining useful life.

## **Equity**

*Capital Stock and APIC.* Capital stock is measured at par value for all shares issued. Incremental costs, net of tax, incurred that are directly attributable to the issuance of new shares are recognized in equity as a reduction from related APIC or retained earnings. Proceeds or fair value of the consideration received in excess of par value are recognized as APIC.

*Deficit.* Deficit represent the cumulative balance of the Company's results of operations as at reporting date. Deficit may also include effect of changes in accounting policy as may be required by the standard's transitional provision.

*Treasury Stock.* Own equity instruments which are reacquired are recognized at cost and deducted from equity. No gain or loss is recognized in the consolidated statements of comprehensive income on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognized in APIC. Voting rights related to treasury shares are nullified for the Company and no dividends are allocated to them.

*Other Comprehensive Income.* Other comprehensive income comprises of items of income and expenses that are not recognized in profit or loss for the year in accordance with PFRS Accounting Standards. Other comprehensive income pertains to cumulative remeasurement gains on retirement benefit obligation, revaluation reserves, and cumulative translation adjustments.

## **Revenue Recognition**

The Company generates revenue primarily from sale of goods.

*Revenue from Contracts with Customers.* Revenue from contracts with customers is recognized when the performance obligation in the contract has been satisfied, either at a point in time or over time. Revenue is recognized over time if one of the following criteria is met: (a) the customer simultaneously receives and consumes the benefits as the Company performs its obligations; (b) the Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or (c) the Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date. Otherwise, revenue is recognized at a point in time.

The Company also assesses its revenue arrangements to determine if it is acting as a principal or as an agent. The Company has assessed that it acts as a principal in all of its revenue sources.

The following specific recognition criteria must also be met before revenue is recognized.

*Sale of Goods.* Revenue is recognized, net of sales returns and discounts, at a point in time when the significant risks and rewards of ownership of the goods have passed to the customers, which is normally upon delivery to and acceptance of the goods by the customer.

## **Other Income**

The Company's other sources of income are recognized as income when earned. Interest income is recognized, net of final tax, on a time proportion basis using the effective interest method.

## **Contract Balances**

*Receivables.* A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

*Contract Assets.* A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays a consideration or before payment is due, a contract asset is recognized for the earned consideration that is conditional.

As at December 31, 2025 and 2024, the Company does not have outstanding contract assets.

*Contract Liabilities.* A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays a consideration before the Company transfers goods or services to the customer, a contract liability is recognized when the payment is made by the customer or when the payment is due (whichever is earlier). Contract liabilities are recognized as revenue when the Company performs under the contract.

The Company considers its customers' deposits as contract liabilities.

*Cost to Obtain a Contract.* The incremental costs of obtaining a contract with a customer are recognized as an asset if the Company expects to recover them. Otherwise, these are treated as expense.

*Contract Fulfillment Asset.* Contract fulfillment costs are divided into: (i) costs that give rise to an asset; and (ii) costs that are expensed as incurred. When determining the appropriate accounting treatment for such costs, the Company first considers any other applicable standards. If those standards preclude capitalization of a particular cost, then an asset is not recognized under PFRS Accounting Standards 15. If other standards are not applicable to contract fulfillment costs, the Company applies the following criteria which, if met, result in capitalization: (i) the costs directly relate to a contract or to a specifically identifiable anticipated contract; (ii) the costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and (iii) the costs are expected to be recovered. The assessment of these criteria requires the application of judgment, in particular when considering if costs generate or enhance resources to be used to satisfy future performance obligations and whether costs are expected to be recoverable.

As at December 31, 2025 and 2024, the Company does not have contract fulfillment assets.

#### **Cost and Expense Recognition**

Costs and expenses are recognized in profit or loss when a decrease in future economic benefit related to a decrease in an asset or an increase in a liability has arisen which can be measured reliably.

*Cost of Goods Sold.* Cost of goods sold is recognized as expense when the related goods are sold.

*Selling and Administrative Expenses.* Selling expenses constitute costs incurred to sell and market the goods and services. Administrative expenses constitute costs of administering the business. These are recognized in profit or loss in the period when these are incurred.

*Interest Expense.* Interest expense is recognized in a time proportion basis using the effective interest method.

*Other Charges.* Expenses from other sources are expensed as incurred.

### Leases

The Company assesses whether the contract is, or contains, a lease. To assess whether a contract conveys the right to control the use of an identified assets for a period of time, the Company assesses whether, throughout the period of use, it has both of the following:

- i. the right to obtain substantially all of the economic benefits from the use of the identified asset; and,
- ii. the right to direct the use of the identified asset.

If the Company has the right to control the use of an identified asset for only a portion of the term of the contract, the contract contains a lease for that portion of the term. The Company also assesses whether a contract contains a lease for each potential separate lease component.

At the commencement date, the Company recognizes right-of-use (ROU) assets and lease liabilities for all leases, except for short-term leases and leases for which the underlying asset is of low value in which case the lease payments associated with those leases are recognized as an expense on a straight-line basis.

*ROU Assets.* At the commencement date, the Company measures ROU assets at the assets' carrying value as if PFRS Accounting Standards 16 had been applied since the commencement date of the lease. The cost comprises:

- i. any lease payments made at or before the commencement date less any lease incentives received;
- ii. any initial direct costs; and,
- iii. an estimation of costs to be incurred by the Company in dismantling and removing the underlying asset, when applicable.

After the commencement date, ROU assets are carried at cost less any accumulated amortization and accumulated impairment losses, and adjusted for any remeasurement of the related lease liabilities. The ROU assets are amortized over the shorter of the lease terms or the useful lives of the underlying assets, which is five years.

*Lease Liabilities.* At commencement date, the Company measures lease liabilities at the present value of future lease payments using the interest rate implicit in the lease, if that rate can be readily determined. Otherwise, the Company uses its incremental borrowing rate.

Lease payments included in the measurement of a lease liability comprise the following:

- i. fixed payments, including in-substance fixed payments;
- ii. variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- iii. amounts expected to be payable by the lessee under residual value guarantees; and,

- iv. the exercise price under a purchase option that the Company is reasonably certain to exercise; lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option; and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

Lease liabilities are subsequently measured at amortized cost. Interest on the lease liabilities and any variable lease payments not included in the measurement of lease liabilities are recognized in profit or loss unless these are capitalized as costs of another asset. Variable lease payments not included in the measurement of the lease liabilities are recognized in profit or loss when the event or condition that triggers those payments occurs.

If there is a change in the lease term or if there is a change in the assessment of an option to purchase the underlying asset, lease liabilities are remeasured using a revised discount rate considering the revised lease payments on the basis of the revised lease term or reflecting the change in amounts payable under the purchase option. Lease liabilities are also remeasured using the revised lease payments if there is a change in the amounts expected to be payable under a residual value guarantee or a change in future lease payments resulting from a change in an index or a rate used to determine those payments or changes in lease payments resulting from a change in an index or a rate used to determine those payments.

For income tax reporting purposes, payments under lease agreements are treated as deductible expense in accordance with the terms of the lease agreements.

### **Employee Benefits**

*Short-term Benefits.* Short-term employee benefits are recognized as expense in the period when the economic benefits are given. Unpaid benefits at the end of the accounting period are recognized as accrued expense while benefits paid in advance are recognized as prepayment to the extent that it will lead to a reduction in future payments. Short-term benefits given by the Company to its employees include salaries and wages, social security contributions, short-term compensated absences and non-monetary benefits.

*Retirement Benefits.* Retirement benefit costs are actuarially determined using the projected unit credit method. This method reflects services rendered by employees up to the date of valuation and incorporates assumptions concerning employees' projected salaries.

The Company recognizes service costs comprising of current service costs and net interest expense on the retirement benefits liability in profit or loss.

The Company determines the net interest expense on defined benefit obligation by applying the discount rate to the net retirement benefit obligation at the beginning of the year, taking into account any changes in the liability during the period as a result of contributions and benefit payments.

Remeasurements of the net retirement benefit obligation, which consist of actuarial gains and losses and the return on plan asset (excluding amount charged in net interest) are recognized immediately in other comprehensive income and are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held in trust and managed by a trustee bank. Plan assets are not available to the creditors of the Company, nor can they be paid directly to the Company. The fair value of the plan assets is based on the market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal

date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the fair value of the plan assets is higher than the present value of the defined benefit obligation, the measurement of the resulting defined benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The net retirement benefit obligation recognized by the Company is the present value of the defined benefit obligation reduced by the fair value of plan asset. The present value of defined benefit obligation is determined by discounting the estimated future cash outflows using risk-free interest rates of government bonds that have terms to maturity approximating the terms of the related retirement benefit obligation.

The Company contributes to the retirement fund based on the actuarial valuation report. The contributions to the retirement plan consist of annual normal cost and amortization of any unfunded past service liability. The Company is not required to contribute when the fair value of plan assets exceeds the present value of retirement benefit obligation.

Actuarial valuation is made with sufficient regularity by a qualified actuary so that the amounts recognized in the separate financial statements do not differ materially from the amounts that would be determined at the reporting date.

#### **Loss per Share**

The Company presents basic and diluted loss per share data for its common shares.

Basic income (loss) per share is calculated by dividing the net income (loss) attributable to common shareholders of the Company by the weighted average number of common shares issued and outstanding during the year. There are no potential dilutive shares.

#### **Income Taxes**

*Current tax.* Current tax liabilities for the current and prior years are measured at the amounts expected to be paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

*Deferred tax.* Deferred tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, and the carry-forward benefits of unused net operating loss carryover (NOLCO) and excess minimum corporate income tax (MCIT) over regular corporate income tax (RCIT), to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, and the carryforward benefits of unused NOLCO and excess MCIT can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred income tax assets to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates and tax laws that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates and tax laws in effect at the reporting date.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in relation to the underlying transaction either in other comprehensive income or directly in equity.

*Offsetting.* Current tax assets and current tax liabilities are offset, or deferred tax assets and deferred tax liabilities are offset if, and only if, an enforceable right exists to offset the amounts and it can be demonstrated without undue cost or effort that the Company plans either to settle on a net basis or to realize the asset and settle the liability simultaneously.

#### **Foreign Currency-denominated Transactions and Translation**

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency rate at the reporting date. All differences are taken to the separate statement of comprehensive income. Nonmonetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Nonmonetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

For income tax reporting purposes, foreign exchange gains or losses are treated as taxable income or deductible expenses in the year such are realized.

#### **Related Party Relationships and Transactions**

Related parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence. Related parties may be individuals or corporate entities. Such relationships also exist between and/or among entities that are under common control with the reporting enterprise, or between and/or among the reporting enterprises and their key management personnel, directors, or its stockholders. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

Related party transactions are considered material and/or significant if (i) these transactions amount to 10% or higher of the Company's total assets or, (ii) there are several transactions or a series of transactions over a 12-month period with the same related party amounting to 10% or higher of the Company's total assets. Details of transactions entered into by the Company with related parties are reviewed by the BOD in accordance with the Company's related party transactions policies.

Related party transactions consist of transfers of resources, services or obligations between the Company and its related parties, regardless of whether a price is charged.

#### **Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at the end of reporting period and adjusted to reflect the current best estimate.

#### **Contingencies**

Contingent liabilities are not recognized in the separate financial statements but are disclosed in the notes to separate financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the separate financial statements but are disclosed in the notes to separate financial statements when an inflow of economic benefits is probable.

### **Events after the Reporting Period**

The Company identifies subsequent events as events that occurred after the reporting period but before the date when the separate financial statements were authorized for issue. Any subsequent event that provides additional information about the Company's financial position at the reporting period is reflected in the separate financial statements. Non-adjusting subsequent events are disclosed in the notes to separate financial statement, when material.

---

### **3. Significant Judgments, Accounting Estimates and Assumptions**

The preparation of the Company's separate financial statements requires management to make judgments, accounting estimates and use assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. The judgments and accounting estimates used in the separate financial statements are based on management's evaluation of relevant facts and circumstances as at the reporting date.

While the Company believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates.

The judgments, estimates and underlying assumptions are reviewed on an ongoing basis. Changes to accounting estimates are recognized in the period in which the estimate is revised if the change affects only that period or in the period of the change and future periods if the revision affects both current and future periods.

The Company believes that the following represent a summary of these significant judgments, estimates and assumptions and the related impact and associated risks in the separate financial statements.

*Determining the Functional Currency.* Management has determined that the functional currency of the Company is the U.S. Dollar, which is the currency of the primary economic environment in which the Company operates in and it is also the currency that mainly influences the operations of the Company, as majority of its revenue are from export sales and its raw materials are imported from other countries.

*Determining Control Over Subsidiaries.* Control is presumed to exist when an investor is exposed, or has rights, to variable returns from its involvement with the subsidiaries and has the ability to affect those returns through its power over the subsidiaries. Management has determined that by virtue of its majority ownership of voting rights or by the power to cast the majority of votes through its representatives in the BOD of its subsidiaries as at December 31, 2025 and 2024, the Company has the ability to exercise control over these investees.

*Classifying Financial Assets and Liabilities.* The Company has determined that it shall classify its financial assets at amortized cost on the basis of the following conditions met:

- The asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and,
- The contractual terms of the financial asset give rise, on specified dates, to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Moreover, the Company has determined that it shall classify its financial liabilities at amortized cost using the effective interest method.

*Classifying Lease Commitments.* The Company has entered into leases for its forklifts, container vans, warehouse, plant and office. For short-term leases, lease payments are recognized as expense on a straight-line basis over the lease term (see Note 22). For long term leases, the Company recognizes ROU assets and lease liabilities measured at the present value of lease payments to be made over the lease term using the Company's incremental borrowing rate.

Information on the Company's ROU assets are presented under "Property, plant and equipment" and lease liabilities are disclosed in Notes 9 and 22 to the Separate Financial Statements..

*Assessing the ECL of Financial Assets at Amortized Cost.* The Company measures expected credit losses (ECL) on financial assets at amortized cost using the simplified approach, which provides for lifetime ECL. Loss rates are based on historical default experience, adjusted for relevant forward looking macroeconomic factors. Cash is also subject to impairment under PFRS 9, but any related loss is not material. The Company uses judgment in assessing significant increases in credit risk, considering the counterparty's financial condition and adverse business or economic development.

The carrying amounts of the Company's cash, trade and other receivables, and other noncurrent receivables are disclosed in Notes 4, 5 and 10 to the Separate Financial Statements.

*Estimating the NRV of Inventories.* The NRV of inventories represents the estimated selling price for inventories less all estimated costs of completion and cost necessary to make the sale for finished goods, and current replacement costs for raw and packaging materials and parts and supplies. The Company determines the estimated selling price for inventories based on the recent sale transaction of similar goods with adjustments to reflect any changes in economic conditions since the date the transactions occurred. The Company records provisions for the excess of cost over NRV of inventories. While the Company believes that the estimates are reasonable and appropriate, significant differences in the actual experience or significant changes in estimates may materially affect the profit or loss and equity.

The carrying amounts of inventories carried at lower of cost or NRV are disclosed in Note 6.

*Estimating the Useful Lives of Property, Plant and Equipment.* The Company estimates the useful lives of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimates are based on a collective assessment of industry practice, internal technical evaluation and experience with similar assets. The estimated useful lives of property, plant and equipment are reviewed at each reporting date and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets. Future results of operations could be materially affected by changes in estimates brought about by changes in the factors mentioned above. The amount and timing of recording of depreciation and amortization expense for any period would be affected by changes in these factors and circumstances.

There were no changes in the estimated useful lives of the Company's property, plant and equipment in 2025, 2024 and 2023.

The carrying amount of property, plant and equipment is disclosed in Note 9.

*Estimating the ROU Assets and Lease Liabilities.* The Company's ROU assets and lease liabilities are initially measured at the present value of lease payments. In determining the appropriate discount rate, the Company considered readily available interest rate implicit in the lease agreements, interest rate on its borrowings and the term of each lease commitment. The Company determined that the implicit rate in the lease agreement is not readily available and that the interest rate on its borrowings represents the appropriate financing cost in leasing the underlying assets. The incremental borrowing rate used in the lease is the rate that would cause the present value of the lease payments and unguaranteed residual to equal the sum of the fair value of the underlying assets and initial direct costs incurred.

The carrying amounts of ROU assets presented under "Property, plant and equipment" and lease liabilities are disclosed in Notes 9 and 22, respectively.

*Assessing the Impairment of Nonfinancial Assets.* The Company assesses impairment on its nonfinancial assets whenever events or changes in circumstances indicate that the carrying amount of the assets or group of assets may not be recoverable. The relevant factors that the Company considers in deciding whether to perform an asset impairment review include the following:

- significant underperformance of a business in relation to expectations;
- significant negative industry or economic trends; and,
- significant changes or planned changes in the use of the assets.

Whenever the carrying amount of an asset exceeds its recoverable amount, an impairment loss is recognized. Recoverable amounts are estimated for individual assets or, if it is not possible, for the cash-generating unit to which the asset belongs. Recoverable amount represents the greater of the fair value less cost to sell and the value in use.

The recoverable amount of property, plant and equipment represents the assets' value in use. Value in use is determined as the present value of estimated future cash flows expected to be generated from the continued use of the assets. The estimated cash flows are projected using growth rates based on historical experience and business plans and are discounted using pretax discount rates that reflect the current assessment of the time value of money and the risks specific to the assets.

No provision for impairment loss was recognized for other current assets and property, plant and equipment in 2025, 2024 and 2023. The carrying amounts of other current assets and property, plant and equipment are disclosed in Notes 7 and 9.

Provision for impairment loss recognized on investment in PT IAFI in 2017 and carrying amounts of investments in subsidiaries are disclosed in Note 8.

*Estimating the Retirement Benefit Obligation.* The determination of the obligation and costs of retirement benefits is dependent on the assumptions used by the actuary in calculating such amounts. These assumptions, which include, among others, discount rates and salary increase rates may differ from actual developments in the future. Due to the complexities involved in the valuation and its long-term nature, the retirement benefit obligation is highly sensitive to changes in these assumptions.

All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. The discount rate assumption is based on the Bankers Association of the Philippines PHP Bloomberg Valuation Reference Rates benchmark reference curve for the government securities market considering average years of remaining working life of the employees as the estimated term of the defined benefit obligation.

The Company's retirement benefit obligation is disclosed in Note 14.

*Recognizing the Deferred Tax Assets.* The carrying amounts of deferred tax assets at each reporting date are reviewed and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. The Company's assessment on the recognition of deferred tax assets on deductible temporary differences and carryforward benefits from unused NOLCO and excess MCIT is based on the forecasted taxable income of the subsequent reporting periods. This forecast is based on the Company's past results and future expectations on revenue and expenses.

Information on the Company's recognized and unrecognized deferred tax assets are disclosed in Note 24.

*Evaluating the Provisions and Contingencies.* The Company provides for present obligations (legal or constructive) where it is probable that there will be an outflow of resources embodying economic benefits that will be required to settle said obligations. An estimate of the provision is based on known information at the end of reporting period, net of any estimated amount that may be reimbursed to the Company. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability. The amount of provision is being re-assessed at least on an annual basis to consider new relevant information.

Pursuant to PAS 37, *Provisions, Contingent Liabilities and Contingent Assets*, certain information expected to seriously prejudice the position of an entity, subject of the provision need not be disclosed.

The Company assesses impairment on its property, plant and equipment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. The relevant factors that the Company considers in their impairment assessment when there is significant underperformance of a business in relation to expectations, decline in economic trends or changes in the use of the assets.

Management has assessed that the amount of allowance for impairment losses of the Company's property, plant and equipment as at December 31, 2025 and 2024 is adequate.

#### 10. Other Noncurrent Assets

This account consists of:

	Note	2025	2024
Receivable from Wild Catch Fisheries, Inc. (WCFI)	13	<b>\$2,183,281</b>	\$2,183,281

Customers' deposits	<b>40,379</b>	42,053
	<b>\$9,660,657</b>	\$14,055,402

Trade payables are non-interest bearing and are generally settled within 30 days. Trade payables include the current portion of a liability related to the acquisition of solar power equipment.

Accrued expenses include professional fees, salaries, wages and other benefits, interest and outside services and are generally settled within the year.

Statutory payable includes amounts payable to government agencies and are normally settled in the following month.

Customers' deposits pertain to advances from customers for the purchase of goods. These are recognized as revenue upon delivery of goods to customers.

### Other Noncurrent Liability

In March 2022, the Company entered into a 20-year agreement with a third party for the purchase of solar power equipment on installment basis. The agreement requires the Company to pay fixed monthly fee with agreed interest.

The current and noncurrent portions of the related liability amounted to \$16,078 and \$400,360 as at December 31, 2025 and \$15,442 and \$423,241 as at December 31, 2024, respectively.

Balance as at December 31, 2023	\$426,726	(\$106,682)	\$320,044

The table below shows the maturity profile of the undiscounted benefit payments as at December 31, 2025:

	Amount
Less than one year	\$18,813
One year to less than five years	225,148
Five years to less than ten years	226,784
Ten years to less than fifteen years	291,662
Fifteen years to less than twenty years	283,161
Twenty years and above	454,174

The average duration of the benefit obligation is 16 years as at December 31, 2025.

The plan exposes the Company to the following risks:

- Salary risk - any increase in the retirement plan participants' salary will increase the retirement plan's liability.
- Longevity risk - any increase in the plan participants' life expectancy will increase the retirement plan's liability.
- Investment risk - if the actual return on plan assets is below the discount rate used in calculating the present value of the retirement liability, a plan deficit will arise. However, the compositions of plan assets are balanced enough not to expose the Company to significant concentrations of investment risk.

- Interest rate risk - a decrease in bond interest rate will increase the present value of retirement liability. However, this is partially counterbalanced by an increase in the return on the plan assets.

### **Capital Management**

The primary objective of the Company's capital management is to ensure that it maintains a strong credit standing and stable capital ratios in order to support its business and maximize stockholder value. The Company maintains its current capital structure and will make adjustments, if necessary, in order to generate a reasonable level of returns to stockholders over the long term. No changes were made in the objectives, policies or processes during the year.

The Company considers the equity presented in the separate statements of financial position as its core capital.

For the purpose of the Company's capital management, capital includes issued capital, APIC and all other equity reserves. The primary objective of the Company's capital management is to maximize the stockholder value.

The Company manages its capital structure and makes adjustments when there are changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to stockholders, return capital to stockholders or issue new shares. The Company monitors capital using debt-to-equity ratio, which is total debt divided by total equity.

The debt-to-equity ratio is as follows:

	2025	2024
Debt	<b>\$52,255,970</b>	\$37,229,897
Equity	<b>14,318,273</b>	15,950,706
Debt-to-Equity Ratio	<b>3.65:1</b>	2.33:1

The Company reviews its capital structure on an annual basis. As part of this review, the Company considers the cost of capital and the risks associated with it.

### 23. Corporate Social Responsibility (CSR)

The Company is committed to responsible business practices that promote environmental sustainability, community development, and educational empowerment. In 2025, the Company strengthened its CSR initiatives in General Santos City and nearby communities, guided by employee involvement, strong partnerships, and long-term impact.

- **Environmental Stewardship:** The Company sustained its biannual coastal clean-up efforts along its shoreline as part of its commitment to protecting marine ecosystems. Complementing this initiative, the Company spearheaded a tree-planting activity that planted 100 trees in Barangay Maligo, Polomolok. Delivered through partnerships with local contractors and the local government unit, these initiatives promote marine conservation, reforestation, climate resilience, and shared responsibility for environmental stewardship.
- **Community and Educational Support:** The Company supported education and social equity by providing school supplies and a feeding program for 80 students at Ondok Gawan Elementary School during Brigada Eskwela, while assisting 100 underprivileged learners in General Santos City to help them start the school year prepared and motivated.
- **Youth Development and Learning Opportunities:** The Company supported youth skills development by hosting 16 senior high school students for immersion and accommodating 25 college students from seven institutions for OJT, strengthening workforce readiness and career development.
- **Investment in Future Leaders:** The Company awarded five scholarships in 2025 to Fisheries and Engineering students at Mindanao State University–General Santos, reinforcing its commitment to education in fields vital to sustainable resource management, innovation, and academic partnership.

#### Employee Engagement and Impact

Employee participation across all CSR activities fostered teamwork, volunteerism, and a stronger connection to the Company's values. These initiatives strengthened employees' sense of purpose and reaffirmed the Company's commitment to shared responsibility and inclusive growth.

\*Excluding statutory payable and customer's deposit

The following methods and assumptions are used to estimate the fair value of the Company's financial assets and liabilities:

*Cash in Banks, Trade and Other Receivables, Trade and Other Payables (excluding Statutory Payable and Customers' Deposits), Loans Payable and Due to a Related Party – current.* The carrying amounts of these financial instruments approximate their fair values due to the relatively short-term maturity of these financial instruments.

*Refundable deposits, Lease Liabilities, Due to a Related Party – noncurrent and Other Noncurrent Liability.* The fair values of these financial instruments are determined based on the discounted cash flow analysis using effective interest rates for similar types of instruments. The fair values of these financial instruments are estimated using significant and unobservable inputs (Level 3 hierarchy). The effect of the discounting in determining the fair value is not material.

Generally, an increase or decrease in the incremental after-tax cash flows will result in an increase or decrease in the fair value of these financial asset and liabilities. An increase or decrease in discount rate will result in a decrease or increase in the fair value of these financial asset and liabilities.

The fair value hierarchy groups the financial instruments into Levels 1 to 3 based on the degree to which the fair value is observable. There were no transfers to other levels in 2025 and 2024.

---

## 26. Financial Risk Management Objectives and Policies

The Company's financial instruments comprise of cash, trade and other receivables, due from related parties, refundable lease deposits, trade and other payables (excluding customers' deposits and statutory payable), loans payable, lease liabilities, other liability and due to a Related Party. The main purpose of these financial instruments is to finance the Company's operations.

The Company is exposed to credit risk, market risk, and liquidity risk. The Company's management oversees the management of these risks. The Company's BOD and management review and approve the policies for managing each of the risks summarized below.

### **Credit Risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

The table below shows the gross maximum exposure of the Company to credit risk before taking into consideration collateral and other credit enhancements:

	<b>2025</b>	2024
Cash in banks	<b>\$878,594</b>	\$720,528
Trade and other receivables	<b>20,431,083</b>	12,637,044
Due from related parties	<b>10,858,426</b>	10,298,806
Receivable from WCFI	<b>2,183,281</b>	2,183,281
Refundable lease deposits	<b>1,554,982</b>	1,578,553
	<b>\$35,906,366</b>	\$27,418,212

*Risk Management.* Credit risk is managed on a group basis. The Company deals only with reputable banks and customer to limit this risk. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, the Company assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the management. The compliance with credit limits by customers is regularly monitored by management.

As at December 31, 2025 and 2024, the amount of cash in bank is neither past due nor impaired and has classified as “High Grade”, while trade and other receivables were classified as “Standard Grade”. The credit quality of the financial assets is managed by the Company using the internal credit quality ratings as follows:

*High Grade.* Pertains to counterparty who is not expected by the Company to default in settling its obligations, thus credit risk exposure is minimal. This normally includes large prime financial institutions and companies. Credit quality was determined based on the credit standing of the counterparty.

*Standard Grade.* Other financial assets not belonging to high grade financial assets are included in this category.

*Substandard Grade.* Substandard grade financial assets are those which are considered worthless. These are accounts which have the probability of impairment based on historical trend.

*Impairment.* For trade and other receivables, an impairment analysis is performed at each reporting date using a lifetime expected loss allowance to measure ECL. The provision rates are based on days past due for groupings of various customer segments with similar loss patterns (i.e., by geographical region, product type, customer type and rating, and coverage by letters of credit or other forms of credit insurance). The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions. Furthermore, the Group's assessment that past due accounts remain unimpaired is corroborated by reasonable and supportable information, such as post-reporting date settlements that substantiate the assessed credit quality of these outstanding balances.

For other financial assets at amortized cost, the ECL is based on the 12-month ECL, which pertains to the portion of lifetime ECL that result from default events on a financial instrument that are possible within 12 months after the reporting date.

As at December 31, 2025 and 2024, the aging analysis of the Company’s financial assets is as follows:

	2025						Total
	Neither Past Due nor Impaired	Past Due Accounts but not Impaired			Impaired Financial Assets

Accounts classified as 'Neither past due nor impaired' are receivables that remain within the Group's standard credit terms of 60 days. The aging intervals presented (e.g., 1 - 30 Days Past Due) represent the number of days outstanding beyond the granted credit period.

### **Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: foreign currency risk, interest rate risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, debt and equity investments and derivative financial instruments.

*Foreign Currency Risk.* Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency).

The Company has transactional currency exposures arising from purchase and construction contract transactions denominated in currencies other than the reporting currency. The Company does not enter into forward contracts to hedge currency exposures. To mitigate the Company's exposure to foreign currency risk, foreign currency cash flows and fluctuations in the foreign exchange rates are monitored.

The carrying amounts of the Company's foreign currency-denominated monetary assets and monetary liabilities at the reporting dates are as follows:

	2025		2024	
	U.S. Dollar Equivalent	Philippine Peso	U.S. Dollar Equivalent	Philippine Peso
Cash	\$147,614	₱8,678,227	\$204,738	₱11,843,070

\* Excluding customers' deposits, statutory payable and current portion of other liability

*Management's Assessment of the Reasonableness of Possible Change in Foreign Exchange Rates.* The sensitivity analysis includes outstanding foreign currency denominated monetary items adjusted and translated at period end for a 5.61% change in 2025 and 2024, in foreign currency rates.

*Foreign Currency Sensitivity Analysis.* The sensitivity analysis includes all of the Company's foreign currency denominated monetary assets and liabilities. A positive number below indicates an increase loss before income tax when the U.S. Dollar strengthens against the relevant currency. For the weakening of the U.S. Dollar against the relevant currency, there would be an equal and opposite impact on loss before income tax.

The following table demonstrates the sensitivity to a 5.61% and 3.38% change in USD exchange rates, with all other variables held constant, in 2025 and 2024 respectively:

	Effect on Loss Before Income Tax	
	2025	2024
Cash	<b>(\$7,841)</b>	(\$16,905)
Trade and other receivables	<b>(45,224)</b>	(38,688)
Due from related parties	<b>(244,257)</b>	(333,462)
Refundable lease deposits	<b>(78,513)</b>	(123,985)
Trade and other payables*	<b>90,461</b>	112,929
Lease liabilities	<b>22,121</b>	36,222
Other liability	<b>20,685</b>	32,893
Due to a related party	<b>252,661</b>	149,350

*\*Excluding customers' deposit, statutory payable and current portion of other liability*

*Interest Rate Risk.* Interest rate risk is the possibility that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rate.

The Company does not have any variable interest financial instruments carried at amortized cost as at December 31, 2025 and 2024.

Management believes that any variation in the interest will not have a material impact on the net loss of the Company. Bank loans amounting to \$36.7 million and \$20.2 million as at December 31, 2025 and 2024, respectively, agreed at interest rates ranging from approximately 5.90% to 6.55% and 3.00% to 9.59% per annum for bank loans as at December 31, 2025 and 2024, respectively, and 5.00% per annum for long-term loans; expose the Company to fair value interest rate risk.

### **Liquidity Risk**

Liquidity risk refers to the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's objective of managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company manages liquidity risk by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The table includes both interest and principal cash flows.

## PART II - FINANCIAL INFORMATION

### Item 1. Financial Statements

The unaudited interim condensed financial statements of Alliance Select Foods International, Inc. (the “Company” or “Parent Company”) and its Subsidiaries (collectively referred to as the “Group”) as at and for the three months ended March 31, 2026 (with comparative figures as at December 31, 2025 and for the period ended March 31, 2026) and selected Notes to the Interim Consolidated Financial Statements are hereto attached as Annex “A”.

The unaudited interim condensed financial statements of the Group are presented in US\$, the currency of the primary economic environment in which the Group operates.

### Item 2. Management’s discussion and analysis of financial condition and results

The following discussion should be read in conjunction with the attached unaudited condensed financial statements of the Group as at and for the three months ended March 31, 2026, with comparative figures as at December 31, 2025 and for the period ended March 31, 2025, as appropriate.

The table below shows the comparisons of key operating results for the three-month period ended March 31, 2026 versus the same period in 2025.

\* Numbers may not add up due to rounding

**Results of operations**  
**Three months ended March 31, 2026 versus March 31, 2025**

The Group's consolidated net revenues for the first quarter 2026 decreased by 54% as compared to the same reporting period last year driven by January shutdown extension due to annual maintenance of machineries and equipment.

The Group's gross profit rate for the three months of 2026 is lower by 185% vs same period last year impacted by high plant operating costs.

General and administrative (G&A) expenses decreased by 2% while finance cost increased by 45% due to additional loan availments for working capital requirement.

Net income decreased due to higher production cost and higher interest expenses.

**Financial Position**  
**As at March 31, 2026 versus December 31, 2025**

Cash balance decreased by 34% as a result of loan settlements.

Trade and other receivables decreased by 74% due to better collection of prior year's customer's outstanding balances.

Inventory increased by 37%, primarily due to strategic fish purchases, while other current assets rose on account of advance payments for raw materials.

Trade and other payables increased by 89%, primarily reflecting higher trade purchases and service-related costs.

**KEY PERFORMANCE INDICATORS**

The Group uses the following key performance indicators in order to assess the Group's financial performance from period to period. Analyses are employed by comparisons and measurements based on the financial data on the periods indicated below:

<b>Liquidity and Solvency</b>	<b>March 31, 2026</b>	<b>December 31, 2025</b>
Current ratio	0.93	0.98
Debt to equity ratio	6.10	4.41

For the Three Months Ended March 31

<b>Profitability</b>	<b>2026</b>	<b>2025</b>
Revenue growth rate	(54%)	(8%)
Net profit margin	(29%)	1%
Return on average stockholders' equity	(22%)	1%

The following defines each ratio:

- Liquidity ratio (expressed in proportion) = current assets / current liabilities
- Debt to equity ratio (expressed in proportion) = total liabilities / total stockholders' equity
- Revenue growth rate (expressed in percentage) = (current year's revenue – previous year's revenue) / previous year's revenue
- Net profit margin (expressed in percentage) = net income attributable to equity holders of parent / net revenues
- Return on average stockholders' equity (expressed in percentage) = net income attributable to equity holders of the Parent / average stockholders' equity attributable to the Parent

**NOTES TO INTERIM CONDENSED  
CONSOLIDATED FINANCIAL STATEMENTS**

**1. Corporate Information**

**General Information**

Alliance Select Foods International, Inc. (ASFII or the “Parent Company”), a publicly listed corporation under Section 17.2 of the Securities Regulation Code (SRC), was incorporated in the Philippines and registered with the Securities and Exchange Commission (SEC) on September 1, 2003. The Parent Company is primarily engaged in the business of manufacturing, canning, importing and exporting of food products such as marine, aquaculture and other processed seafoods. Its shares are listed in the Philippine Stock Exchange (PSE) since November 8, 2006.

Strongoak Inc. (Strongoak), the immediate parent of ASFII, owns 55.32% of ASFII. Strongoak is a domestic company engaged in investment activities.

**Subsidiaries**

The condensed consolidated financial statements as at March 31, 2026 include the accounts of ASFII and the following subsidiaries (collectively referred herein as the “Group”):

<u>Name of Subsidiary</u>	<u>% of Ownership</u>	<u>Nature of Business</u>	<u>Principal Place of Business</u>
Big Glory Bay Salmon and Seafood Company, Inc. (BGB)	<b>100</b>	Salmon and other seafoods processing	Philippines
PT International Alliance Food Indonesia (PT IAFI)	<b>100</b>	Export trading	Indonesia
Alliance MHI Properties, Inc. (AMHI)	<b>98.89</b>	Leasing	Philippines

*BGB.* BGB has plant facilities that are located in Barrio Tambler, General Santos City.

*PT IAFI and PT VDZ.* PT IAFI was established under the Indonesian Foreign Capital Investment Law. On October 18, 2019, PT IAFI changed its core business operations to export trading, and sold its fixed assets in North Sulawesi, Bitung, Indonesia. PT IAFI is currently not in operation.

In May 2012, PT IAFI set up PT Van de Zee (PT VDZ), a fishing company in Indonesia with an initial stake of 80%. In 2014, a new law in Indonesia required that domestic ownership in local entities be increased to at least 51%. Due to subsequent changes in Indonesian fishing regulations restricting foreign commercial fishing, PT VDZ went through a liquidation process. On August 12, 2024, the voluntary dissolution of PT VDZ was completed, and its registration was removed from the Indonesian Corporate Register based on the certification issued by Indonesian Ministry of Law and Human Rights of the Republic of Indonesia.

## 2. Basis of Preparation and Statement of Compliance

### Basis of Preparation

The interim condensed consolidated financial statements have been prepared on a going concern basis and in accordance with Philippine Financial Reporting Standards (PFRS). This financial reporting framework includes all applicable PFRS, Philippine Accounting Standards (PAS), and Philippine Interpretations from the International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial and Sustainability reporting Standards Council (formerly Financial Reporting Standards Council) and adopted by the SEC, including SEC pronouncements.

The interim condensed consolidated financial statements comprise the interim consolidated statements of financial position, interim consolidated statements of comprehensive income, interim consolidated statements of changes in equity, interim consolidated statements of cash flows, and notes thereto. Income and expenses, excluding the components of other comprehensive income, are recognized in the interim statements of comprehensive income. Transactions with the owners of the Group in their capacity as owners are recognized in the interim consolidated statements of changes in equity.

### Basis of Consolidation

The interim consolidated financial statements comprise the financial statements of the Parent Company and all of its subsidiaries. As at March 31, 2026, there were no changes in the Parent Company's ownership interests in its subsidiaries.

*Subsidiaries.* Subsidiaries are entities in which the Group has control. The Group controls a subsidiary if it is exposed or has rights to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary. Control is generally accompanied by a shareholding of more than one-half of the voting rights. The existence and effect of potential voting rights that are substantive are considered when assessing whether the Group controls an entity. The Group reassesses whether or not it controls an entity if facts and circumstances indicate that there are changes to one or more of the three elements of control.

The financial statements of the subsidiaries are included in the consolidated financial statements from the date when the Group obtains control and continue to be consolidated until the date when such control ceases. The results of operations of the subsidiaries acquired or disposed are included in the consolidated statement of comprehensive income from the date of acquisition or up to the date of disposal, as appropriate.

The financial statements of the subsidiaries are prepared using the same reporting period of the Parent Company. Interim condensed consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. Intercompany balances and transactions, including intercompany profits and unrealized profits and losses, are eliminated in full.

A change in ownership interest of a subsidiary, without a change in control, is accounted for as an equity transaction. Upon the loss of control, the Group derecognizes the assets (including goodwill) and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Gain or loss arising from the loss of control is recognized in profit or loss. If the Group retains interest in the previous subsidiary, then such interest is measured at fair value at the date control is lost. Subsequently, it is accounted for as an equity-accounted investee or as an available-for-sale financial asset depending on the level of interest retained.

*Non-controlling Interests.* Non-controlling interests represent the portion of profit or loss and net assets not held by the Group, presented within equity in the interim condensed consolidated statement of financial position, separately from equity attributable to equity holders of the Parent Company.

Non-controlling interests represent the interests of minority shareholders of PT IAFI and AMHL.

---

### 3. Significant Judgments, Accounting Estimates and Assumptions

The preparation of the Group's interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in an outcome that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

While the Group believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates.

The judgments, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period when the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

---

### 4. Cash and Cash Equivalents

This account consists of cash on hand, cash in banks, and cash equivalents, if there are any.

Cash in banks earn interest at prevailing bank deposit rates. Cash equivalents pertain to cash placement with a bank for varying periods of up to three months depending on the immediate cash requirements of the Group.

---

### 5. Trade and Other Receivables

This account consists of:

	<b>March 31, 2026</b>	December 31, 2025

	<b>\$19,534,152</b>	<b>\$9,947,599</b>

---

**8. Trade and Other Payables**

This account consists of trade payables, accrued expenses, customers' deposit and statutory payables.

Trade payables are non-interest bearing and are generally settled within 30 days. Trade payables include the current portion of a liability related to the acquisition of solar power equipment.

Accrued expenses pertain to professional fees, salaries, wages, and other benefits, interest and outside services that are generally settled within the year.

Statutory payable includes amounts of payable to government agencies such as BIR, SSS, Philhealth and Pag-IBIG and are normally settled in the following month.

Customers' deposit pertains to advances from customers for the purchase of goods. These are recognized as revenue upon delivery of goods to customers.

---

**9. Loans Payable**

Loans payable include borrowings from local banks and investment banks.

The loans from local banks, with terms ranging from four to eleven months, pertain to working capital loan and availments of revolving facilities in the form of export packing credit, export bills

purchase and import letters of credit and trust receipts. The loans from local banks bear interest rates ranging from 6.25% to 6.49%.

## 10. Equity

The weighted average number of shares refers to shares in circulation during the period that is after the effect of treasury shares.

## 12. Significant Agreements

### Short-term Leases

The Group entered into operating leases with third parties for its forklifts, container van, warehouse and vehicles. The contracts have a term ranging from six months to one year with varying monthly rent. The leases are renewable upon mutual agreement between parties.

### Long-term Leases

ASFII entered into a lease agreement for its head office space with a third-party lessor on August 1, 2025, effective until July 31, 2027 and renewable upon mutual agreement of the parties.

---

### 13. Financial Risk Management Objectives and Policies

The Group's financial instruments consist of cash, trade and other receivables, receivable from WCFI, refundable lease deposits trade and other payables (excluding statutory payable and customers' deposit), loans payable, lease liabilities and due to a related party. The main purpose of these financial instruments is to finance the Group's operations.

The Group is exposed to credit risk, market risk and liquidity risk. Group's BOD and management review and approve the policies for managing each of the risks summarized below.

#### **Credit Risk**

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

The gross maximum exposure of the Group to credit risk before taking into consideration collateral and other credit enhancements amounted to \$22.01 million and \$25.93 million as of March 31, 2026 and December 31, 2025, respectively.

*Risk Management.* Credit risk is managed on a group basis. The Group deals only with reputable banks and customers to limit this risk. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, the Group assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the management. The compliance with credit limits by customers is regularly monitored by management.

As at March 31, 2026 and December 31, 2025, the amount of cash and cash equivalents is neither past due nor impaired and has classified as "High Grade", while trade and other receivables were classified as "Standard Grade". The credit quality of the financial assets is managed by the Group using the internal credit quality ratings as follows:

*High Grade.* Pertains to counterparty who is not expected by the Group to default in settling its obligations, thus credit risk exposure is minimal. This normally includes large prime financial institutions and companies. Credit quality was determined based on the credit standing of the counterparty.

*Standard Grade.* Other financial assets not belonging to high grade financial assets are included in this category.

*Substandard Grade.* Substandard grade financial assets are those which are considered worthless. These are accounts which have the probability of impairment based on historical trend.

## **Market Risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and debt and equity investments.

*Foreign Currency Risk.* Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency).

The Group has transactional currency exposures arising from purchase and sale transactions denominated in currencies other than the reporting currency. The Group does not enter into forward contracts to hedge currency exposures.

As part of the Group's risk management policy, the Group maintains monitoring of the fluctuations in the foreign exchange rates, thus managing its foreign currency risk.

## **Liquidity Risk**

Liquidity risk arises from the possibility that the Group may encounter difficulties in raising funds to meet commitments from financial instruments. This risk primarily stems from mismatches in the timing of cash flows, resulting in difficulty meeting obligations associated with financial liabilities as they fall due.

The Group's objective is to maintain a balance between continuity of funding and flexibility through related party advances and aims to manage liquidity as follows:

To ensure that adequate funding is available at all times;

- a. To meet commitments as they arise without recurring unnecessary costs; and,
- b. To be able to assess funding when needed at the least possible cost.

## **Capital Management**

The primary objective of the Group's capital management is to ensure that it maintains a strong credit standing and stable capital ratios in order to support its business and maximize stockholder value. The Group maintains its current capital structure and will make adjustments, if necessary, in order to generate a reasonable level of returns to stockholders over the long term. No changes were made in the objectives, policies or processes during the year.

The Group considers the equity presented in the consolidated statements of financial position as its core capital.

The Group monitors capital using debt to equity ratio, which is total debt divided by total equity.

The debt-to-equity ratio as at March 31, 2026 and December 31, 2025 is as follows:

	<b>2026</b>	2025
Debt	<b>56,105,887</b>	\$52,443,293
Equity	<b>9,193,931</b>	11,880,720
	<b>\$6.10:1</b>	\$4.41:1

The Group reviews its capital structure on an annual basis. As part of this review, the Group considers the cost of capital and the risks associated with it.

Debt is composed of trade and other payables, loans payable, due to related parties and income tax payable, while equity includes share capital, reserves of the Group and non-controlling interests, less treasury shares. The computed ratios above are acceptable.

The Group reviews its capital structure on an annual basis. As part of this review, the Group considers the cost of capital and the risks associated with it.

**I. CALL TO ORDER**

Mr. Lorenzo Sixto T. Lichauco, the Chairman of the Board of Alliance Select Foods International, Inc. ("ASFII" or the "Company"), called the meeting to order at 2:00 p.m, and presided over the same. The Chairman greeted the stockholders present and welcomed them to the 2025 Annual Stockholders' Meeting (the "Meeting") of the Company.

The Chairman introduced the members of the Board of Directors present at the meeting. He also acknowledged the presence of the Corporation's Officers and the Corporate Secretary. Also present was the Corporation's duly appointed external auditor for the year 2024, Reyes Tacandong & Company, and Stock Transfer Services, Inc. (STSI), the Company's stock transfer agent.

**II. PROOF OF NOTICE OF MEETING AND DETERMINATION OF QUORUM**

The Chairman inquired of the Corporate Secretary whether the requisite notice of the Annual Stockholders' Meeting had been duly sent to all stockholders of record. In response, the Corporate Secretary certified that the Notice of the Meeting, which included the meeting agenda, was:

- a. published in print and online by the Manila Times and Daily Tribune for two (2) consecutive days, on May 25 and 26, 2025;
- b. Disclosed to the Securities and Exchange Commission and the Philippine Stock Exchange; and
- c. Posted on the official website of the Corporation.

Thereafter, upon the Chairman's further query as to the presence of a quorum, the Corporate Secretary confirmed that, based on the tabulation of attendance, there were present via remote communication or represented by proxy, shareholders representing 81.48% of the Company's outstanding capital stock.

The Corporate Secretary explained that as indicated in the Notice of the Meeting, stockholders may participate and attend the meeting only by remote communication. A dedicated email address was disclosed consistent with SEC rules so that stockholders would be able to register or to submit proxies on the prescribed dates. Shareholders who registered are considered present at the Meeting.

#### *Voting Procedure and General Protocol*

At the request of the Chairman, the Corporate Secretary explained the protocol and voting procedure for the meeting.

1. To approve an agenda item, the YES vote of at least a majority of those present is required. Only the items in the Agenda and the Definitive Information Statement will be voted upon.
2. Proxy forms were made available as part of the Definitive Information Statement and in the Company website. The proxy form contains each item on the Agenda that requires the stockholders' vote. There are spaces in the proxy for YES, NO or ABSTAIN, for each agenda item. The deadline for submission of proxies was on 5 June 2025.
3. Stockholders who registered attendance via email could cast their votes through online ballots provided after successful registration or by submitting a proxy on or before 10 June 2025.
4. The Company's stock transfer agent, Stock Transfer Services, Inc., was responsible for the tabulation of the votes. Said tabulation was further verified by the Office of the Corporate Secretary.
5. The results of the voting on each item will be announced when the particular item is taken up by the body. The tabulation of results will likewise be posted on the Company's website.
6. Stockholders were requested to submit their questions on or before 5:00 p.m. on 13 June 2025, through the Dedicated Email Address provided to stockholders. Management will endeavor to answer all the questions. If, due to time constraints, management is not able to answer all the questions, responses to remaining questions will be sent via email.

### **III. APPROVAL OF THE MINUTES OF THE PREVIOUS STOCKHOLDERS MEETING**

With legal notices sent and a quorum being present, the Chairman proceeded to the next item on the agenda, which was the reading and approval of the Minutes of the Annual General Stockholders' Meeting held on 19 June 2024 ("2024 AGM"). The Minutes of the 2024 AGM were posted on the Company's website within five business days after that meeting.

The Chairman then requested the Corporate Secretary to present the corresponding resolution for approval and to report on the results of the voting.

The Corporate Secretary stated that the proposed resolution dispenses with the reading of the minutes and approves the same. The following resolution for approval by the stockholders was displayed on screen:

***“RESOLVED***, that the reading of the Minutes of the Annual Meeting of Stockholders held on June 19, 2024, be as it is hereby dispensed with, and that said Minutes are hereby approved.”

The Corporate Secretary announced that based on the tabulation of votes, shareholders representing a total of 2,036,725,518 shares, or 81.48% of the outstanding capital stock, voted in favor of the proposed resolution.

There being no objections and the requisite majority having been obtained, the Chairman declared the motion carried. The Chairman declared the Minutes of the Annual Stockholders Meeting held on 19 June 2024 as duly approved.

#### **IV. ANNUAL REPORT AND AUDITED FINANCIAL STATEMENTS**

The next item on the meeting’s Agenda was the approval of the Annual Report and of the Company’s Audited Financial Statements and the Notes thereto for the year ended 31 December 2024. Copies of the report and the audited financial statements were previously distributed to the stockholders in accordance with pertinent SEC rules.

The President and Chief Executive Officer, Mr. Jeffrey P. Yulo, presented the highlights of the Annual Report.

First, on commercial initiatives, Mr. Yulo reported that the Group’s net revenue increased by 28% compared to the previous year, driven by growth in volume and customer base. Gross profit at 11.1% grew by 30% versus 2023 due to higher sales volume, better fish cost, and improved plant operations. The Company also placed emphasis on customer focus, which resulted in regained export volume from key customer FCF. Realized local markets expanded further, such as Delimondo, Unilogix (Starbucks), Golden Donuts (Dunkin), and Joliant (7-11).

Moving on to operational excellence, the Company’s production volume increased to 99 metric tons (MT)/day from 84 MT/day. Plant utilization likewise improved to 81% from 68%. Manufacturing overhead, or the cost to produce, improved by 7% compared to 2023, considering the increase in revenue. In addition, ASFII installed new equipment to improve output and efficiency, such as a boiler, conveyor, and fish degutting machine.

As to People, Governance, and Environment, the Company focused on developing talent capabilities and improving soft/technical skills. ASFII continued to build future leadership through the Management Training Program. The Company implemented improvements to energy and waste management systems and enhanced community engagement. Moreover, the team transformed plant and office spaces and invested in safety and security to promote a productive and healthy work environment. ASFII also received, for the second consecutive year, an award on Corporate Governance from the Institute of Corporate Directors.

#### **Revenues**

*Amounts in \$’000s*

	<b>2024</b>	<b>2023</b>	<b>%</b>
Net Revenues	72,466	56,467	28%
Cost of Sales	(64,424)	(51,644)	25%
Gross Profit	8,042	4,823	67%

Other Expenses	(10,524)	(5,162)	104%
Loss Before Tax	(2,482)	(340)	631%
Income Tax	535	2,280	(77%)
Net Loss	(3,017)	(2,620)	15%

Compared to the previous year, the growth in net revenue amounted to almost \$16 million in additional sales, primarily driven by increased volume of canned and loins products for the export business and better fish prices. Tuna-related products contributed the majority of total revenue, while the salmon business comprised less than 1%.

### Gross Profit

Amounts in \$'000s

	2024	2023	%
Gross Profit	8,042	4,823	67%
Gross Profit Rate	11.1%	8.5%	

The increase in the Group's gross profit (GP) by 67% was driven by ASFII Parent's GP of \$7.5 million, which comprised 94% of the Group's GP in 2024. Moreover, the Group's gross profit rate (GPR) increased to 11.1% in 2024 from 8.5% in 2023, mainly due to higher sales volume, better fish cost, and improved plant utilization. The improved plant facilities included the installation of new equipment that enhanced output and efficiency, and better loin and packing recoveries.

### Other Expenses

Amounts in \$'000s

	2024	2023	%
Other Expenses	(10,524)	(5,162)	(104%)
Selling and Administrative	(6,208)	(4,473)	39%
Interest Expense	(1,639)	(1,044)	57%
Other Income (Charges) - net	(2,677)	355	(853%)

Selling and administrative expenses increased, primarily due to one-off provisions for impairments of Input VAT (\$633K), receivables (\$341K), and inventory and advances (\$141K). The remaining increase was attributable to the increase in revenue.

The Company's finance cost increased by 57%, mainly due to high interest rates ranging from 5.75% to 6.25% per annum. In addition, other income (charges) declined due to the dissolution of PT Van De Zee (\$2,435K).

### Income Tax

Amounts in \$'000s

	<b>2024</b>	<b>2023</b>	<b>%</b>
Income Tax	535	2,280	(77%)
Current	165	79	109%
Deferred	370	2,201	(83%)

The deferred income tax expense in 2024 included the derecognition of deferred tax assets on receivables from a joint venture, amounting to \$684,000. The Company's deferred income tax expense in 2023 stemmed from the derecognition of deferred tax assets pertaining to NOLCO from 2020 to 2022 amounting to \$2.2 million.

### **First Quarter (Q1) 2025 Financial Performance**

Mr. Yulo thereafter presented the Q1 2025 Financial Performance.

*Amounts in \$'000s*

	<b>Q1 2025 (Unaudited)</b>	<b>Q1 2024</b>	<b>% Change</b>
Net Revenues	19,613	21,283	(8%)
Cost of Sales	(17,651)	(19,542)	(10%)
Gross Profit	1,963	1,741	12%
Other Expenses	(1,681)	(1,652)	1%
Net Income Before Tax	282	89	216%
Income Tax	(72)	(34)	112%
Net Income	210	55	280%

The Q1 decrease in revenue was attributed to lower volumes for loins, local, and fishmeal at 39%, 19%, and 4%, respectively. On a positive note, the Company's GP ratio improved to 10% from 8% in 2023 due to marginal improvement in loining and packing recoveries, enhanced plant utilization, and product mix. Higher net income after tax resulted from maintained overhead and a significant decrease in manufacturing costs. The improved income led to higher tax.

Mr. Yulo noted that Q1 2025 surpassed last year's Q1 performance by \$155,000 in net income after tax. The Company's plant utilization increased by 10%, to 82% in Q1 2025 from 72% in Q1 2024. Moreover, ASFII continued to focus on building talent and capability, upskilling employees through training and development. The Company was able to reduce quality complaints and maintained zero product returns. Q2 was reported to be progressing as planned, supported by favorable fish prices, improved product mix, and the dedicated efforts of the team.

The Chairman thereafter requested the Corporate Secretary to inform the stockholders if there were any questions that were received and are to be answered at today's meeting. The Corporate Secretary informed the Chairman that there were no questions received from the stockholders. However, should the stockholders have any questions on today's presentation or

other general queries, they may send their queries to the Dedicated Email Address provided in the Information Statement. The Company will respond via email.

At the request of the Chairman, the Corporate Secretary presented the resolution for approval and the votes received in favor of the approval of the Annual Report and the Audited Statements:

***“RESOLVED**, that the Annual Report, together with the Audited Financial Statements and the notes thereto of the Corporation for the year ended 31 December 2024, be as they are hereby approved.”*

The Corporate Secretary reported that, based on the tabulation of votes, stockholders holding a total of **2,036,725,518** shares, or more than a majority of the shares present or represented at this meeting, and constituting **81.48%** of the Company’s total outstanding capital stock, voted in favor of the resolution.

There being no objections, and the required affirmative vote of the majority having been obtained, the Chairman declared the Annual Report of Management and the Audited Financial Statements of the Corporation for the fiscal year ended December 31, 2024, including the accompanying notes, as duly approved.

#### **V. RATIFICATION AND APPROVAL OF THE ACTS OF THE BOARD OF DIRECTORS AND EXECUTIVE OFFICERS FOR THE CORPORATE YEAR 2024-2025**

The Chairman proceeded to the ratification and approval of the acts of the Board of Directors and Officers of the Company for the corporate year 2024-2025.

At the request of the Chairman, the Corporate Secretary presented the resolution for approval by the stockholders. Slides of the resolution and the voting results were shown on the screen.

***“RESOLVED**, that all acts, contracts, proceedings, elections and appointments made or taken by the Board of Directors, and/or executive officers and management of the Corporation during the past year and up to today’s meeting, as set forth in the Minutes of the Meetings of the Board of Directors and the Committees, and/or all acts and proceedings performed or taken pursuant thereto, be as they are hereby, approved, ratified and confirmed.”*

The Corporate Secretary announced that based on the tabulation of votes, stockholders owning a total of **2,036,725,516 shares**, or more than a majority of the shares present or represented at this meeting and constituting **81.48%** of the Company’s total outstanding capital stock voted for the approval and ratification of the acts of the Board of Directors and Officers of the Company during the past year.

There being no objections and the requisite affirmative vote of the majority having been obtained, the Chairman declared that all acts of the Board of Directors, the Executive Committee, and other committees and/or officers of the Corporation during the past fiscal year have been confirmed, approved, and ratified.

#### **VI. APPOINTMENT OF INDEPENDENT AUDITORS**

The Chairman proceeded to the next item on the agenda, which was the appointment of the external auditor of the Corporation for the ensuing fiscal year.

He informed the stockholders that upon the recommendation of the Audit Committee, the Board of Directors had approved the nomination of Reyes Tacandong & Co. as the independent auditors of the Company for 2025. At the Chairman's request, the Corporate Secretary presented the corresponding resolution for stockholder approval, as shown on the screen:

***“RESOLVED, that the accounting firm of Reyes Tacandong & Company, as recommended by the Audit Committee and the Board of Directors, be appointed as the external auditor of the Corporation for the year 2025 and until its successor is duly appointed.”***

At the Chairman's request, the Corporate Secretary reported that based on the tabulation of votes, stockholders holding **2,036,725,518 shares**, or more than a majority of the shares present or represented at this meeting, and constituting **81.48%** of the Company's total outstanding capital stock, voted in favor of the appointment of Reyes Tacandong & Company as the independent external auditors of the Company for 2025.

There being no objection and the requisite affirmative vote of the majority having been obtained, the Chairman declared the appointment of Reyes Tacandong & Co. as the Corporation's external auditor for the fiscal year 2025 as duly approved.

## **VII. ELECTION OF DIRECTORS**

The next item on the agenda was the election of directors for the next fiscal year. There were seven (7) seats were to be filled, and three (3) directors to be elected would be independent directors. The Corporate Secretary was then requested to present the names of the nominees:

Upon request of the Chairman, the Corporate Secretary informed the stockholders that the Nominations Committee had pre-screened and shortlisted the nominees qualified to be elected as Directors of the Corporation for fiscal year 2025-2026. There were seven (7) nominees to fill seven (7) seats on the Corporation's Board of Directors, three (3) of whom are nominees for independent director:

For Regular Director:

1. Mr. Lorenzo Sixto T. Lichauco;
2. Mr. Gabriel A. Dee;
3. Mr. Jeoffrey P. Yulo; and
4. Mr. Dobbin A. Tan

For Independent Director:

1. Mr. Domingo C. Go;
2. Mr. Fernando L. Gaspar; and
3. Mr. Raymund A. Sanchez

The Chairman thereafter requested the Corporate Secretary to advise the body of the results of the election.

The Corporate Secretary reported that all seven (7) nominees for the seven (7) seats on the Board received sufficient votes to elect them as Directors of the Company. A tabulation of votes showing the exact number of votes received will be posted on the Company's website after

the meeting.

A slide showing the breakdown of the votes received by each director was presented on the screen:
